## T. L. DAVIDSON CANDIDATE FOR REPRESENTATIVE, NO. 67

T. L. Davison, familiarly known among his friends as "Leon" Davidson is in the race for the nomination on the Republican ticket as one of the five men to represent Marion county in the next State Legislature. "Leon" Davidson lives on "Indian Hill Farm" which he owns and which is located south of Salem. He has paid taxes in Marion county for 22 years and has made a success of his business. He is a law student having attended law school and in all his efforts has applied scientific business methods. He owns a farm in Yam-

hill county and has other interests. He is a quiet, unassuming man; thoughtful of his friends; ready to assist a worthy cause, but never hasty in taking up with matters until he is sure that they are for the best interests of all the people. He has a large circle of friends in and around Salem and is known in most every corner of the county. Those who know him well know that he is dependable and can rely on him to represent them in the House of Representatives. He is progressive and still conservative enough to be relied upon to do what is right.

The Davidson family was among the first to settle in the Willamette Valley. Judge T. L. Davidson held important offices during his life and established "Indian Hill Farm" which his son Leon has improved and made one of the finest in the entire state. Leon Davidson has proven that farming is a business and that it can be made most successful by using modern, up-to-date methods. The tractor, truck and automobile are all to be found on the Davidson farm and the proceeds from that farm show the mettle of the man operating the same.

Davidson is not trying for a seat in the legislative halls in order to push some private hobby or for selfish purpose but, believing that he can assist in making Oregon a better place in which to live and prosper. He will, if nominated and elected, try with every ounce of energy, and he is endowed with a great amount of it, to see that the people get a square deal; that needed legislation is passed and that detrimental laws are killed. Not to try to please all the people but to please or do what is best for

all the people. A vote for Davidson will be a vote for the right kind of men in the legislature—men who can be depended upon to do what they honestly believe to be right. If you do not know him look him up. When you know him you will vote for him and ask your friends to do likewise.

### Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.

Inferior insulation wears out before the plates do, and re-insulation is necessary.

Threaded Rubber Insulation eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.

It's the one biggest battery improvement in ten years—demonstrated now by four years of use.
