SKSB locks in plans for meeting student needs

By **HERB SWETT**
Of the Keizertimes

Guidelines for meeting all students' needs were approved at a special Salem-Keizer School Board meeting Tuesday, March 21.

The guidelines, known as the Equity Lens, involve board attention to the effects of resource allocation, program development, and support systems. They are designed to assure that decisions provide for each student's needs.

The board committed itself to not letting characteristics such as race, national origin, religion, disability, economic circumstance, mobility, native language, sexual orientation, gender identity, or level of proficiency on entering a school predict or predetermine success.

Changes in resource allocation, design and implementation of policies, and programs will be considered in light of equitable outcomes.

Also at the special meeting, the board approved recommendations by the Citizens Facilities Task Force on seismic preparedness. Michael Wolfe, district chief operating officer, told the board the task force estimated that \$56 million would be the cost of replacing buildings considered to be of very high risk in the event of an earthquake of very high magnitude, and that the total cost for very high-risk buildings and high-risk buildings has been projected at \$151 million.

The board then heard Jay Remy, district communications director, discuss the process of a feasibility study for a general obligation bond to prepare for such an earthquake.

The budget committee of the Salem-Keizer School District elected Rachel Dewey Thorsett chair and Rick Kimball vice chair for 2017-18.

Dewey Thorsett is a citizen member of the committee, and Kimball is a

Salem-Keizer School Board member. The committee consists of the seven board members and seven people from the community. The chair and vice chair positions have traditionally alternated between board and community members.

The next budget committee meeting will be April 25, when Superintendent Christy Perry will deliver the budget message. There will be a question-and-answer session without public testimony May 9, and public testimony is scheduled for May 22 and 23. The committee is scheduled to deliberate the budget May 24 and 25 and make its recommendation May 25. All meetings will be at the Support Services Center, 2575 Commercial St. SE in Salem, at 6 p.m. except the question-and-answer session, which will be at 7 p.m.

Board approval of the budget is expected to be at the board's regular June meeting.

Volunteers needed for city committees

The City of Keizer is looking for volunteers to serve on the following committees.

- The Keizer Points of Interest Committee identifies, authenticates, and memorializes sites of interest located in the Keizer area. Sites to be identified may be of the historical, geographical, botanical, or unusual. The Committee meets monthly on the fourth Thursday at 6 p.m.

- The Mid-Valley Community Development Partnership identifies regional community development priorities and facilitates regional, intergovernmental coordination of development initiatives. It meets once a year at the Council of Governments building in downtown Salem.

- The Festival Advisory Board serves in an advisory role to the City of Keizer by researching the feasibility for developing venues for events and festivals, streamlining

policies and ordinances for potential events, developing an all-inclusive community calendar, and developing a marketing plan to enhance the use of Keizer-area facilities for events, festivals, and conferences. The Committee meets monthly on the fourth Monday at 6 p.m.

- Youth Liaison opportunities are available for youth to serve on various city committees. Check the city website for more information and to apply.

Anyone interested in applying for a position can pick up an application at Keizer City Hall at 930 Chemawa Road N.E., access an electronic version at the www.keizer.org, or email Deputy City Recorder Debbie Lockhart at lockhartd@keizer.org. Applications received by Wednesday, April 12, will be considered at the April 20 Volunteer Coordinating Committee meeting.
