E. C. Titus has received word from the Chevrolet Motor Co., stating cars can be had by the last of the week. See him at once for that 490 Chevrolet you are going to buy. Can make immediate delivery. First come, first served.

The Kingston Church of Christ is holding revival meetings. It is planned by the Kingston people to have a basket dinner Sunday noon, after which they intend to go in a body to decorate the Kingston cemetery. All are invited to attend the meeting, dinner and the decorating of the graves. It would be appreciated if flowers and greens were brought with which to decorate.

Tom Sawyer Grown Up.
Somewhat reminiscent of the methods of one Tom Sawyer, who did not enjoy whitewashing the picket fence, was the means adopted by an ingenious official at the school field meet on Belle Isle Friday. This individual had charge of the large man-power clock, mounted atop a high platform, which required his attendance at five-minute intervals to advance the hands. He noted that several photographers were looking longingly at the stopladder he used in mounting the clock, and whenever one of them approached to borrow the ladder he would anticipate the request with a statement that they could take it for five minutes if they would first go up and move the clock hands for him, a ceremony which he directed from a shady position on the ground.—Detroit Free Press.

Rent Profiteers in Manila.
Landlords, owners of residences and business buildings in Manila, are taking advantage of the paucity of homes and commercial structures to raise rents abnormally. Workers for salaries or wages, and firms and companies in mercantile pursuits, complain bitterly of the demands of the owners or lessors of houses and stores, factories and bodegas. Most of the victims have to yield to the increased rents because they have no recourse. One man who paid \$40 a month for his small, uncomfortable home, has been informed that he must pay \$50.—Manila Times.

1918 Cotton Worth \$2,067,000,000.
The 1918 cotton crop, lint and seed, was worth \$2,067,000,000 to the producers. This is about three times the value of the cotton crop of 1914 and is twice the value of the crop of 1913, which had the highest value of record. The computation has just been made, at the close of the cotton year, by the United States department of agriculture, bureau of crop estimates, based on average monthly prices received by growers and on monthly marketings.—Agricultural Department News Letter.

INTRODUCES DRUG IN LUNGS

French Physician's Method of Administering Chloroform Said to Be Pronounced Success.

A new method of administering chloroform, brought out in France by Dr. Guisez, is described in the Scientific American. The doctor no longer applies the drug by the usual compress or mask placed over the mouth, but introduces the chloroform vapor directly into the lungs through a tube running into the windpipe. The tube method has already been employed in several hundred cases, and with great success. Besides being very useful for operations to be performed on the head and neck, it is of great interest because it never produces nausea.

The effects of the new method will serve to explain the reasons why chloroform operations always produced nausea when operating by the former method, for it appears evident that the nausea was caused by a part of the chloroform vapors being absorbed by the oesophagus and the stomach.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials free.

Your Teeth are an Expression of YOUR PERSONALITY

Do You Smile With Your Mouth Closed

Do you know that when you are talking to a friend or acquaintance, while you are looking into that person's eyes, he is looking at your mouth?

Do you want your friends to remember badly decayed, broken-down teeth, and unsightly gums?

You can have your teeth restored to proper order under my New System of Dentistry, without the enormous expense, useless pain and waste of time that such work formerly required.

In my office you will find modern, sanitary equipment, where you can have your teeth fixed for less than you expected to pay. A trained Dental Nurse assists in looking after the comfort of my patients and cares for children while parents are being treated.
