

HOCHO REVIEW.

TURDAY, OCTOBER 15, 1887.

TO READERS. Attention for final proof notices made at...

PERSONAL AND GENERAL.

Attention is called to the notice of Wm. Gird in this issue. Forty-inch ladies' cloth in all patterns and colors at Sichel's. J. P. Combs' family has gone to Portland to spend the winter. Jolney Wood and wife have returned from their visit to Corvallis. Genuine fall oats for seed may be had at Newson's hay warehouse. John Evans, of Bridge creek, was in town Sunday and Monday. Finest line of ladies' and children's underwear at the Brick store. Adolph Senders and Ed Ho Schmeer arrived from Albany Thursday. The newest novelties in ladies' jackets just received at the Brick store. Mr. and Mrs. R. E. Dorsey returned home from Lane county Tuesday. M. Sichel & Co. have a splendid new line of ladies' kid gloves in all colors. J. M. Blakely and Geo. Cline will start 150 head of beef cattle to market today. Mrs. M. Sichel returned home Tuesday evening from a three months' visit in Portland. Peter Zell has moved to the Deschutes, and has taken a timber claim near John Sismore's. Circuit court convenes next Monday, and a lively time is expected in town during the week. Work on the new bank has been delayed for account of a load of coal promptly put. Mrs. Bunnell, wife of our enterprising hardware dealer, arrived from The Dalles by Thursday's stage. This week evidence was taken before C. A. Graves, referee, in the case of Mrs. Gird vs M. N. Gird. A few showers of rain last week laid the dust, but there was not sufficient to start the grass growing. Treasurer Baldwin is prepared to pay all warrants of Crook county registered prior to Oct. 1st. See notice. M. Sichel & Co. have the best assortment of ladies' winter cloaks, ulsters and jackets ever brought to this place. Col. Wood is recovering rapidly from the effects of his fractured limb, and expects to start for home next week. Last week A. R. Johnson started about 500 beef cattle to Blalock. This will be the last drive he will make this season. The tariff has not been reduced on iron still Rowan & Son will sell you stoves cheaper than any one else in the county. John Howard was down from Malheur the first of the week. He seems well pleased with his new home in that section. Ed Mimms started Saturday for Pendleton where he was called to see a sick brother, who is telegraph operator at that place. The town council has ordered the building of a sidewalk from Ochocho bridge to J. P. Combs' residence in Newson's addition. Mrs. C. W. Elkins, of Beaver, is visiting in town. She expects to start to Portland Monday to attend the Mechanics' Fair. Miss Vina Dunham, the teacher employed for the primary department of the school here, was visiting in town last Saturday. We are pleased to note that Miss Lottie Sites has so far recovered from her recent illness as to be able to ride out in a carriage. Jack Thompson, who killed Shelly at Antelope, has been held without bail to appear before the next grand jury in Wasco county. Bob Dorsey is sorrowful and refuses to be comforted. He lost a favorite violin out of his wagon as he came across the Cascades last week. If you have a friend contemplating a trip abroad recommend him to go to the Brick store if he is in need of a trunk, valise or hand-stachel. Mr. Street performed the feat of lassoing a five-point mule deer on Hampton butte. This is a rather novel way of catching deer, but the bucaroes of Crook county have many novel ways of doing things.

