

## PRINEVILLE REVIEW.

APRIL 22, 1903.

### LOCALETTES.

The planer at the new planing mill started up Tuesday morning.

"Please don't touch that arm," is an expression frequently heard in Prineville these days.

On last Tuesday morning a daily mail service was put in between this place and Sisters.

Judge Barnes has been in Mitchell during the week looking after some legal business.

Foster and Lohman purchased 20 tons of Burbank potatoes in Portland and the same are now daily driving.

We would like the special attention of our patrons to the acts of Elkins & King, the leading hardware and agricultural dealers in our city.

Baby—To the wife of Joe Lester on April 17, 1903, a bouncing baby girl. We are informed that the mother and little one are getting along nicely.

J. M. Lawrence, the newly appointed United States commissioner for Bond, arrived in Prineville on Tuesday's stage, and immediately left for his new home.

We have received from Senator Mitchell quite a lot of garden seeds for distribution. Anyone desiring some of the seeds can be supplied by calling at this office.

An effort should be made to have the tri-weekly mail service now existing between this place and Sisters increased to six times a week. All that is needed is for someone to interest themselves in the matter and it can be accomplished.

The pair of Galloway pheasants brought from the Valley last fall by H. S. Price, a hunter, however, now as they are out in the nest enclosure made for them.

Sherman is the banner county of Oregon, as he is out of debt and has the sum of \$35,536 in the hands of the county treasurer. Hurrah for Sherman county.

Arthur Hodges is now revelling in the delights, pleasures and other things incidental to such a life while his better half is unbounded success.

Jessie C. Clem, an experienced smallpox nurse, arrived on Tuesday's stage and our city health board immediately hired him to wait on the patients in the pest house.

Owing to the presence of smallpox in our city, Judge Bradshaw has decided that no session of circuit court will be held in May, but all cases go over until the regular October term.

Any delicacies that the ladies of Prineville feel like donating to those afflicted with smallpox and in quarantine, would be cheerfully received and delivered by the health officers.

B. F. Sones and Mrs. R. P. Harrington left by stage Sunday with Mrs. Lucy Davis who was declared insane. Mrs. Davis, formerly Lucy Vincent, before her marriage, lived near Medford in Jackson county.

You will find a new line of fine millinery in the way of ladies', misses' and children's spring and summer hats, caps, etc., also new line summer dress goods at lowest prices. Call and see J. F. Morris.

Formaldehyde sprays, vaccine points, quarantine, city health board, state health board, county health board, are the principal topics of conversation indulged in by our citizens as they meet one another.

John T. Whistler, a U. S. civil engineer spent several days with us last week, looking over prospective sites for government irrigation works among which were the McKay Creek and Crooked river countries.

### Council Meeting.

The Council met at office of Recorder Biggs yesterday with M. E. Brink acting mayor in the chair. Resignation of W. Wurzweiler as councilman read and accepted and J. W. Boone elected to fill the vacancy.

Resignation of Mayor L. N. Liggett read and accepted.

Resignation of Councilman M. E. Brink read and accepted and C. J. Johnson elected to fill vacancy. M. E. Brink was elected to fill vacancy in office of mayor.

### Give Them Christian Burial.

Why in the name of Christianity and civilization do we see men buried from our midst without the civilities of Christian sepulture, even though they may have the misfortune of having died with a contagious disease? The physician is permitted to go into the sick room and minister to them and to attend to these matters under proper and disinfected conditions. Why not the minister be allowed the same privileges? I am sure that the matters pertaining to the soul are as important as those of the body. Also the minister can be as careful and as wise as the physician if he may at least

Married.

At the residence of Hugh Lister on Friday evening April 17, by Rev. H. E. Clark, W. T. Fogle and Miss Etie Montgomery.

Only a few intimate friends were invited to witness the interesting event, and it was said that those who were invited, were parties who are seriously contemplating taking a similar step themselves.

The bride was said to be a bit nervous during the ordeal while the bride was perfectly composed and at her ease.

The Review extends congratulations to the newly wedded couple and may their venture upon the matrimonial sea be one of success and prosperity, and while

they may occasionally arise, may they all be little ones.

fraction than cheap selling, poorly constructed "commercial" upright makes, while they can be had for much less money. After thoroughly testing them we have decided to let them go at the following prices. Read the list and write or see us about them.

Steinway, handsome rosewood case, carved legs, beautifully proportioned, \$100; Marshall & Wendell, rosewood case, scroll music stand, price #60; Halliet & Davis, rosewood case, carved ends, round corners, a bargain for #72; Whitney, rosewood case; 7 1/2 octaves, carved legs and scroll desk, bargain #72; Chickering grand square, rosewood case, cost \$800 for #125; Hardman, rosewood case, cost \$550 now only \$95; Marshall & Travers, a very dainty little instrument for only \$40, another of the same make with exceptionally fine tone #40; T. P. Hale in very good condition, #70. Several other makes in perfect order, that will cost little money if you buy them new. Terms \$10 and \$10 a month.

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. FULLER COMPANY, 420 Montgomery St., San Francisco, Cal.
