SCHOOLHOUSE SQUARE 5099 RIVER ROAD N, KEIZER

Gear up to camp all summer long

School being out for the summer is great. There is nothing more appealing than the thought of sleeping in and taking it easy for three months, that is until you actually have to take it easy of course. Once you're sitting at home for eight hours with nothing to do and no one to talk to life gets pretty boring. Summer camps are a fun way to get some energy out and make new friends.
