LOCAL, PERSONAL AND GENERAL.

J. H. Garrett has gone to Albany on business. A teacher is wanted in the Camp Polk district. Ladies' underwear at 75c a suit at the Brick store.

Frank Colman, of Camp Peik, is in town. Mr. Colman says the prospects are flattering for good crops and abundance of grass in that section.

Manned Schel has got up a fine young Bellinger mare which is said to be one of the fastest animals in the county...

Linn Woods has bought the building which he is now occupying, and wishes it distinctly understood that he will soon have the finest saloon this side of Mitchell.

We understand that A. J. Tetherow has gone to South America to look for a location. Both of his ranches, one on Crooked river and one on Deschutes, are for sale.

Spring is at hand. The frogs are croaking in the swamps, the swallows have returned from their winter homes and the grass is putting forth as in the month of May.

Baseball is becoming a rage in this section. Eric long we expect to be called upon to announce the playing of a match game between the Prineville and Ochocho teams.

No household is complete without a sewing machine. All paid-up subscribers of the Review are given a chance in a drawing for one of these indispensable household implements.

The S. F. Call is the leading newspaper of the Pacific coast. The regular subscription price is \$1.25 a year. We furnish the Call with the Ochocho Review for \$2.75. Subscribe now.

It is generally expected by the people here that one of the first appointments made by President Harrison will be that of our fellow townsman, J. C. Luckey, to be Indian agent at Warm Springs.

Water Jackson, who has been engaged in this office the past three months, has given up type setting for the present. Mr. Jackson is an agreeable gentleman and we regret losing him from our force.

Mrs. H. Hahn returned by last Sunday's stage from Portland where she had been under medical treatment. The hand she had operated upon is healing rapidly and she will soon have regained her usual health.

It is the general complaint that trade in all branches is dull at present, but this is the case during February and March every year, and we cannot see that money is any scarcer than it usually is at this season of the year.

The taxpayers of Prineville school district at the school meeting last Monday very wisely voted upon themselves a tax for maintaining school. Five mills for school purposes and three mills for paying the bonded indebtedness of the district.

House cleaning is in season, and it is no uncommon sight to see a lady with a towel around her head in the back yard dusting carpets. In consequence the usual angle temper of numerous householders is nullified by having to eat cold dinners.

A big time was had at Washington last Monday, but nothing unusual occurred in Prineville, and since that time there seems to have been no notable change. It is about the same living under a republican administration as a democratic.

Hon. J. N. Williamson returned from Salem last Sunday. Judging from his appearance, the forty days spent in the legislative hall sitting in manufacturing laws had no bad effect upon him, as he seems in a good state of preservation and retains his usual affability.

Again we would call the attention of horsemen to the importance of holding a horse show this spring. Nothing would tend more to the improvement of stock than the horse men getting together occasionally and comparing their animals.

Hon. J. C. Cartwright, brother of ex-Senator Cartwright of this county, died at his home in Portland on Wednesday last week. Mr. Cartwright held many official positions in Oregon, and was collector of internal revenue at Portland from 1878 to 1885.

Agricultural implements of all kinds will soon be in demand, and to those of our readers who are not already supplied we can cheerfully recommend Filson Bros. of The Dalles as a firm perfectly reliable, and one that is prepared to furnish any kind of farm machinery on the best terms.

"Oregon Electric Relief" is the finest medicine in the world for the cure of any pain, internal or external. It is pleasant to the taste, and will do you good every time you take it. J. F. Venner, Portland, Oregon, sole proprietor. For sale by Templeton & Son, Prineville, Oregon.

Though at present times are dull, there never was a brighter outlook for the country. Stock of all kinds is in fine condition, the weather is favorable for seeding, and everything indicates prosperity. To any one having a sure place for investment, no section of the state offers greater inducements than this.

For some time our postmaster, Jas. F. Moore Esq., has been desirous of turning over the keys to Uncle Sam's mail sacks to a successor, and now that the administration has changed, he feels confident that his resignation will be accepted. Mr. Moore has filled the position with much credit, and whomever his successor may be will find it no easy matter to fill the place so acceptably to the public as has the present incumbent.

The well known and enterprising publisher, The History Company of San Francisco, have just published the long talked of new book, entitled "Marvels of the New West." This grand book has been eagerly awaited and will be largely sought after by the people throughout the entire Pacific coast. The success agents are having on this book is something extraordinary. The publishers want agents to sell this book; and offer rare inducements. See advertisement in another column.