F. Christinger has been employed to teach a five-months' school on Upper Trout. He has previously taught nine months in that district. Joe Howard was in from his ranch on Deschutes Sunday. Joe is much taken up with ranch life, and has no desire to return to town and sell pills. Cattlemen have just finished the fall ride. They are now able to make a close estimate of their losses last winter, and place it at about forty per cent. Mr. Geo. H. Churchill and family passed through town Monday returning from Willamette valley to their home in the eastern part of the county. L. Senders arrived here from Albany yesterday. He will begin selling at auction next Monday the stock of goods belonging to the firm of L. Senders & Co. We acknowledge the receipt of a complimentary to the North Pacific Domestic and Fat Stock show which holds its third annual meeting at Portland next week. Sheriff Williamson has been confined to his room with an attack of fever during the week, but is not seriously ill. He expects to be able to attend court next week. Monroe Hodges returned from below Monday. He brought us an apple from D. B. Hodges' farm in Benton county which measured 17 1/4 inches in circumference. Rev. J. H. Wood, of Canyon City, held services at Good Templar hall Sunday morning, and Rev. Wakefield delivered his farewell sermon in the hall in the evening. A Hinkle has finished his contract of furnishing wood for the court house, and still has considerable wood left. Those wanting good pine wood will do well to see him. People always take great interest in the speed made by Goldsmith Maid and Jim Blakely's horse Tim Murphy, but the ladies ought to call at the Brick store and see the 3-39 corsets. The McKenzie road across the Cascades is said to be in a very bad condition for travel. There has been very little work done on the road this season, and it is full of logs and rock. Should any of the jurors or witnesses in attendance on circuit court have more county script than they know what to do with they can apply it on payment of subscription to the Review. A. H. Angelsinger has sold his barber shop to Minor Lewis, and started for Michigan Wednesday morning. Mr. Lewis now has a monopoly of the barber business, owning both the shops. Of all unearthly groans heard for a long time, nothing compares to the groaning of the shelves at the Brick store, from being over loaded with goods. A sympathetic public ought to step in and give and get relief. E. Hinton was in from Bear creek Tuesday. He informed us a heavy fire was raging between Bear creek buttes and Pine mountain on the desert, destroying much grass on one of the safest winter ranges in the county. Pierson & Bony, the artists, are still here, and are executing the best work ever done in Prineville. Their photographs are perfectly life-like and no one can afford to not have their pictures taken while these gentlemen are here. Last Sunday we looked through the new jail. The brick and wood work is all completed, and the structure is ready to receive the cells so soon as they arrive from the factory. It will probably not be ready for inspection by the grand jury next week. Marion Elliott, of Corvallis, arrived here Thursday. Mr. Elliott has been employed to take charge of the school at Mitchell and is en route for that place. Mr. Elliott is an experienced teacher and the people of Mitchell are quite fortunate in securing his services. Died—On Wednesday, October 12, 1887, Hector Sichel, the faithful old watch dog at M. Sichel & Co.'s store. His remains were buried in the dog cemetery on the race track with due ceremony, and nightly the town dogs congregate and sing requiems over his grave. Judge Washburn, Hon. L. Bilyeu and Thomas Luckey, of Eugene, arrived here Wednesday. Messrs. Bilyeu and Washburn are attorneys for the defendant in the case of the state vs F. S. Curm. Mr. Luckey is visiting his brothers, John and James, and will probably remain in Prineville during the winter. \$250 IN CASH! Worcester's and Webster's Dictionaries, worth \$83 and 4 Dictionary Holders, worth \$15 50, given as prizes for the best essays answering the question "Why should I use a Dictionary Holder?" For full particulars send to La Verne W. Noyes, 89 & 101 W. Monroe St., Chicago, the maker of Dictionary Holders. Or inquire at your bookstore. John Evans tells a pretty hard story on his neighbor Isaac Gage. Last Sunday they were crossing the mountain between Bridge creek and Ochocho when they met a large train of immigrants, consisting of men, women and children. After they had passed the immigrants he remarked that he had never before seen so many women traveling without male escorts, and that he believed there would be a show for him in that crowd. Ike is an old bachelor, and would not object to having an angel presiding over his mansion, accounts for his eyes not being able to discover any men in the outfit.

Farewell Party. Last Saturday evening Rev. and Mrs. Ira Wakefield were invited to spend the evening at the residence of Wm. Foster, and about seven o'clock they were completely surprised by some thirty friends filing in and taking charge of affairs. The evening was spent in singing and a speech by Mr. Wakefield, together with a splendid lunch prepared by the lady visitors. At lunch Mr. Wakefield was furnished with a dish, which after being relieved of its eatables disclosed a silver lining amounting to \$10 75, contributed as a farewell gift. The party was given by the ladies of the Methodist church of which Mr. Wakefield has been pastor the past two years, and was given on the eve of Mr. and Mrs. Wakefield's departure to his new field of labor at La Grande, where he has been elevated to the position of presiding elder of the La Grande district. During their residence in Prineville Mr. and Mrs. Wakefield made many warm friends, who regret seeing them depart, though all are pleased at Mr. W.'s advancement in the ministry, and wish him and his estimable wife a pleasant sojourn in their new home, and hope he may be as successful in his new field of labors as he has been here. School Matters. At a meeting of the board of directors the rates of tuition for scholars, not residents of the district, were adopted as follows: Grammar grade per quarter, \$7 50; intermediate grade per quarter, \$6; primary grade per quarter \$4 50, payable in advance. To obtain admittance to the school all students must obtain a certificate of scholarship from the district clerk. These will be furnished free to all scholars residents of the district on application to the district clerk, and to non-residents on the payment of the tuition fee mentioned above. It is expected that school will be opened on Monday, November 7th. The corps of teachers, Prof. G. T. Stanley, Mr. Geo. Slayton and Miss Dunham, is sufficient guarantee of the success of the school, and it is a certainty that the Prineville school under the management of these teachers will be second to but few public schools in the state, and far exceed many of those in other towns of like size. Speaks Well for Prineville. Prineville has almost since its infancy borne the unenviable reputation of being a rough place, and has been considered a most wicked place, but it is redeeming itself. Rev. Wakefield states that at the M. E. conference, recently held at Walla Walla, Prineville stood at the head of the list for the payment of its minister and for contributions to the missionary fund, which shows that, though we have a bad reputation, christian work is not neglected, and we out rival some of our more pretentious neighbors. Mr. Wakefield also stated that during the entire time he had been in the ministry he had never been treated more courteous and with greater respect than by the people of Prineville. A Fine Horse. Last Monday we were shown M. Hodges' fine three-year-old stallion, General Sparks, which he recently bought of D. B. Hodges, of Benton county, and pronounce him by far the best horse of his class in the county. He is a bright bay with black points, 16 hands high and weighs 1600 pounds. He was sired by Maj. Bruce's Centennial horse, the largest Clydesdale on the coast, and his dam is an English Draft. The importation of such animals as this will materially aid in building up the stock in this country, as his get cannot but be of a superior quality. For Sale. A fine stock ram, imported from Vermont by Kirkpatrick, of Knight's Landing, Cal. To parties wanting to improve their flocks this is a good opportunity. Inquire at Hahn & Fried's.

