LOCAL, PERSONAL AND GENERAL.

Re-entling began in some parts of the county...

The road across the Cascades are now in fair condition...

This week Fuller & Co. received a lot of Backeys mowers.

The present county officials have only two weeks longer to serve.

Attention is called to the advertisement in this issue.

Clark Rogers is still paying the highest bid price for peats and biddies.

For O'Dell, of Beaver, has gone to Portland for medical treatment.

There is scarcely any snow now in the mountains on the Santiam route.

Good crops every week at the Backet Store. More goods expected today.

Alexander McCoy made final proof last Friday on his pre-emption near Sisters.

Hain and M. Sichel left Saturday for Portland on a short business trip.

Chris Burmaster is acting as salesman for Fuller & Co.'s store during Mr. Davis' absence.

Weather rather unfavorable for livestock, guano dresses, ice cream and such.

N. B. Longley made final proof on 100 acres of dirt located on Camp creek last Monday.

The weather clerk seems to be trying to give us a shower of rain, and thus far has failed.

The city election in Portland last Monday resulted in a clean sweep for the republicans.

Robt. O'Dell, of Beaver, left for The Dalles on Wednesday to look after the sale of his wood.

It is said the alfalfa crop in the Bridge creek country will be heavier this season than ever before.

Next week the census enumerators will have almost finished counting the people in this county.

Some Wolfing horse buyers bought several fine young geldings in this vicinity the first of the week.

Dr. Beknap was called to Bridge creek yesterday to attend Fred Claver, who is reported to be very sick.

Mr. and Mrs. Williams, of Glads creek, recently from Kentucky, were in Prineville the first of the week.

Robert Smith, of Sisters, left on Thursday for Halsey, where he will spend the summer working at his trade, painting.

Flooding will end at The Dalles report a scarcity of wheat and are unable to fill orders for flour from Prineville merchants.

Judging from the large stack of goods merchants are bringing in, they still have confidence in the resources of the county.

S. G. Dorris, an old-time printer, one of the founders of the Lafayette Ledger, arrived here from Webfoot Friday of last week.

Mrs. J. N. Blair has been appointed superintendent of the laundry at the Warm Springs agency, and will leave for that place soon.

The Willow creek cattlemen finished increasing this the first of the week. They report having found a very light crop of calves.

Business has been recently done over from Watawanta valley as it is the impression there that the O. P. will not do any building this year.

Silly and Dave Rowan returned on Friday from Fowler's place on Deschutes. They report leaving eight or nine hundred sheep.

You can always save a little money by calling at the Backet Store and learning about its bargains. Buy your hats from us up, other goods in proportion.

Last Saturday Percy Davis sprained one of his ankles while walking on the sidewalk and has been confined to his room since with a lame foot.

It will pay you to save up a little cash and trade at the Backet Store. You can save money every time by doing so as you get goods at eastern prices.

J. F. Moore and Geo. W. Barnes went to Squaw creek Thursday to take testimony before a referee in a water-right case in which they are interested.

The official count of the vote in Harny showed the election of the entire democratic ticket except school superintendent. Burns had no majority for county seat.

Springer Bros. report that only about one-fourth of their calves have raised tails this spring. The past hard winter was the cause of the shortage in their colt crop.

A number of residents of Prineville will no doubt accept the invitation of the Matolias people and spend the Fourth on the river fishing, and otherwise enjoy themselves.

Owing to the short crops in the southern part of Waco, the farmers of Crook county find a market for their rye in that county this season, thus reversing the order of things.

Dr. Chas. Adams arrived here Thursday evening from The Dalles and left yesterday for Beaver to look after the gathering of a band of horses which he intends shipping east this season. Last summer the doctor made a shipment of horses to Illinois, and he will make a larger shipment this year.

During the hot term of the past winter Luther Chappard turned 250 head of cattle on the Agency Plains. This week he finished gathering and thinks his loss will not exceed 60 head.

