

**WHITE HOUSE FLOCK ALMOST A GRANGE HERD**

The White House lambs are lambs no more. The half dozen fleecy lambkins have grown considerable until now official Washington regards the president with having gone into the sheep-raising business. The flock has grown until it is now a gang—totaling about 200. The pictures show Shepherd Robert Suter feeding part of

**They couldn't be built now for twice \$71,000**

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York

**REASONS WHY YOU SHOULD HAVE YOUR EYES TESTED BY ME**

I will test your eyes and give you the benefit of one-third of a century's practical experience. For nine years I have practiced in Salem and satisfied thousands and thousands of people in Polk and Marion counties, correcting the eyes of over 1500 children in that time. Among them were many cross-eyed children whose eyes I straightened with glasses. I have every facility for the accurate testing of sight. I use no "drops" or drugs. I give you my personal attention.

**REASONS WHY YOU SHOULD SUSPECT YOUR EYES**

If you have to make an effort to see distinctly; for seeing when the eyes are perfect, is free from conscious effort.

If you suffer from headache or weariness after visiting the movies, theatre or church. This is usually the outcome of eye-strain.

If you lose interest in close work or get sleepy after reading a short while.

If you find yourself frowning at your friends in the endeavor to see their faces clearly.

If you suffer from constant or occasional headaches—often severe. THIS is a sure sign your eyes need immediate attention.

I guarantee satisfaction in every respect.

I change your glasses free of charge for one year if necessary. Lenses duplicated while you wait.

My prices are very reasonable for the service and material you receive.
