## School Fair

Last Friday was held the last parent-Teacher meeting of the school year. These meetings have been productive of much good and the beginning of the next school year will see them taken up again with renewed interest. The success of the past meetings is largely due to the efforts of Dr. Brewer, president of the association, Miss Crabtree, secretary, and Prof. Gauntt, principal of the schools.

At this meeting a constitution and by-laws for a School Fair association was adopted and the following directors elected: For one year, Geo. Keech and Andrew Fory; two years, S. H. Helt and Everett Downing; three years, E. M. O'msted. This is a hard of wide-awake men, and we look to see them show us a school fair next September better than any we have yet had.

J. R. Gedes, writing to the News from Mill City says that the electric surveying crew was last week working near Niagara. The line runs through

Kings Prairie and crosses Mad creek at the old blackberry camp grounds. It misses Gates a mile. He says several officials of the S. P. went up on special cars and there are two crews of S. P. surveyors at work above Detroit. A carload of railroad iron went up. It is surmised that the S. P. is going to lay a few feet of track in intricate places.

Dr. H. A. Beauchamp motored to Portland Sunday. He was accompanied by Mrs. G. F. Korinek and Miss Marian Alexander who visited friends there. Mrs. Beauchamp and little Miss Constance who went down to Portland last Thursday returned with them. They made the trip over the Pacific Highway and found the road very good for the most part. The day was ideal and the trip greatly enjoyed.

Some one with an auto bumped into the gasoline pump in front of the Lilly Hardware Co. store one day this week, and put it out of commission until repairs could be made. The auto suffered also.

Geo. Tate and Oliver Lesley spent Sunday in Salem.

## Pleasing Event

Those who were not present at the exercises given by the members of the physical culture class and other classes of girls under the direction of Miss Tiffany, on Friday afternoon last, missed a treat. The exercises were held out of doors and consisted of a grand march, Indian club drill, folk dances, scarf dance and various other entertaining features.

The relay by the girls of the 5th and 6th grades were greatly enjoyed. The girls of the 8th grades and higher grades played a lively game of Captain ball. "A Box of Dolls" which won much favor at the entertainment put on by Prof. Hoffer was also a feature. One of the best drills put on by the physical culture class was the military marching, which was the last number on the program. Owing to the lateness of the hour a number of people left before this drill came off. A number of people have expressed a wish that the entertainment be repeated some evening, as there were a number who couldn't get away in the afternoon.

Physical culture is one of the

most beneficial things taught in any school. The girls under the direction of Miss Tiffany have made splendid progress.

## Memorial Service

Sunday, May 28th, will be Memorial Sunday, and union service will be held in the opera house at 11 o'clock a. m. It has not yet been definitely decided who will deliver the sermon. The G. A. R. Post will meet at their hall at 10 a. m. and march to the opera house.

Tuesday, May 30th, Decoration day, an appropriate program will be given in the High School auditorium beginning at 10 o'clock a. m., under the direction of Prof. Gauntt, after which there will be the march to the cemetery, where the flowers will be strewn and the usual exercises carried out.

The veterans of the civil war—preservers of the union—are becoming fewer every year, and all who can do so should join them in the services honoring the memory of their departed comrades.

The Victor Point Dramatic Club will put on the comedy drama, "The Girl from the L Triangle Ranch" at the Stayton opera house, Wednesday, May 24th, under the management of Stayton theatre. This play has been presented several times by the Club, and every time given satisfaction. It was put on at Sublimity the 9th to a crowded house, who were well pleased with the performance.

## Big Times at Church

This is the last week of the meetings at the Methodist church under the direction of John Lewtas. Mr. Lewtas will speak in the afternoon and evening on Sunday. His subjects for these meetings are given in another part of this paper.

Great interest has been shown in the addresses of this Stayton visitor and many have thronged the church on Sundays and other evenings to hear the Biblical truths expounded by the evangelist who has visited the sacred places of the holy land and who therefore is able to illuminate his sermons with interesting incidents gleaned in his travels.

Special Evangelistic Services continued by John Lewtas in the Methodist church each evening until Sunday next when the Evangelist will preach his closing sermon upon the subject of "The Modern Dance." At 2:30 in the afternoon he will deliver his lecture, "Dad and His Boy Tom," to men and boys only. No man should fail to hear this great lecture.

On Monday May 22nd Mr. Lewtas will give his Illustrated Lecture on "What I saw in Greece Turkey, Syria, The Holy Land

and Egypt." 200 original colored views. Two hours of thrilling travel lecture.

On Tuesday May 23rd he will give his Illustrated lecture, "The European War as I saw it. 200 wonderful views and two hours graphic description of the European tragedy. Mr. Lewtas will give an impartial view of the war. All services free except the two illustrated lectures when a charge of 15 and 35 cents will be made. The illustrated lectures will be given at the Opera House.

W. Thomas and wife, accompanied by their daughter, Mrs. Smallmon and gentleman friend, motored up from Salem Sunday.

Murry Wade, the Oregon Journal cartoonist, A. C. Libby and Ivan G. Martin were callers yesterday.

## CARSON BELIEVES IN ENFORCING THE LAW

Candidate for Dist. Attorney takes Definite Stand

Served in Spanish-American War—Old Enough to Be Safe, Young,  
Enough to Be Active.

O. H. Carson, candidate for the Republican nomination for District Attorney, believes that laws are passed to be enforced.

Therefore, those who do not want the dry law enforced should not vote for Carson.

Of course, if elected he expects to use judgment in prosecuting. There are many family rows that find their way to the district attorney's office and the county prosecutor should distinguish between personal babbles and matters that are properly of public concern.

Mr. Carson is a member of the Baptist church, and also a veteran of the Spanish-American War.

Carson is qualified; he is the only candidate who has had a full four years Law College course besides the practical experience it has matured him in his deliberations; he is forty-five years old enough to be safe and young enough to be active and is giving the support of the voters of Marion County on the grounds that he is competent and believes that vigor alone is not sufficient.

## Given Away Free SATURDAY

To the first 50 people coming to  
our store Saturday, May 20th, we  
will give prizes. Come and get  
yours. Bargains greater than ever.
