## RAILROAD NEWS

### Latest About The Proposed New Line

There is no stir in Stayton regarding the recently surveyed railroad through this place, there seems to be some work being done in Salem. Capital Journal of recent days that there is considerable speculation there in regard to who is behind the proposition. Whether it is a Hill line, a Chicago, Milwaukee & St. Paul, (Rockefeller) road, or not, and what Judge Dimick, of Oregon, has to do with it. If it is a C. P. road, it will be in competition with the Hill line and the Southern Pacific. Recent developments, it is stated, indicate that the road may come from Mt. Angel to Salem, to Bend. Surveyors are now at work near Stayton. Party owners on Church street have requested the county to hold in abeyance its order for the paving of the road in order that it will not be torn up when the road is laid. These are the facts, they expect, before summer. Information that has been sent to point out the block by High, Ferry, Church and streets as the site for the new line, in Stayton is close to the business and directly on the right side believed sought by the people. The depot the line would run from Church street to Mission, point two routes of egress

are available. One is thru Bugh's pasture, the other along the creek to the Bingham place or east of it, and thence southeast out of the city limits.

Two former Stayton boys may yet see duty on the border. They are L. L. Thomas, who recently joined the militia at Marshfield, and John F. Lau, who is a member of the 5th company, Coast Artillery, at Albany. This company left Sunday for Ft. Stevens where with other Oregon Coast Artillery they will have two weeks practice in the use of the big guns. At the final drill in the Armory the night before their departure, several promotions were made, Mr. Lau being among those promoted. He was promoted from private to mechanic.

Edward Thoma and wife left last Thursday for Spokane, where they will visit for a time, then leave for Idaho. They are expected in Stayton again about Sept. 1. Mr. and Mrs. Thoma travel by auto, camping enroute. They are well supplied with camp outfit and among their conveniences have a folding spring bed that they place across the top of the seats of the auto, and sleep under cover.

Two Japanese editors who publish a newspaper at Fresno, Cal., have been convicted of libeling one of their countrymen, and sentenced to serve one year each in the Sacramento county jail. They were not conversant with our libel laws.

## Birthday Club Meets

Another enjoyable meeting of the Birthday Club was that held at the home of Mrs. E. T. Matthieu on Friday afternoon, July 14th. As usual, the ladies passed a very pleasant afternoon chatting and sewing.

Late in the afternoon a delicious luncheon was served at little tables on the lawn by the hostess, assisted by her daughter, Miss Theo. A novel feature of the table arrangement was the place cards, each guest finding her place at the table by a flower which represented the month in which her birthday occurred.

Following were the flowers and the names of the members whose birthday occurred in this month:

- Jan. Snow drop, Mrs. C. H. Brewer.
- Feb. Primrose, Mrs. Alva Smith.
- March. Violet, Mrs. G. F. Korinek.
- April. Daisy, Mrs. W. F. Follis.
- May. Honeysuckle, Mrs. A. C. Thomas.
- Sept. Morning Glory, Mesdames E. D. Alexander, J. P. Wilbur, W. C. Parry, E. T. Matthieu.
- Oct. Hop, Mrs. T. W. Creech.
- Nov. Chrysanthem, Mrs. G. L. Brown.
- Dec. Holly, Mrs. J. F. Perry.

Real flowers were used and as a number of the flowers mentioned are out of season at this time, it meant a great deal for Mrs. Matthieu to secure them.

As there are no birthdays in the month of August the club decided to hold a picnic during that time, at which time they will entertain their husbands.

## Building Completed

The new building erected for Ed Young, to be occupied by Young's Cash Grocery, is now completed, and goods are being moved from the old location to the new, and it is likely that before the end of another week Mr. Young will be fully settled in his new quarters.

The store building, located next to the Farmers and Merchants Bank, is 25x100 feet. The store room is 24x40, with shelving on two sides and one end. The windows are also well arranged for display. Lampman & Murphy, who had the contract for the building, also placed the shelving, which is modern and well arranged. Besides shelves, there are bins for various articles.

There is a rest room 12x24, fitted with toilet and lavatory, a ware room 24x30, and a cemented cellar 20x30. The ware room is raised above the store floor and entrance to this room from the store as well as to the cellar is by an incline instead of steps.

The building was erected purposely for a grocery store and everything is arranged for convenience. The building adds much to the appearance of Third street and our people are glad to note this mark of enterprise on the part of Mr. Young, and his many customers will surely appreciate his efforts to please by putting up a modern store.

During his moving time he will carry on business at the old stand, and is offering some extra prices. His adv. in another column should be read by everyone.

### A 45-year Record Smashed.

## Takes Out Last Papers

Henry Leffler, who lives on a farm near Scio, and who was 84 years old on June 9, 1916, wants to vote once more, at least, before he leaves this world, and to that end he evoked the aid of County Clerk R. M. Russell Monday night. Monday Mr. Leffler discovered that it was the last day on which he could present his petition for final naturalization papers and get them acted upon before the November election. His son came over to Albany and looked the matter up and made arrangements with Mr. Russell to receive the application that night. So at 9 o'clock the application was received, just outside the 90-day limit before the next term of court that will act on these matters, says the Albany Democrat.

Mr. Leffler was born in Hannover, Germany, June 9, 1832. He came to America, landing at New Orleans, Sept. 28, 1844. He settled in Oregon June 21, 1862, but he had been here before that date.

He took out his first papers in California March 7, 1857, and has been voting on them ever since.

Mr. Leffler is the father of 10 children, all born at Scio and all living there but two. It is hoped that he will get to vote more than once for president. He has always voted the Democratic ticket. Mr. Leffler is father of J. E. Leffler, one of Linn county's enterprising farmers.

Friday last the roof of the residence of W. L. Diel, in the north part of town, caught on fire from sparks from the chimney. Quick work on the part of Mr. Deil and others soon had it out. The damage resulted in a hole in the roof. The property is insured.

Mrs. J. F. Robertson was in town Friday visiting friends. Owing to the fire at Potter's she is now at home. Mrs. Robertson describes the fire at the mill as a hot one; and says that the men worked hard but could not stop it. Luckily no one was hurt nor any of the cabins burned.
