#### Reconversion.

Reconversion was recently thundered from the Methodist pulpit in Graham, Texas.

state for about fifty days; and on the day of Pentecost, when the peo-

Now if Peter did fall from grace, the true foundation. and remained in that condition about forty days, I draw the inference that if he had died he would have been lost,

And, again, if Peter did fall from grace, the prayer of the Savior, nothing to sent you will do no that Peter's faith fail not, was not

A. please give us Will Br his views on the above, for the especial benefit of those who heard this remarkable sermon?-James M. Ward, in Texas Herald.

#### REMARKS.

The above clipping represents very fairly the teaching of the Methodist Church South, and as it has been stated from the pullit in Princyille, that the doctrine of the M. E. Church North and South are the same ; of course the above clipping represents the doctrine of the M. E. church in Princyille. This doctrine is just the reverse of the doctrine taught by the Baptist church of Prineville, and of course of two contradictory doctrines, both cannot be right.

These doctrines of falling from grace, and not falling from grace, represent the very foundation, principles of the two denomina-

We honestly believe that the two men spoken of by our Savior will please inform the owner. in Matt. v11, 24-27 inclusive, represent these two contradictory doctrines.

The first built his house upon a rock, and the storms came, and it fell not, because it was founded upon a rock.

This undoubtedly represents the man who builds his hope of salvation, on Christ the rock, and his finished works; depending entirely upon Christ and His finished work, to save his soul. Having built on the true foundation, he has nothing to fear from storms, temptations, or his own doings, because God has promised to keep him by His power, if he has this faith in Christ, and builds on Him alone, as his foundation, hope of salvation.

This man does not believe he will fall off the rock, i e, fall from grace; because Jesus said : he that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life." John v, 24. He, takes Jesus at his word and rests secure on his word of promise, This man works because he is alive in Christ and realizes that he lives "by the faith of the Son of God," Gal. 11, 20.

The second man built his house upon the sand, and the storms tree, and it fell, and great was the fall of it.

This undoubtedly represents the man who builds his hope of salvation, his final admission into the glory world, upon his own efforts to live without denying his Master -living a Christian life.

He believes that he builds upon the rock, Christ Jesus, but that he is always in danger of slipping off; that his keeping on the rock depends on his holding on, depends in which they reside, and are auon his "living the life of the right- thorized to inspect stock, sign travcous." According to the above eling permits and discharge such clipping, the preacher taught that other duties as are by law required Peter had fallen off the rock, and of the stock inspector. that on the day of Pentecost he climbed on again by the aid of the Name of Deputy Holy Ghost. Then the Savior's W. S. McMoen, prayers were not answered, when E. Slerk. Ger. Nichter. he prayed that "his faith might & Jameson, C. McPherson, not fail."

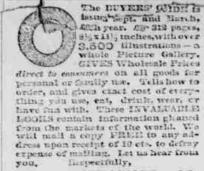

Methodist doctrine is, that a John Gare. christian lives because he works. Bruce Price.

Baptist de trine is, that a christian Spanish Merino Rams. works because Le lives.

If you believe in the doctrine of the above clipping, you ought never to go to the Baptist church for menrbership, because you are not a Baptist in principle,

If you do not believe in the doctrine of the above elipping, then The minister said that when you ought never to go to the Meth-Peter denied the Savior he fell from odist church for membership, begrace, that he remained in a fallen cause you are not a Methodist in principle.
