

SENATE COMMITTEE REINSTATES F.E.P.C.

and the nation to the vital importance of saving the Fair Employment Practice Committee . . . I desire now to reiterate to the FEPC Rally and to my country what I said in my message to Chairman Sabbath, 'Discrimination in the matter of employment against properly qualified persons because of their race, creed, or color is not only un-American in nature, but will lead eventually to industrial strife and unrest. The principle and policy of fair employment practice should be established permanently as a part of our national law.'

William Green: "The right to an equal chance to earn a livelihood without discrimination because of race, color or religion is an unalienable right in a democracy for which Americans have fought and died in this war. The American Federation of Labor endorses and supports the existing President's Committee on Fair Employment Practice and also the Federal legislation for a permanent FEPC in the interest of justice and fair play for all workers without regard to race, color or creed. The American Federation of Labor calls for prompt and unequivocal congressional action in continuing the FEPC as an essential tool of industrial tool of industrial democracy in the difficult days of readjustment ahead."

Phillip Murray: "The principle demonstrated by establishment of fair employment practice procedure under stress of war must not be abandoned in peace time. The FEPC must be saved! Otherwise, we are merely reverting to our old shameful disregard of justice in the fields of economic and political equality . . . At San Francisco the American delegates to the United Nations Conference, backed by the demands of millions of Americans, insisted that guarantees of human

rights be written into the new world charter as a major aim. The other powers agreed with this insistence. It is unthinkable that the Congress, by destroying the present FEPC, or refusing to establish a similar permanent agency, should now serve notice on the other nations that we were not sincere at San Francisco."

ALUMNI ASSURE MEHARRY'S DREAM

ens, of Norfolk, Va.

The zeal with which the alumni have engaged in the financial campaign has intrigued this writer to no end. No other Negro group from a Negro school has seen fit to pioneer in this manner. Already there are signs that the precedent is being reflected in the activities of other alumni groups. It is an indication that the Negro has "come of age", and is ready to assume the responsibility of financing his own institutions of learning. The possibilities and ultimate advantages which will emanate from this trend are too numerous for speculation here.

In addition to Dr. Anderson, other alumni association officers are: Vice-president, Dr. D. K. Jenkins, Columbia, S. C., General Secretary, Dr. D. T. Rolfe, Nashville, Tenn., Treasurer, Dr. Michael J. Dent, Nashville, Tenn. Dr. S. W. Smith, who heads the drive in the Middle West, stated that the Chicago chapter has contributed \$10,576 of the \$65,000. He emphasized, too, that interested friends had made substantial contributions unsolicited. Meharry's president, Dr. M. Don Clawson, has urged that those alumni who have not yet made an initial contribution do so at once.

He expressed confidence that the \$200,000 goal will be reached within another month.

or the east. Chaplains of all faiths expressed their appreciation to the group for providing a well-trained choir and soloists at Sunday religious services.

Miss Van Buren reports having visited a native Kanaki village and the chief's home. Several of the inhabitants could speak a few English words but when a visitor bought more than one souvenir the seller would scratch figures on top of his foot and add them perfectly.

Born in Morristown, New Jersey, reared in Pittsfield, Mass., Catherine Van Buren received her A. B. Degree from Fisk University and her Mus. B. Degree from Oberlin Conservatory of Music. She has been on the music faculties of Shaw University in Raleigh Talladega College in Alabama and Fisk University in Nashville. Miss Van Buren was soloist with the Fisk University Choir at Symphony Hall in Boston and Carnegie Hall in New York. She has given recitals in many of our principal cities.
