Students and parents of McNary High School students will probably want to allow some extra time to navigate the new traffic patterns at the high school as a result of construction.

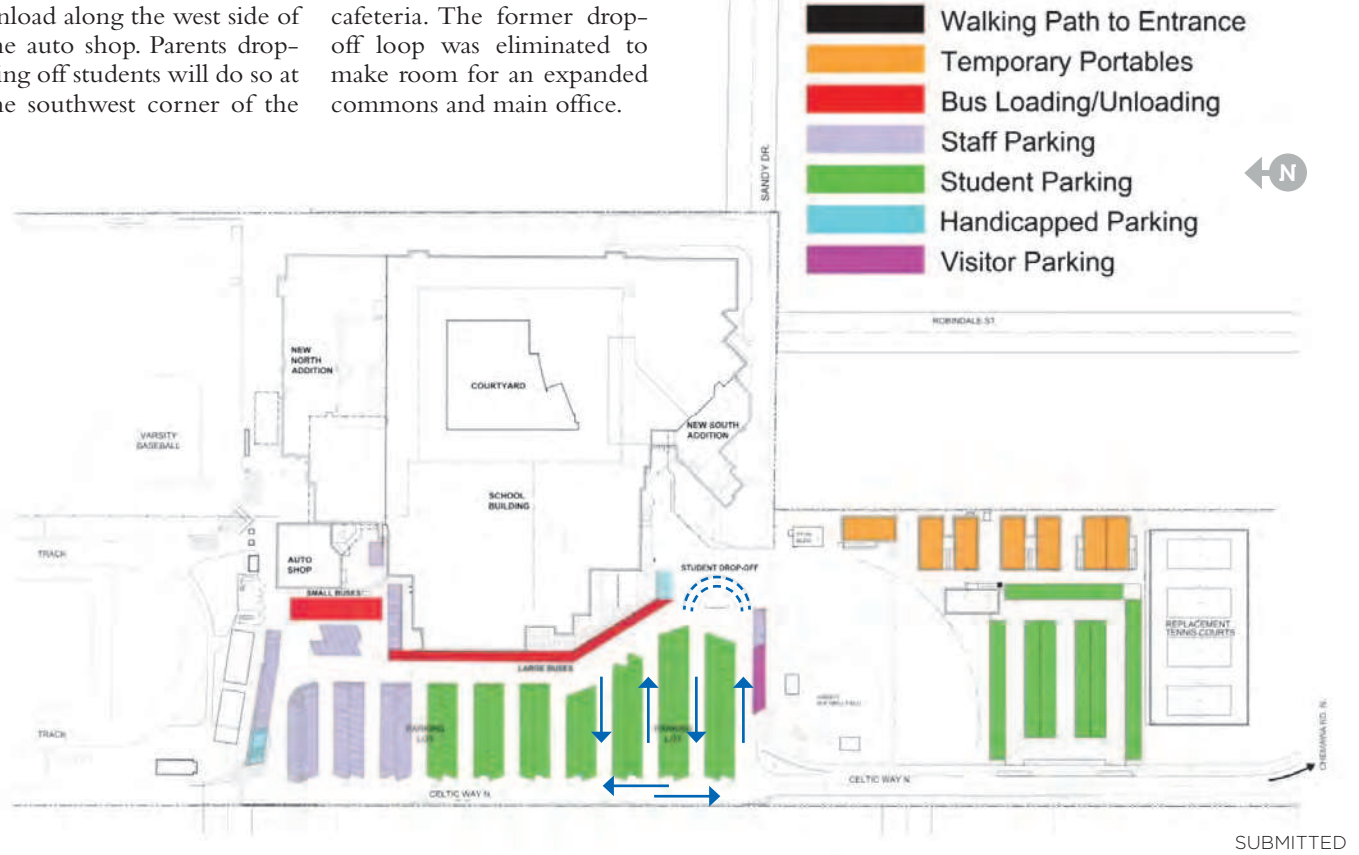

Traffic will still be able to enter through either the Lockhaven Drive North or Chemawa Road North driveways.

There will be as many spaces available for students as there were last year but in different locations. Student spaces are available in a gravel lot off Celtic Way by the new portables, but only in the marked spaces. Student spaces are also available in the main lot up to the north edge of the gymnasium. Parking permits are still required for either lot.

Buses will still unload and load alongside the gymnasium. Small buses will load and

unload along the west side of the auto shop. Parents dropping off students will do so at the southwest corner of the

cafeteria. The former drop-off loop was eliminated to make room for an expanded commons and main office.

Food bank ops manager expands role

BY LAUREN MURPHY
Of the Keizertimes

Despite their theological differences, five Keizer churches work together every week to make sure that the members of our community get the help they need.

The man bringing all of that chaos into order is Operations Manager Jim Johnson. Johnson oversees the details and coordinates with

the different groups to make sure food gets to local families in need. Johnson officially started volunteering as the operations manager this past January and will add administrative tasks to his responsibilities in January 2020.

Johnson said he feels good about stepping in to his administrative role in full this January.

On Mondays, the church

responsible for hosting the food bank picks up food from the Marion Polk Food Share and brings it to the church to store for later that evening. Around 6 p.m., the volunteers will start assisting people with finding the food they need.

The food bank is open to those in need from 6 to 7:30 p.m. on Mondays and 9

to 11:30 a.m. on Thursdays. Food is delivered for Thursdays' openings on Wednesdays and the food bank welcomes helping hands.

Johnson oversees all of that.

"We have a real good crew," Johnson said.

In 1998, Johnson was the treasurer of the John Knox Presbyterian Church

in Keizer. He handled all the financial aspects of the church's involvement in the food bank.