When you see bargains at the Brick Store you never hear any discussion about prices, but everybody is surprised at the prices at which goods are now sold. Call at once, because they will discontinue next month.

One day this week we were forcibly convinced of the advance of the season by Joe Hinkle toasting a mammoth cabbage head, or rather a head of cabbage, into our office. Garden "truck" is coming on early and so are blossoms, for we have already seen a Posy from Upper Trent.

The legal fraternity is liable to lose one of its members, Geo. W. Barnes. For several days he has been seen wending his way to his farm in the eastern part of town with a mottled on his shoulder and coming over one of Horace Greedy's lectures on farming. He evidently contemplates turning granger.

Yesterday Sol Wood arrived here with a "sagebrush angel" whom he arrested near Melrose's place on the desert. He is supposed to be one of a band of horse-thieves and says his name is Jackson, though parties who know him say that is not his real name. He gave Mr. Wood a lively chase before he would surrender.

Annual School Meeting. Last Monday the annual school meeting for Prineville district No. 1 was held at the court house. D. F. Stewart was elected director for the term of three years, and S. R. Slayton for two years, to fill the vacancy caused by the resignation of E. R. Cary. A. C. Palmer was elected clerk. A resolution was adopted levying a tax of eight mills on the dollar, five mills for maintaining a school and three to apply on the bonded indebtedness of the district.

Taylorville News. March 4, 1889. The dance at W. H. Kelly's on Feb. 22d, was a success. Fencing and plowing is the general order on Newsum creek at present.

Mr. Baker, the Harney mail carrier, talks of leaving this route, to keep from supplying the new post-office (Post) at the mouth of Newsum creek. However, Uncle Sam will pay a man to supply this office. Success to Mr. B. and the adobe on the Horse Heaven route.

Mr. and Mrs. Darsey had new potatoes on their table yesterday that were grown this year. Who can beat it? They were of a late variety, the Garnet Chilli. If the seed had been of Early Rose they would have had new potatoes on Christmas.

Mrs. J. C. Hamlin expects to meet her parents from Arkansas soon, as they are coming to Oregon to make this their future home.

Mr. and Mrs. Geo. Wiley have become residents of Newsum creek. R. E. Darsey was elected director, and W. H. Post clerk of school district No. 25. OCCASIONAL.

County Court Proceedings. Convened on Monday, March 4th, all officers of the court in attendance. The following proceedings were had.

COMMISSIONERS' COURT. Application of R. E. Misner for liquor license, granted.

Robates granted to sheriff in the sum of \$97.54 for taxes sworn off Road district No. 25 formed. W. H. Gibson appointed supervisor.

Warrant ordered issued to sheriff to collect taxes on roll of 1888. Petition of J. J. Brown and others for county road allowed. G. W. Estes, W. D. Castle and Isaac Ward appointed viewers and W. R. McFarland surveyor, to meet March 18, 1889, at commencement.

Report of supervisor road district No. 20 accepted. Bills to amount of \$719.89 allowed.

Bills from justice court, Mitchell, disallowed. Road district No. 26 formed. J. P. Yaney appointed supervisor.

B. D. Hinton appointed road supervisor, district No. 23. Boundaries of road district No. 23 and No. 12 established.

LAW. Hahn and Fried vs Link Vanderpool, judgement by default.

Hahn and Fried vs John and George Circle, judgement by default.

J. P. Combs vs W. H. Milliron, dismissed.

Beaver Creek Cleanings. March 7, 1889. (Other parts of the county are occasionally represented in the columns of the REVIEW and Beaver must be heard from once in a while, hence the excuse for this effusion.)

Last week two of our worthy citizens, H. B. Stewart and Al Irwin, had a misunderstanding over a piece of land. In the game Irwin held a "shotgun full" and Stewart

decamped. Heaven is getting a bad name. Some people won't venture through these parts without a body-guard.

Jeff Heister has carpeted his bachelor hall, and gives as a reason that it's to keep his feet warm, but the fact of the business is Jeff wants to get married and Bill Circle is in the same boat.

Squire Elkins will have a job before long, if they don't get a preacher, for there is going to be a wedding, sure.

C. A. Henry and wife have gone to Prineville. Just have the marshal look after Henry a little and send him home when he has outstaid his welcome.