Messrs. Glass, Barnes and Woods are getting their horses in fine condition for the coming races, and the horses that come from abroad will have to be fitter if they carry off the prizes.

The Albany Democrat wants us to keep our coat on when speaking about the slowness in the building of the O. P. It's too hot over here, brother, to wear coats, even a shirt in a superfluity.

Mrs. A. J. Dufur, mother of Hon. E. B. Dufur, of The Dalles, died at her home at Dufur last week. Mrs. Dufur was one of the pioneer women of Oregon, and was loved and respected by all who knew her.

The report is current here that Johnny Backin, of this place, who is riding for some Baker city horsemen in San Francisco, got into difficulty with another "jack" in the city, and was seriously maimed.

Mr. and Mrs. B. G. Henson returned from a fishing trip on the Deschutes yesterday. They had excellent success catching trout, and the Review was kindly remembered by them with a mass of delicious fish.

Cattlemen who have been rifting on the range recently say the grass is better than they have seen it for years. While rifting they could turn their cattle horses on any acre, and they would get all the grass they needed.

During the last two years the vote of Linn county has increased, showing an increase of about 3000 in population, says the Albany Democrat. There was a like increase in nearly all of the Willamette valley counties.

Matrimonial business seems dull at present. The candidates for matrimony are probably waiting for a better day to be installed into the church's office, and expect him to leave from home for the first time at least.

Mit Haysworth received a letter dated on the 16th saying his mother, Mrs. Brody, was dangerously ill at her home in Portland. Mrs. Brody is well known here and her many friends hope to hear of her speedy recovery.

Last Wednesday Harry, eight-year-old son of Mr. and Mrs. Jas. Pines of Wilkes creek, was thrown from a horse and had his right arm broken. Dr. Beknap reduced the fracture, and at last accounts the boy was getting along nicely.

Notwithstanding the prospect for short crops, the demand here for agricultural machinery has been great this season. C. M. Elkins informs us he had sold all the machinery he had on hand, and his dealers have made important sales.

As it is necessary for the collection of money, all persons having claims against the estate of J. J. Johnson, since by note or on account, which are now due, will confer a favor by making settlement as soon as possible. Jas. J. Johnson.

"Circles" Jim Glass brought several barrels of cotton bolls with him on the return from almost, and I went from an exhibition at Des Moines, Iowa, where they were offered by many men, never saw the big cotton plantations of the South.

The North Pacific Industrial Exposition will open at Des Moines on September 23 and close October 25. Every effort being made by its management to give the position to make it a grand success, and it is expected to be a world's fair on a small scale.

It is really too bad Prineville can't celebrate on the county. The young American will be deprived of an opportunity to show the educator, and we can and indulge in other outdoor pleasures that become the pastime of future presidents and congressmen.

B. F. Childers was in yesterday afternoon from Watawanta, having come across the Cascades. He says he is well pleased with what he saw in that county, and looks forward to his next Eastern Oregon. Mr. Childers will only remain with us a few days.

Hon. William Byrns, father of Bruce Cyrus of this county, died at his home at Selma on June 10, aged 75 years. Mr. Cyrus was an honored member of society and was one of the best men who attained ripe old age without hearing the untimely cry of his fellow men.

A small line, which is weekly service, has been established between Canyon City and Stewart. The service on the line from here to Stewart, and it is expected to be in operation a week, which would give us direct communication with the county seat of Grant county.

The Oregon delegation at Washington has recommended the appointment of M. T. Nolan to be postmaster at The Dalles. The present postmaster, Finny Crook, has been elected clerk of Warren county, and is desirous of going with the P. O. before the first of July.

W. H. Frazier was in town this week for the first time since last fall. Like all sheep raisers, Mr. Frazier was considerably lamer by the winter, having lost 900 out of something over 1000 head. Better says he is not discouraged with the sheep business and wants to buy enough more sheep to increase his band to the number he had last fall.

