### where Democrats Will Hold 1920 Convention

Here is the picture of the Auditorium in San Francisco, where the Democrats will hold their 1920 presidential convention in June. It is the first time a national political party has ever gone to the western coast for convention, Denver being the former most western point. The Democrats met there in 1908.

### Catch Millionaire Draft Dodger

The "millionaire draft dodger" has been caught, proving again that Uncle Sam never quits when he starts after a man. He is Grover C. Bergdoll of Philadelphia, who is said to be worth millions in his own right. He was caught at his home last week, when federal officers surprised in raid. The mother, shown climbing into the "Black Betsy" on the way to police station, shot a federal officer before being disarmed. Bergdoll evaded officers for two years.

### CHILD LOCKED IN DARK ROOM 15 YEARS

Locked in a windowless room in a New York tenement house for 15 years by her crazed mother, little Harriet Sere of New York, has seen her first daylight, held her first doll in arms and felt the love of fellow beings. The Society for Prevention of Cruelty to Children rescued her the other day—now she is to know childhood joys at last.

### Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.  
 Inferior insulation wears out before the plates do, and re-insulation is necessary.  
 Threaded Rubber Insulation eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.  
 It's the only biggest battery improvement in ten years—demonstrated now by four years of use.  
 You can't afford not to know about it, for some day you'll need a new battery.  
 Call and let us tell you all about it.
