## Long ordeal ends in fatal stabbing

By CRAIG MURPHY  
Of the Keizertimes

The fact someone was killed at 3865 Brooks Avenue NE on April 15 didn't surprise neighbors much.

The surprise was in who was killed.

Shortly after 8:30 p.m. April 15, a neighbor on the 3800 block of Brooks Avenue NE called 9-1-1 about a stabbing that had just occurred. Responding officers from the Keizer Police Department located both the victim and the teenage subject involved in the stabbing.

Paramedics from the Keizer Fire District were not able to revive 45-year-old Jeffrey Randall Holly. Though Holly was listed as a Monmouth resident, neighbors say he lived at the Keizer residence with his

"If (the teenager) hadn't done what he did, he would be dead."

Oliver Coker stands in front of his current Keizer Liquor Store location. The store is moving to Schoolhouse Square this summer.

## Liquor store relocating to Schoolhouse Square

By CRAIG MURPHY  
Of the Keizertimes

With the recent closing of Keizer Big Town Hero and the upcoming move of Starbucks slightly down River Road, there won't be many places left to buy a beverage at Schoolhouse Square.

Unless you're looking for liquor, that is. Oliver Coker confirmed last week he's gotten approval from the Oregon Liquor Control Commission (OLCC) to move Keizer Liquor Store from its current location at 3530 River Road N to 5021 River Road, taking over the former GSI Marketing Group space next to the former Roth's.

"I feel it's pretty central in Keizer, which will make our store more convenient for customers," said Coker, who took over the business two years ago. "There is a lot of interest and excitement."

Coker is hoping to have his new location ready this summer.

"Aug. 1 is the goal date," he said. "They will start the demo work on May 1 and take about a month for that. By June 15 they expect to be in there and build out. They'll be gutting the inside, making it an open space."

Darren Bloch, principal at Bloch Properties which bought the shopping center in December, confirmed the news as well.

## Bi-Mart shooter pleads guilty, to serve 90 months

By CRAIG MURPHY  
Of the Keizertimes

SALEM — Sometimes the wheels of justice move quickly.

It's not often the case, but it did happen last week.

Kyle Erik Madrid, 31, pleaded guilty April 14 to two charges in relation to the March 21 shooting of Randall Lynn Anderson in the Keizer Bi-Mart parking lot.

Madrid pleaded guilty to first degree assault and unlawful use of weapon charges in front of Marion County Circuit Court judge Vance Day. Madrid received 90 months for the assault charge and 15 months for the weapon charge, to be served concurrently.

Anderson, a 59-year-old Salem resident who was in the hospital for about a week re-

K. Madrid

covering from his injuries, was not at the hearing.

T r a - vis Kuhs, the Marion County deputy district attorney present at last week's hearing, noted there will be no reduction or programs for Madrid, per Measure 11 guidelines.

Gale Rieder, Madrid's attorney, said dismissing the attempted murder charge came from negotiations with the DA's office and looking at the investigation.

"It is the correct resolution based on all the facts and evidence in this case," Rieder said.

## Total eclipse of the city coming in 2017

By CRAIG MURPHY  
Of the Keizertimes

It's an event organizers feel will eclipse anything else in Keizer's history.

It's an event that already has two "official social media hashtags" associated with it.

Oh, and the event is still 16

months away.

A total solar eclipse is happening on Aug. 21, 2017 and will achieve totality along the 45th parallel.

Guess what city in this area is located along the 45th parallel? Yep, Keizer.

Mayor Cathy Clark read

a proclamation declaring the city as Total Eclipse City. Keizerites are encouraged to watch for and to use #totaleclipsecity and #keizereclipse2017 in social media conversations.

Christine Dieker, who introduced Danielle Bethell as

her successor as executive director of the Keizer Chamber of Commerce, talked about the eclipse event along with Jerry Crane.

"This will be the first visible eclipse in the continental United States in 38 years," Dieker said. "People in Port-

land and Eugene will have to come here to see it. We're expecting a lot of visitors to come here. This will be happening at approximately 10:17 a.m. that Monday morning. It will go black for about two minutes."