W. C. T. U. Organized. On Wednesday evening the ladies of Prineville met at Union Church and organized a Women's Christian Temperance Union, and elected the following officers: President, Mrs. S. Palmer; vice-president, Mrs. J. W. Wilson; recording secretary, Mrs. A. C. Palmer; corresponding secretary, Miss Eva Barnes; treasurer, Mrs. M. Heisler; librarian, Miss Mattie Barne. A committee consisting of Misses Eva Barnes, Ollie Smith and Annie Holman were appointed to prepare a programme of exercises for the next meeting to be held on Wednesday evening, October 26th. We are pleased to see this movement by the ladies of Prineville in the organization of the union, and hope their efforts for the cause of temperance may have a telling effect upon the morals of our town. By a united action of the ladies against the intemperate use of intoxicants, they may do much good, and soon educate the growing masses that temperance is wrong and will and must be held in disgrace by good society. Lets Have a Park. "Unless ye ask ye shall not receive," or words to that effect, appear somewhere in the Holy Writ. We have asked for much for Prineville and have received little, but are not discouraged about asking. It has been said Prineville needed a park, and it does. Now, we ask that the people of Prineville form a joint stock company, buy a piece of ground, and begin building a park, picnic ground or whatever it may be called, just so it is a suitable place for fourth of July celebrations and public out-door gatherings of every kind. Who will take the lead in the matter? Prices Will Tell. Shellbarger, of the Brick saddle store, informs us that his trade has greatly increased since moving into his new place, and owing to the fact that he can now obtain cheap rates of insurance and has no rent to pay, his expenses are enough less to enable him to make extensive reductions on the price of his goods, which will be the programme in the future. Give him a call. School Meeting. By order of the directors of Prineville school district No. 1 a special meeting of the legal voters is called on Saturday, October 29th, at 1 P. M. for the purpose of considering the question of authorizing the directors to sell the grounds belonging to the district, known as the old school house grounds. Recorder Luckey is keeping a close watch on Judge Washburn and vows he must curb his passion for shooting jack rabbits within the corporate limits. Mr. Luckey would have punished him for the last offense, but he was afraid the judge was broke. Advertisers Letters. List of letters, remaining in the postoffice at Prineville, Crook county, Oregon, unclaimed October 15, 1887. To obtain any of the following letters call for "Advertised Letters," giving date of list. If not delivered will be sent to Dead Letter Office 30 days from date. J. F. Moore, Postmaster. Harbin Edward N. Henderson George C. E. E. J. H. Harrison John James Sallis James W. Lyman J. W. Morgan Clara O'Brien J. P. Cheney Geo. C. Chance H. H. Daugert James M. Foster Joseph P. Harris William Hendricks George S. Hahn J. P. Free Trade. The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefitted the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschee's German Syrup, as the reduction of thirty-six cents per dozen has been added to increase the size of the bottles containing the remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles have, perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

Fine Stock. This week Perry Reed returned home from the State Fair with five head of thoroughbred cattle, four Shorthorns and one Aberdeen Angus. The Aberdeen Angus is the first of this stock introduced into Crook county, and was imported by R. H. Pope, of Missouri, of whom Mr. Reed bought him. The Shorthorns were bought of P. Fuqua, of Parker Station, Polk county. Mr. Reed has also bought 30 head of graded heifers, and will engage in breeding fine cattle in the future. New Arrivals. During the past week there have been several households made happy in this vicinity by the arrival of brand-new babies. So far as we have kept count the total foots up as follows: Saturday, October 8th, Mr. and Mrs. S. Black a son. Sunday, October 9th, Mr. and Mrs. L. L. Ketchum a daughter. Monday October 10th, Mr. and Mrs. W. H. Rowan a daughter. Tuesday, October 11th, Mr. and Mrs. M. D. Powell a daughter. COME AND SETTLE. All persons knowing themselves indebted to the undersigned are requested to call and settle at once and save costs. This is emphatically the last call. Costs will be added if accounts are not settled immediately. I. L. Ketchum. TREASURER'S NOTICE. All Crook County warrants, registered prior to October 1, 1887, will be paid on presentation at the Treasurer's office in Prineville, Oregon. Interest on the above warrants will cease from date of this notice. T. M. BALDWIN, Prineville, Or., Oct. 15, 1887. Treasurer.
