

Cardinal Gibbons Asks Aid For Starving Armenians

This is the message from James (Cardinal) Gibbons read at the big meeting in Washington in aid of the Near East Relief. The venerable primate of the Catholic Church in America is intensely interested in the appeal which the Near East Relief will make to the country in February for funds to support its work among the starving peoples of that stricken land. To the Washington meeting he wrote:

"Advices and information coming from the Near East cannot be doubted. There is great actual suffering and famine. These people, recently become independent and rescued from bitter thralldom, cannot support themselves. And the Christian and common instincts of humanity which have prompted the people of the United States during the last two years to relieve the distress and needs, especially of the Near East, must not be allowed to grow cold and be diminished.

"I hope we shall all unite in this present emergency and be able to collect sufficient funds to enable these peoples to live and work until next summer brings them permanent relief and subsistence. I call upon all to respond generously to the appeal now being made and trust that the committee will be gratified with the results."

\$5 PER MONTH FEEDS ORPHAN

Cleveland H. Dodge Shows What Near East Relief Can Do in Efficient Purchasing.

Buying in wholesale lots and under the most favorable market conditions, Near East Relief of 1 Madison avenue, New York city, with representatives in every state of the Union, has been able to baffle the high cost of living so far as relief supplies for the suffering millions of the Near East are concerned.

Cleveland H. Dodge, treasurer, in a statement shows that the committee is able to provide food for the suffering people of the Near East at prices much lower than the average charge here.

A donation of \$5 per month will provide food for one orphan, \$10 per month provides not only food, but also clothes and shelter for one orphan, and for \$15 per month attendance at school is assured to each orphan in addition to food, clothing and shelter.

In the appeal for funds to save the starving remnants of the Armenians and other western Asia peoples, Near East Relief is inviting the American public to "adopt" an orphan at the rates given here. Over 250,000 homeless children are in need of help in the Near East. Women's organizations, lodges, churches and social clubs are responding to the appeal by adopting quotas of orphans for support over a definite period.

WOMEN ADOPT 10,000 ORPHANS

Connecticut to Provide Foster Mothers for Little Victims of Turks.

Ten thousand little victims of Turkish brutality are to be foster-mothered by the big hearted women of Connecticut as the result of appeals by Near East Relief, the former Committee for Armenian and Syrian Relief of 1 Madison avenue, New York city. The women at a meeting voted to "adopt" that number as their share of the 250,000 homeless and starving boys and girls orphaned in the massacres and deportations.

Three hundred representatives of women's organizations attended the meeting at Hartford, at which Governor Marcus H. Holcomb presided and pleaded the cause of the stricken peoples. Another speaker was Henry Morgenthau, former U. S. Ambassador to Turkey.

Assurances that the example of these noble hearted Connecticut women will be followed by similar organizations in all the other states have been received at the headquarters of the Near East Relief, 1 Madison avenue, New York city.

Armenian Girls—Rescued from Turks Being Taken to Near East Relief Home.

The three pretty Armenian girls in the auto are taking a real "joy ride," joyful having another meaning from that generally associated with auto riding here. They have been rescued from the harem of a Turk after four years of shameful servitude and are being taken to one of the Near East Relief rescue homes. No wonder they are smiling for the first time since their captivity. The Near East Relief is caring for many thousands of these girls until they can find their relatives. Also it is working to save 250,000 orphans and over a million adults from starvation this winter. That is why it is making a nation wide appeal for funds to carry on its noble work.

WASTED

The National Association of Waste Material Dealers estimates that Americans throw away \$700,000,000 worth of food each year. If only one ounce of food is wasted or spoiled in each of the 20,000,000 homes of America, the total loss is 1,300,000 pounds a day. As much coal is wasted annually as all the mines of the country could produce in two weeks.

Thrift and saving are needed not only in materials but in labor and money. Each added individual effort will tend toward the increase of production and consequent fall in price of necessities, but physical idleness is no less an obstacle to the reduction of living costs than financial idleness. There are millions of dollars idle in the United States through lack of proper investment which should be worked for the common good. These sums if put to work would constitute the necessary capital so urgently needed to tide over the period of reconstruction.

Housewives waste annually food valued at \$750,000,000.
