MAKE YOUR WINTER PAY BIG. A VAGHAN DRAG SAW WILL DO IT

Get a sturdy Vaughn and let it saw your wood for less than 5 cents a cord. Takes logs to 8 feet. When not doing ten men's sawing, it operates other farm machinery. Repeatedly pays for itself in a single season.

STANDARD \$155
CLUTCH \$165

WHY THE VAGHAN IS SUPREME

Because it is built for long, hard, honest service and has more time labor and repair saving features than any drag saw made. Investigate for yourself. The Vaughn is the only saw with the JIFFY SAWHOLDER which grips or releases saw head in instant; the only saw with METAL to METAL CLUTCH that cannot burn out; the only one with the accident preventing safety angle; the adjustable PITMAN HEAD, the single unit crank case; heavy malleable sprocket etc., that gives long life and cuts wear and repair.

Write us for machine or information if your dealer hasn't it

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by P. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

POLITICAL BANKING

Banking is a business where facts and figures should govern instead of politics and personal ambition.

The recent failure of the Scandinavian bank at Fargo, North Dakota, is a good example of political banking.

This institution with a reported capital of \$50,000 and a surplus of \$10,000 was investigated and closed by the state banking board. Its liabilities were about \$1,600,000 with the Non-Partisan league activities owing it about \$750,000.

North Dakota has five supreme judges, the majority of whom owe their positions to the Non-Partisan league so by a straight party decision of 3 to 2, the supreme court has decided the bank is not insolvent.

The facts and figures remain, however, that a little bank dominated by a political organization had loaned the activities of that organization three quarters of a million dollars.

This is political banking and not business banking and all the court decisions in the world cannot change the figures.

New fangled systems for invading the private banking industry with political banking schemes will undermine national and private credit.

OPPORTUNITY IS KNOCKING

John Brown at Sheridan, Oregon, in 1917, bought some land which had been famed for 35 years. From ten acres of logan berries he this year harvested 45 tons, netting him enough to more than pay for the 37 1/2 acres he brought. He sold his berries for 8 cents a pound or \$7200.

Mr. Brown says:—"When people tell you your land is worn out; that it has been farmed too long and won't make berry land, just examine it and see if the hardpan has been broken and, if it hasn't, break it up."

Just as remarkable results are being obtained from strawberries and never before was there an opportunity for the man of small or moderate means to get into an independent business for himself.

Lost Jewels; Two Honest Women; the "Double-Cross"

LAFAYETTE, IND.—Cecil G. Fowler, banker and hotel owner, took an automobile trip to Chicago the other day. H. H. Dunbar, the hotel manager, went with him. So did Mrs. Fowler. And Mrs. Fowler took her jewelry along with her. Quite a lot of it there was, diamonds and pearls, valued at \$10,000.

When the Fowlers and Mr. Dunbar had got enough of Chicago they started home. Mrs. Fowler put her jewels in her suitcase. She put the suitcase on the back seat beside Mr. Dunbar, saying: "Take good care of it; it's got my jewelry in it." Then she took a front seat.

At Fifty-ninth street and Western avenue, Chicago, Mr. Fowler stopped to put up the side curtains. Some of the curtains were under the seat, so as Mr. Dunbar stepped from the machine he lifted out the suitcase containing the jewels and also his own.

When the party had proceeded about ten miles Mrs. Fowler looked back to see if her grip was in the seat. It wasn't. Mr. Fowler drove back without finding the missing grip. The party reported the loss to the police, put an "ad" in the paper and returned to the Chicago hotel to await results.

Out in Chicago Heights there's a nice little row between Mrs. Charles Griese, 1610 Aberdeen street, and Mrs. Hattie Erickson, 2000 Jackson street. "It pays to be honest," says Mrs. Griese. She has been paid \$500 for returning Mrs. Fowler's jewelry, which was picked up at Western avenue and Sixty-third street.

"She got the reward and double-crossed me," says Mrs. Erickson. "I found the jewelry and we agreed to divide the reward."

Incidentally, Mrs. Fowler's diamonds and pearls are valued at \$500 more than they were.

And Mr. Fowler says the incident is closed.