J. N. Blair, census enumerator for Mitchell, Saltzman and Upper Front precincts, was in town yesterday. He says he has almost completed the work of counting the people in these precincts and thinks he found all of them. Mr. Blair says there is a large number of the county are looking fine and grass on the range is excellent.

The number of calves branded by some of the leading cattle raisers of the county this season as compared with what they branded in the spring of last year, is a fair illustration of how the past winter affected the cattle business in this county. In the spring of last year A. R. Eyle branded 100 calves and Joe Blake 60.

No Railroad this Summer. The chances are that the O. P. will not reach Prineville this summer, but parties who visit Willamette valley and desire to buy supplies, are invited to call at G. W. Stimpson's, Albany, where is kept a full assortment of groceries, dried fruit, bacon, dry goods, clothing, boots, shoes, etc. Am prepared to furnish a full load at the very bottom price. Wool, hides and pelts, handled and the highest price paid. G. W. Stimpson.

General Merchandise Dealer, Albany, Oregon.

Hay Creek Will Celebrate. Hay Creek, June 16, 1890. The people are making arrangements to celebrate the national anniversary in appropriate manner at Durham's mill on the coming 4th of July. At a meeting held at the mill yesterday, the following committees and officers for the celebration were appointed:

President of the day, J. O. Donahue; marshal, J. T. Robinson; reader, Chas. Durham; orator, Knox Huston; essayist, Mrs. R. L. Wiloughby; table manager, Mrs. Jas. Hamilton assisted by Madron, J. T. Robinson, C. S. McCorkle, T. S. Hamilton, Chas. Lott; committee on music, Chas. Lott, C. A. Vanhook, Hugh Cleek, Mrs. R. L. Wiloughby, Mrs. Perry Read, Mrs. C. S. McCorkle.

In connection with the celebration there will be an open-air dance with Perry Read as floor manager assisted by Gus Detmering, Milo Wood, Sanford Strutt, Joe Nunn, Henry Windom. Music will be furnished by the string band, led by Jas. Hamilton assisted by John Sandy, C. B. Buse, Hugh Cleek and others. A basket dinner will be served.

All are invited to attend, and those who come will be welcome and are sure to get all the good, pure, cold, mountain water they can drink along with the good things to eat. ROY EVANS.

From the Matolias. June 16, 1890. Dr. Cline has been in from the city, looking after his affairs on the river.

G. W. Clayton, our gentlemanly deputy school superintendent, accompanied by his father made a short visit to Matolias recently. Mr. S. seemed much interested in our section of the county, and we rather expect him back ere long on an exploring expedition.

Picnics at the lakes are now in order. Messrs. McGowan and Martin, who have been camped down the river for some time, started across the mountains yesterday.

It is just too bad to have what few sense we have taken by census enumerators. C. A. Cline is the gentleman who takes 'em in these parts, and is thoroughly understands his business. His genial, good humor stands him well in hand, and dispels much of the resentment some might feel at the odd questions.

A. G. Mault, of Clatsburg, Pa., arrived on Matolias last week. He spent a short time in Oregon several years ago and liked the country very much. We hope to number him among our permanent residents, as we need more honest, reliable, thorough-going people in our community. Such men and women are always welcome everywhere. BADGER.

Death of Little Ree Roberts. Nelson Creek, June 12, 1890. After an illness of five weeks of milder suffering Little Ree, infant daughter of Mr. and Mrs. J. E. Roberts, departed this life for an eternal home among the little angels that have been finding sweet rest in the bosom of Jesus through all the past ages.

The precious little sufferer passed away on the last day of May and was laid to rest beside her departed grandmother in the family grave yard on the hill above the residence of the bereaved parents. Many of the neighbors and sympathizing friends were present to pay the last tribute to the little household pet.

Little Ree was only five months old, but all who knew her feel that they have lost a dear little friend in a few well chosen remarks, Mr. Hedgcock extended the thanks and gratitude of Mr. and Mrs. Roberts to the community for the kindness and assistance rendered during the sickness of their departed darling. The assembled friends were then dismissed and went to their homes, feeling that judgment of God is just, though mysterious.

