KPD running extra patrols for Labor Day

Labor Day weekend is fast approaching and with it comes end-of-summer parties. These gatherings bring family and friends together, which also means some travel time.

Unfortunately, despite laws and millions of dollars spent on education, the problem of impaired driving and unrestrained occupants still exist. This has contributed to Labor Day weekend being one of the deadliest weekends to travel.

The Keizer Police Department will have extra patrols, which started Monday and run through the Labor Day weekend. Their primary focus will be looking for impaired drivers. In addition, officers will also be concentrating on vehicles with unrestrained occupants, drivers who are using mobile communication devices and speeders.

Another dangerous driving habit not talked about as often as the DUII or the non-seat-belted occupant is the fatigued driver.

According to an article in *U.S. News & World Report*, some research has shown, “...

that volunteers who hadn’t slept for nearly 20 hours had response speeds that were 50 percent lower than well-rested folks on some cognitive tests; their performance was on par with those who had a blood-alcohol content of 0.05 percent, which is approaching the legal limit.”

Here are some signs from the National Sleep Foundation that would suggest a driver needs to stop and rest:

- Difficulty focusing, frequent blinking, or heavy eyelids
- Daydreaming; wandering/disconnected thoughts
- Trouble remembering the last few miles driven; missing exits or traffic signs
- Yawning repeatedly or rubbing your eyes
- Trouble keeping your head up
- Drifting from your lane, tailgating, or hitting a shoulder rumble strip
- Feeling restless and irritable

The Keizer Police Department wishes everyone a happy and safe Labor Day weekend.

Wheatland Ferry operator arrested

On Aug. 18, Kaci Lynn Clark of Independence, 28, was issued a criminal citation for the crime of Theft II.

The investigation that began on July 28 was kicked off after staff began noticing discrepancies in the deposits of ferry monies received from the usage of the Wheatland Ferry.

After discovering the discrepancies Clark was placed on administrative leave and

detectives with the Marion County Sheriff’s Office were called in to investigate. Detectives believe Clark was collecting the fee, not recording the vehicle and pocketing the money.

The investigation into the case is still ongoing and additional theft charges may be added. Information regarding the ferry, its location and fees can be found at <http://www.co.marion.or.us/PW/ferries/>.
