RATED "TOPS" IN SHOW WHIRL

UNA MAE CARLISLE, a popular artist here and abroad, has once again come into the spotlight. Surely, you must have heard of this topranking star who is a styled pianist and composer. She has performed spectacularly on the air, stage, screen, nite clubs and television, appearing in the Starlight Room at the Waldorf-Astoria; the Blue Room in the Hotel Lincoln; at Radio City's Music Hall; the swanky Ruban Bleu, and also at the Onyx Club, where she is right now, doubling from Harlem's Apollo Theatre.

Soundies, recordings, and writing hit tunes, it would seem, are Una Mae's hobbies. Her most recent composition, "That's The Stuff You Gotta Watch," is popular, along with two most recent (Joe Davis) recordings, namely: "The Rest Of My Life," and "You're Gonna Change Your Mind." Others include, "You And Your Heart of Stone," "Without You Baby," "'Tain't Yours," and "You Gotta Take Your Time."

Back in 1940 Miss Carlisle composed "Walkin' By The River," which led the Hit Parade for more than a year. She's considered the most gifted of modern artists linked with the show business whirl. Under personal management of Joe Glaser, Una Mae was the first to record for the Joe Davis Recording Company.

# How to Help Veterans

The intent of the veterns' Bill of Rights is, among other things, to make it easy for the veterans to borrow money with which to set themselves up in business of their own. Nevertheless, few vetetrans have been able to pave their way to fortune with this good intention.
