DARK,
continued from Page A1

"I probably only knew addict Brandon after the age of 13," Peterson said. "I tried to foster sort of a mentor/protege relationship with him: I would give him life lessons, he would seem receptive and we had mutual interests in music and culture. I would tell him my feelings on drugs and alcohol when he would ask, which are pretty liberal but still have no place in adolescence. And he seemed to respect that."

Before Crist started doing drugs, Peterson said he warned him about the perils.

"I explained that the smart move is to just stay away from it until you are an adult because there is no advantage to it," Peterson said. "You don't pour heavy duty weed killer

or fertilizer on a baby plant and expect good things to happen. I explained to him many times that the key to being a kid is playing the game. You can dress how you want and act how you want if you can trump it with your productivity. I told him no parent ever yelled at a straight-A student for having an earring."

Once Crist started getting into trouble, he turned to Peterson for advice.

"I laid out a foundation for how the next five years of his life should go if he wanted to get through the next 60 years," Peterson said. "It was pretty simple: get away from Salem/Keizer and get your head and body right. He didn't or couldn't listen."

But Peterson doesn't put all the blame on Crist.

"I set such a high bar for an addict to be in my life," Peterson said. "I was way too tough

on too weak of a kid because I thought that my path to his sobriety was the correct one. When he disappointed me, he knew it and our relationship was fractured. I wish I would have been more realistic and less principled."

On the other hand, Peterson doesn't know how much difference it would have made.

"If I did do things differently, not giving him the silent treatment when he was using, trying to keep letting him know I wasn't judging him, being the pseudo-cool uncle - the response would have been the same," Peterson said. "He would have lied and been dodgy and told me what I wanted to hear, just like he did with everybody else. I thought he knew he had an ally in me and in hindsight either I didn't make it obvious enough or he didn't believe me."