Scales Bill has driven his cattle from Beaver. John Faulkner, assisted by his wife and sister, is tending his ranch. PETE.

Camp Creek Items. March 1, 1889. Fine weather and plenty of grass. Every rancher is plowing, sowing, fencing and preparing for the spring ride.

Mr. Longley has bought the Dogert creek ranch of Sanders Logan. Wm. Harris and family will move to the Star ranch soon.

R. S. Price is making some improvements at his ranch, building pastures, etc. Stock is doing fine, no loss as yet.

A. Hackleman lost his \$1800 stallion this winter from injuries sustained last spring. Prof. Hurley is working in his mine, and has good prospects.

A. B. Coover is expected back from Albany soon. He reports a very mild winter and the farmers uneasy lest there will not be enough rain to insure good crops.

Mr. Boynton's family is sick with colic. Frank Hackleman has been enlarging his house. Mr. Whittier is also making some valuable improvements.

Lem Castle is putting in considerable grain. CORRESPONDENT.

Interesting to Ladies. Our lady readers can hardly fail to have their attention called this week to the latest combination of improvements in that most useful of all domestic implements, the "sewing machine."

As we understand it, a machine for family use should meet first of all these requirements: It should be simple in its mechanism; it should run easily; it should do a wide range of work; it should be as nearly noiseless as possible; it should be light, handsome, durable, and as cheap as is consistent with excellence throughout.

These conditions the "Light Running New Home" certainly meets. It has also several very important and useful attachments and "no-nonsense" of its own, which go far to make good its claims to popular favor.

The "New Home" specially recommends itself to purchasers on account of its superior mechanical construction, ease of management and reasonable price. Over half a million have been sold in the last three years, all of which are giving universal satisfaction. The unrivaled machine is manufactured by the NEW HOME SEWING MACHINE CO., Orange, Mass., and 28 Union Square, New York.

Summit Prairie Notes. March 1, 1889. H. H. Renshaw is here circulating among friends.

E. K. Hedgpeth has moved his family to Johnson creek for the purpose of sending them to school.

Mr. Blake, of Mitchell, will soon move his family here to spend the coming summer.

The snow is gradually disappearing and the grass is growing, which makes the stockman wear a broad grin.

The school clerk's report shows that there are only 26 school children in this district, 14 less than there were last year. There is a surplus of school funds on hand, and a good teacher would do well to apply for the school at once.

Trapping has been the order here the past winter, and the most successful trapper is W. F. Hedgpeth. He says if any one wishes to engage in this amusing industry to apply to him for instructions and he will reveal to them the secret of his success.

DOROTHY. Advice to Mothers. Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for

forty years with never-failing success by millions of mothers for their children. During the process or teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, I will not write. By giving health to the child it rests the mother. Price 25c a bottle.

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A pure, strength and wholesome. More so than any other. It is made from the finest wheat flour, and is the only one that is not adulterated with anything but pure wheat flour. Sold by all grocers.

Wonderful Cure. TO THE S. B. MANUFACTURING CO. GENTLEMEN:—Take this method of informing you of the wonderful effects of your S. B. Headache and Liver Cure. I am in my sixtieth year, have had what the doctors call kidney disease for 35 or 40 years, my liver and bowels being badly affected, going at times as long as 14 days without evacuation, in fact, I was in a deplorable condition, not being able to work for five or six years. About one year ago I got acquainted with Mr. Hamilton, a merchant of Grass Valley, Oregon, who induced me to try your S. B. Headache and Liver Cure, and to my great surprise I am well of the kidney disease, which for years kept me from sleeping a good portion of the time. Now my back is as strong as ever and I am not troubled nights at all. I have considered myself cured of this terrible malady for the last five months, with no symptoms of its return up to date. I am seventy-five per cent better of the constipation of my bowels, which has troubled me so long that I had little or no hopes of ever being well again. At first it required one-third of a bottle to move my bowels, while now one spoonful is quite enough. I have used six bottles. My father died with the same ailment, and I expected to go the same way, but I have no such fear at this time. I will praise the S. B. Headache and Liver Cure to every body, as I consider it a sure cure for such diseases. If you wish to publish this, you are at liberty to do so. Respectfully, J. H. KNIGHT. Rutledge, Wasco Co., Oregon, Dec. 6, 1888.
