Free fiddle classes at Willamette Lutheran

The Oregon Old Time Fiddle Association is hosting free basic fiddle classes at Willamette Lutheran Retirement Community in north Keizer.

The class is held the first Wednesday of every month from 4:30 to 6:30 p.m.

Learn basic old time fiddle tunes with fiddlers from OOTFA.

Anyone of any age, of any ability level, that has played the violin at least a year should fit right in. Bring your violin, bow and rosin in good working order, maybe a shoulder rest too, for comfort. Parents need to attend with students under the age of 8.

Register by contacting Ms. Hughes with your name, contact info, and tell her about your experience on the violin; 503-393-2271 or mh.hughes8@gmail.com.

Willamette Lutheran is located at 7693 Wheatland Road N.

Master Gardening workshops in Oct.

The Marion County Master Gardeners are offering a bee clinic Saturday, Oct. 6, from 9 a.m. to noon.

The workshop will be held at the Demonstration Garden located in Salem at 3180 Center Street N.E.

Carol Hornung will demonstrate how to wash mites from bee cocoons. A slide show will show the life of mason bees. This workshop will also show samples of housing for rearing mason bees and will provide recommendations for establishing a pollinator garden. Handouts will be provided. After the lecture there will be a tour of the mason bee houses in the Marion Garden.

A composting and vermicomposting workshop is slated on Saturday, Oct. 20, from

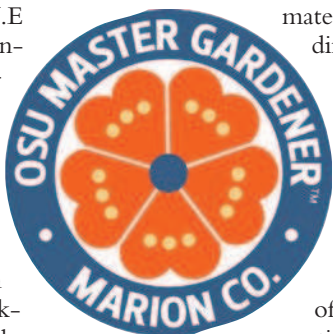

1 to 3 p.m. It will also be held at the demonstration garden.

Richard Clarkson will discuss and demonstrate the benefits, structural systems, and the process of composting.

Learn what to compost, materials to use, the difference between hot and cold composting, and troubleshooting.

Mon Kanner will discuss the advantages of using worm castings to grow all types of plants and how to create and maintain a worm bin. Learn what to feed worms, how to harvest the castings, and basic worm biology.

Pre-registration is required for both events at marion-comga.org/event-registration, but there is no charge to participate.

NEW Hearing Technology Introduces Artificial Intelligence to Bring Superior Clarity!

livio™ AI

Inside **Livio AI™** is amazing new technology that Starkey calls Hearing Reality™, in short it's Artificial intelligence to perform tasks and process data that would normally require human intelligence.

By having artificial intelligence in a hearing aid, Livio AI has so much to offer you:

- Delivers superior sound quality, listening clarity, more natural hearing and effortless transitions between loud and quiet places.
- Preserves peace and quiet while amplifying the important things, and helps you better understand conversations.
- Stream phone calls, music and messages directly from your smartphone to your hearing aids, whether it's an iPhone or an Android phone.
- Offers remote programming so your hearing care professional can make adjustments without an office visit.
- Tap control technology to control Bluetooth® functionality.
- Body and brain health tracking.
- And so much more!

We're the first in Keizer to introduce this new product and we want you to be one of the first to hear and see this incredible new technology! It really is something amazing.
