Made commander of central department and organized forces to care for returning soldiers throughout central states.

**Catarhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.  
We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 78c.

A little of the Real Tobacco Chew gives more genuine satisfaction than the big chew of the old kind.

Saves money, too—because this class of tobacco lasts much longer. The rich tobacco taste stays right with it.

Any man who uses the Real Tobacco Chew will tell you that.

## Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.  
Inferior insulation wears out before the plates do, and re-insulation is necessary.  
Threaded Rubber Insulation eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.  
It's the one biggest battery improvement in ten years—demonstrated now by four years of use.  
You can't afford not to know about it, for some day you'll need a new battery.  
Call and let us tell you all about it.
