Is Candidate For Prosecuting Atty

John H. Carson by formal announcement has today verified the persistent rumor throughout the county that he would be a candidate for the Republican nomination to the office of District Attorney for Marion County at the Primaries to be held in May.

Mr. Carson is the eldest son of the late John A. Carson one of the most eminent lawyers of the state. His tutelage under his father together with training at the Willamette College of Law and five years active and successful practice render him fit and capable beyond question to discharge the duties of the office.

John H. Carson served in the United States Army on the Mexican Border in 1916, having been a member of Company M, Third Oregon Infantry. He served again in the late war, signing up for heavy artillery in which he was receiving special training at Fortress Monroe, Virginia, when the Armistice was signed.

As his campaign slogan Mr. Carson has adapted the statement of "Just, impartial and fearless administration of the law." His knowledge of the principles of justice insures that he would deal fairly with those with whom he would come in contact in his official capacity and that he would be fearless goes without saying.

STILL, THERE IS ALWAYS THE CLIMATE

The Californian gets up at the alarm of a Connecticut clock; buttons his Chicago suspenders to Detroit overalls; washes his face with Cincinnati soap in a Pennsylvania basin; wipes on a Rhode Island towel; sits up to a Grand Rapids table; eats Kansas City meat and Minneapolis flour with Idaho potatoes cooked with Indiana lard on a St. Louis stove burning Wyoming coal; puts a New York bridle on a Colorado bronco fed with Iowa corn; plows five acres of land (covered with Ohio mortgages) with a Chattanooga plow. When it is bed time he reads a chapter from a bible printed in Boston; says a prayer written in Jerusalem; crawls under a blanket made in New Jersey only to be kept awake all night by fleas—the only home product of his own state.—San Francisco Chronicle.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists.

Cletrac

TANK-TYPE TRACTOR

20 Horse-power at the pulley — 12 at the drawbar

Plenty of power at the drawbar. Yet small enough to turn easily in a small space and work in close to the trees. Economical because built to stand the gaff. Small expense for upkeep. Cheap operation. The tractor you've always wanted. Works in any weather—over any soil. You work when you please—not when the weather pleases.

Track wheels run on large roller bearings. Dust-proof motor. Air for carburetor clarified by water. New tank-type, 8-inch-wide, single-grouser track. Does all your work—all the time.

Why not have us demonstrate the Cletrac right on your own land, with your own work? No obligation.
