

# Be wiser Shop Keizer

## Local business makes your community stronger

Corri Falardeau

The Keizer Chamber of Commerce supports and advocates for businesses of every size, from large retailers to small service companies.

We encourage residents to shop Keizer first, the businesses here offer a wide variety of products, goods and services. Every dollar spent at a local business supports owners and their employees. Those businesses, in turn, donate money and products to non-profit groups, including youth sports and activities and those in need.

Whether a business is a member or not, they can all count on the Keizer Chamber of Commerce to be their advocate before the city, the count and the state legislature.

Keizer businesses invite you in, they are ready to assist in getting what you need, whatever it is.
