Conservatives Assert This Will Tie the Hands of Any Commission That Might Be Sent to Washington.

LONDON, April 12.—Great Britain has not yet definitely estimated the money indemnity she desires China to pay. The government adheres to the belief that little can be insisted upon cash payment from China, and though the government regrets this will possibly be a cause for delay, it continues to instruct Sir Ernest Satow to try to induce the powers to agree to a demand for greater trading privileges instead of money. The government is of the opinion that the opening of those rich provinces hitherto closed to foreign commerce would result in much greater benefit to the nations concerned and to China herself than the extraction of lump sums of money.

Regarding Japan's attitude toward Russia, opinion in Downing street inclines to the belief that Japan, in common with the other powers, is satisfied with what is termed as Russia's backdown, but that Japan will continue to keep a sharp eye on Corea and have no hesitation in threatening hostilities should Russia menace that country.

CHINA'S RESOURCES. Ministers at Peking Think She Can Raise \$300,000,000.

PEKIN, April 12.—The committee of Ministers which is considering China's financial resources has reported the conclusion, based on what information is thus far obtainable, that \$300,000,000 in gold can be raised without injuring China's resources. The examination by the committee into the subject is thus far incomplete, and it will probably subsequently learn that other Chinese resources for indemnities are available.

The discussion of politics has this week given place to amusement, commencing with the German races at the Hunting Park. Monday last. The remainder of the week was devoted to international races, a assault at arms and tent pegging at the Temple of Heaven. The Russians particularly are celebrating the Easter holidays.

The Ministers openly express their desire that the foreign troops leave Peking. They are seemingly as anxious for the departure as were the besieged Ministers anxious for the arrival of the troops.

RUSSIA LAYING MINES. LONDON, April 13.—Joseph Chamberlain's organ, the Birmingham Post, learns that the Russian Ministers of War and Marine have issued joint orders for the laying of an extensive system of submarine mines at Port Arthur, Vladivostock and elsewhere in those seas. The apparatus leaves Odessa early in May.

AMERICAN PARTY ALMOST ENTRAPPED IN LEYTE. MANILA, April 13.—General MacArthur has forwarded to Washington a special report on saloons and the social evil in the Philippine Islands.

Information concerning the doings of Aguinaldo is withheld by the authorities. The wife and mother of Aguinaldo have been almost his only visitors during the past week. General MacArthur considers it opportune the suggestion made here that Aguinaldo visit the United States.

By the treachery of a native guide, Lieutenant Mills, of Commission.

(Continued on 4th page.)

BERLIN, April 13.—The correspondent of the Associated Press bears tonight from an authoritative source that the Chinese indemnities for war expenses, exclusive of claims of private individuals and missions, have been fixed as follows: Russia, 360,000,000 marks (about \$90,000,000); France, 260,000,000 marks (about \$65,000,000); Germany, 240,000,000 marks (about \$60,000,000); England, 90,000,000 marks (about \$22,000,000); France will also present claims for the indemnity of the Italian mission.
