Chiropractic Advantage

3990 Cherry Ave NE - Keizer • 614-806-9746

One might think that after an accident or years of repetitive strain that pain is the new normal. It doesn't have to be. Jason Holt, DC and his team at Chiropractic Advantage know the human body and understand the principles behind maintaining its balance.

The team does traditional chiropractic adjustments—both manual and instrument assisted.

"My aim is to listen to the patient and give them what I feel they need and an adjustment they are comfortable with," says Jason Holt. He has made it a point to learn a variety of techniques so that people feel safe and that they received a quality adjustment.

Chiropractic Advantage utilizes a variety of diagnostic procedures to ensure optimal care and minimize any potential chronic paid. "Life doesn't seem to get any easier. You don't have to live with the pain anymore," Jason Holt exclaimed.

At the first appointment, a patient will

meet with a member of the Chiropractic Advantage staff for a consultation. This includes a discussion about the issues the patient is facing because no one knows their own body better. The doctor will then perform one or more appropriate

examinations to find the root cause. Then the chiropractor can begin the adjustment process, working to realign the patient's body so they feel less pain and may experience improved mobility.

"I've had fantastic results with auto accident patients and workers' comp claims," says Jason Holt, who has a background in personal training (CrossFit) and self-defense (Krav Maga).

Jason and his wife Lauren are rising
their four children in Keizer.

To make an appointment for a consultation to alleviate pain, call Chiropractic Advantage at 971-332-5919. The office is located at 3990 Cherry Ave. N.E. in Keizer. To know more visit chiropractorkeizer.com.
