

FILLOON BROS. FARM IMPLEMENT DEPOT, THE DALLES, OREGON,

Carry the largest and best assorted stock of farm implements and vehicles in Eastern Oregon. Mitchell farm, freight and spring wagons; buggies, carriages, phaetons, buckboards and road carts. The McCormick reapers, mowers and binders; the Deering reapers, mowers and binders, the Standard reapers, the Standard mowers in five sizes—4, 4½, 5, 6 and 7 feet cuts. The McCormick steel mowers in three sizes—4, 4½ and 5 feet cuts. Sulkey hay rakes from 6 to 14 feet. The Standard sulkey hay rakes in all sizes with steel or wood wheels. The Tiger sulkey hay rakes, hand and self-dump with wood or steel wheels. The Hollingsworth hand and self-dump sulky rakes in all sizes. Hodge's wood and steel frame headers. Threshers, powers and engines; sulkey, gang and walking plows, large assortment in steel and chilled; harrows and cultivators; Disk cultivators, with and without seeder attachment; spring tooth cultivators and seeders; grain drills in all sizes; windmills and pumps; farm and stock scales, all sizes; horse, and hand hay forks; Champion baling presses in three sizes; feed cutters and garden tools; barbed wire and staples. Extra parts of every kind belonging to our line of goods; machine oils and binder twine, and in fact we carry everything in stock belonging to an implement house and we have had large experience in the implement business and need great care in selecting a large and well assorted line of a fine class of goods, such as we can recommend to the public, and shipping in car load lots, direct from the manufacturers, are enabled to give better prices and terms than any implement house handling first-class goods in Eastern Oregon. We would say to the farmers and stockmen, if you need anything in our line it will be to your advantage and pay you handsomely to call on or address us for prices and terms.

The Georgia Cotton Bale Wagon
with pole or shafts with or without half spring; the best and neatest light wagon ever sold. It is built very strong and durable and is just the vehicle for farmers and stockmen who want a light knock-about wagon, to use in place of an expensive hack. It is sold very low.

The Mitchell Half Platform
spring wagon is a very handsome and comfortable vehicle, is well adapted for rough roads; leather cushion, steel tire, substantial break, finely finished, fully warranted and sold very cheap.

Four Spring or Mountain Wagon.
We have them in three styles, plain, plain and cut away body. This is a very popular spring wagon, is built of the best second growth stock, the irons are hand forged Norway; double collar steel axles, "A" grade of wheels, steel tire, leather cushions, finely painted and finished throughout, and is the most handsome and suitable family spring wagon ever put upon the market. It is sure to please you and your family, and the time is now at hand when you can afford to own one, for our prices are down to bedrock.

MCCORMICK NEW STEEL FRAME BINDER.
Several important improvements have been made in the McCormick harvester and binder for this season, and to-day as in the past, the McCormick binder stands at the head and front of all its competitors. No machine can compare with it for simplicity, strength and reliability.

THE MITCHELL FARM AND FREIGHT WAGONS.
The Mitchell wagons to-day stand at the head and front of all competitors, and are known far and wide as the strongest, most durable, best ironed, best finished, and lightest running wagons made in the world. The Mitchell tubular axle, farm and freight wagons, with polished, case-hard spindles, and ground seamless boxes, are the best tubular axles now on wheels.

JUMP SEAT AS A BUGGY. | JUMP SEAT AS A CARRIAGE,
easily changed from a one-seated to two-seated carriage. It is so simple in its workings that any one can understand them at first sight. They make a light and neat appearance; are roomy, easy and elegant; they are built specially to our order to be suitable for this country, with neat and convenient brake.

The Deering All Steel Twine Binder.
This light-weight all-steel binder achieved such wonderful success in the harvest of 1886 and 1887 that it needs no further guarantee of successful work for the harvest of 1888. It handles grain in any condition and works upon any kind of soil.

McCormick Daisy Reaper.
The McCormick reapers are known the world over to be the best and most reliable reapers ever put into a grain field. They are built of better material; they are more simple in construction; they will stand more hardships and do better work than any other manufactured. We have them single and combined. The Daisy is so arranged that both ends of the platform can be raised simultaneously to any desired height of cut by means of our convenient lever, while the machine is in motion. There is no cog gearing or cams in the main wheel, to gather dirt and cut out pinions and gears. Our prices and terms are very reasonable.

FARMER'S CARRIAGE,
neatly trimmed in leather, hand-on-ly finished, built very strong and are very desirable for family use.

The McCormick Steel Mower.
This new aspirant for public favor is a very graceful looking and attractive machine and will be found on examination to be possessed of many qualifications to be found in no other machine.

END SPRING BUGGY,
piano box with double perch, is hung lower than any other end spring buggy now manufactured; springs elliptic Berlin head; axles double collar steel.

SULKY HAY RAKES.
A large assortment in stock sizes and prices to suit everybody, with wood and steel wheels.

THE "STANDARD" MOWER.
We wish to call your especial attention to the Standard mower, which has no equal; it is built very strong and will stand more hardships; has greater cutting capacity, no cogs in main wheels to catch dust and wear out; has less gearing and will give the farmer more good solid service and be of more value for the money than any other mower now sold. We have them from 4 to 7 feet cut. Examine the Standard, or write for prices with circulars.

FARM AND STOCK SCALES.
Chicago U.S. Standard in all sizes; sold low and fully warranted; single and double beam; stockrack, irons and rack trucks with every scale.

Brewster Side Bar Spring.
We carry in stock the Brewster, Timken, Tecktonias and Soule side bar spring buggies; made of the very best material throughout; "A" grade wheels, and Norway ironed gears, leather finish, with and without top.

CHAMPION BALING PRESSES.
They are beyond question the best hay baling presses manufactured. We have them in three sizes.

PLOWS
in all sizes; steel, chilled, sulkey and gang.

The Baker Perfect Steel Barb Wire.
2 and 4 point. It stands at the head of the list in all points of excellence, perfection and durability. We furnish more rods of fencing of a perfect quality for the money than any other wire manufactured.

Brewster Side Bar Spring.
As an open buggy, just the thing for a "knock-about" buggy; comes cheap.

Call and see us when in The Dalles, and examine our goods, whether you wish to purchase or not.