KIRK GRIBBS and MAY KNOX. Sunny Side Fruit Farms. Salem continues to grow, and the building industry never was so actively pushed in the city before. This activity extends to the section surrounding, and each contributes to the other's prosperity. This condition of things gives added value to those ten-acre fruit farms at Sunny side, four miles south of Salem, and rendering them increasingly desirable to those who wish to engage in any farm specialty. For sale by the Oregon Land Company of Salem and Portland.

MOSEY TO LOAN. A Ralied amount of money to loan on short time with good security. Inquire of S. J. NEWSON, Prineville, Oregon.

Will Improve Their Stock. The cattle raisers say that the past winter killed off the greater portion of their poor stock—"scrubs"—and that they now have the best stock that their heads left to breed from, and with the introduction of well-bred males into their herds they expect to improve their stock and within a few years they will have a desirable class of stock on the range. Already several of them have bought grades of Herefords, Shorthorns and Angus and will make further purchases as they are needed. This is certainly a move in the right direction, for it is more profitable to raise good than poor stock, and the cattlemen of the country have learned it is an advantage to them to breed fine cattle as it is for the sheep or horse raiser to improve his stock.

The Forest and Best Articles known to medical science are used in preparing Hood's Sarsaparilla. Every ingredient is carefully selected, personally examined, and only the best retained. The medicine is prepared under the supervision of thoroughly competent pharmacists, and every step in the process of manufacture is carefully watched with a view to securing in Hood's Sarsaparilla, the best possible result.

Cap. Weather Bulletin No. 11. Of the Oregon weather bureau, cooperating with the U. S. Service, central office, Portland, Oregon, for week ending Saturday, June 15, 1890.

WEATHER. The week has been cool and partly cloudy, with light sprinkles of rain on Sunday, Monday and Saturday. The rainfall was light and did not reach more than half an inch. Vegetation of all kinds would be benefited by good, heavy rains, and especially would the wheat crop be benefited. The weather has, however, not been injurious to crops, the cool, cloudy weather being more beneficial than classed warm weather would be, but rain is what is needed for the growth and maturing of grains, vegetables, etc.

CROPS. Haying is in progress and light yields are generally reported. The continued dry weather proved to be quite injurious to the hay crop in most sections.

The fall and early sown spring wheat are in good condition. They would be benefited by rain, but if no dry north wind prevail, the late spring sown grain continues to be in a poor condition, and less than one-half the average from spring sown grain is expected. Barley, rye and oats are doing quite well. Corn has a slow growth owing to cool weather. Hops are reported as progressing nicely. Vineyards are healthy and excellent prospects are shown by them. Eastern Oregon reports are more hopeful than from Willamette valley. Fruit, however, in the Willamette valley is in as fine a condition as could be desired, and Southern Oregon promises to eclipse former years by her fruit yield. The strawberry crop is becoming exhausted and cherries are now plentiful in the market.

Peculiar. Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients. Hood's Sarsaparilla possesses the following characteristics: It is the best known remedy of the vegetable kingdom. Peculiar in its strength and economy. It is the only medicine which can truly be called "One Hundred Doses One Dollar." It is a larger and smaller bottle, requires larger doses, and doing Hood's Sarsaparilla accomplishes more than other medicines. It is the best medicine for the cure of the greatest blood purifier ever discovered. It is the only medicine which can truly be called "One Hundred Doses One Dollar." It is a larger and smaller bottle, requires larger doses, and doing Hood's Sarsaparilla accomplishes more than other medicines. It is the best medicine for the cure of the greatest blood purifier ever discovered. It is the only medicine which can truly be called "One Hundred Doses One Dollar." It is a larger and smaller bottle, requires larger doses, and doing Hood's Sarsaparilla accomplishes more than other medicines.
