HE ASKS FOR PEACE

Aguinaldo's Address to the Filipinos. BEEN WAR ENOUGH

Urges His Countrymen to Accept the Sovereignty of the United States.—MacArthur Releases 1000 Prisoners.

MANILA, April 19.—Following is Aguinaldo's address to the Filipino people, made public this evening: "I believe I am not in error in presuming that the unhappy fate to which my adverse fortune has led me is not a surprise to those who have been familiar with the progress of the war. The lessons taught with a full meaning, and which have recently come to my knowledge, suggest with irresistible force that a complete termination of hostilities and living peace are not only desirable, but absolutely essential to the welfare of the Philippine Islands.

"The Filipinos have never been dismayed at their weakness, nor have they faltered in following the path pointed out by their fortitude and courage. The time has come, however, in which they find their advance along this path to be impeded by an irresistible force which, while it restrains them, yet enlightens their minds and opens to them another course, presenting to them the cause of peace. This cause has been joyfully embraced by the majority of my fellow-countrymen, who have already united around the glorious sovereign banner of the United States. In this banner they repose their trust and belief that under its protection the Filipino people will attain all those promised liberties which they are beginning to enjoy.

"The country has declared unmistakably in favor of peace. So be it. There has been enough blood, enough tears and enough desolation. This wish cannot be ignored by the men still in arms if they are animated by a desire to serve our noble people, which has thus clearly manifested its will. So do I respect this will, now that it is known to me.

"After mature deliberation, I resolutely proclaim to the world that I cannot refuse to heed the voice of a people longing for peace, nor the lamentations of thousands of families yearning to see their dear ones enjoying the liberty and the promised generosity of the great American Nation.

General MacArthur and General Bates, the commander of the Department of Southern Luzon, who is shortly to sail for the United States, reviewed today the Forty-fifth and Forty-sixth Volunteer Infantry, which will sail for home on the transport Sheridan Monday next. During the past week, 288 rifles have been surrendered. The extent of the commissary

EFFECT OF THE ADDRESS. It Will Be Felt in This Country as Well as in the Philippines.

WASHINGTON, April 19.—It is believed by the Administration that the manifesto of Aguinaldo will have a decidedly good effect, both in the Philippines and in this country. It will take some time for its dissemination among the Filipinos, but it is expected to be of considerable service and to make more rapid the improvement in the situation which set in some time ago and which has become much marked of late. Especial gratification is felt at the unreserved tone of the document and the full acceptance it indicates of American rule. This, it is felt, will bring to the support of the Government many Filipinos who, wishing for peace, have hesitated to assist the Taft Commission. In this country it is expected to reduce the criticism of the Administration and to cause less discussion of the general policy of the war in the islands and more consideration of the important matter of the best administration to be evolved for their government. It is to this work that the Taft Commission is now bending all its energies.

Aguinaldo, now that he has accepted American sovereignty, probably will be given more liberty than he has enjoyed hitherto. His services will be used, as far as possible, in the pacification of the islands. The extent, however, to which he will be permitted his freedom is for General MacArthur to determine with the assistance of the Taft Commission, for the aim of the home government here will be to rest largely upon the views held by its representatives in the islands.

Coincident with the issue of the manifesto at Manila, Secretary Root made public the copy received from General MacArthur. This came to hand April 10, and differs slightly in phraseology from that made public in Manila. General MacArthur informed the department at that time that the manifesto had been prepared by Aguinaldo with the assistance only of the two staff officers who were with him at the time he was captured. Secretary Root declined to be interviewed on the subject of the manifesto, further than to say that it was dignified in tone and admirably constructed.

The Quartermaster-General's Department has purchased a transport at Manila to carry animals from that port to various island stations, relieving the larger transports of that duty. The new transport has been named the Liscum, in honor of Colonel Liscum, who was killed at the battle of Tien Tsin.

Boers Capture Supply Train. EAST LONDON, Cape Colony, Friday, April 19.—A train loaded with cattle and coal was captured by the Boers near Monteno, Cape Colony, last evening. The forward locomotive escaped and ran to Stormberg and returned with the troops, who found the train on fire. A couple of natives were killed. Train bands had been stripped and then released.

Chinese Troops Ordered Back. PEKIN, April 19.—In consequence of strong representations to the Chinese Government, an imperial decree, dated Tuesday, April 16, has been issued, ordering the Chinese troops at Hwai Lu to remove immediately outside the great wall.
