Money for Friends.

10 per cent of Your Purchase Free.

The more you spend the more you have.

Your Credit is Good.

Discount Your Bills and save money.

We want your advice.

No man can live and succeed without friends.

After nearly five years of following the fashion set by other people, we are going to break away from the old rut and set a fashion of our own.

We have a prosperous business and intend to share it with our friends.

On and after September 10, 1903, to each purchaser of one dollar in cash in any department except paints, lead, oils, and Dr. Shoop's and Dr. Miles' remedies, we shall present a tag good for ten cents in trade.

Just stop and think what this means to you. If you buy a bottle of medicine paying for it one dollar, you still have ten cents due you to apply on any other purchase you may desire. If your purchase amounts to five dollars, you will receive checks to the amount of fifty cents to apply on any other purchase. No matter how large the purchase you may make you still have ten per cent of the purchase price to apply on other purchases. But the purchase must amount to one dollar to entitle you to the additional ten per cent.

But this is not the only change we are making. To those having approved credit with us, we shall continue to extend credit in the future as in the past, with this difference: All accounts are subject to a discount of ten per cent in merchandise if paid within 30 days from date of purchase, or are subject to a discount of five per cent in merchandise if paid within 60 days from date of purchase. After 60 days net. At the end of four months due, and must be settled by cash or note.

We shall be pleased to receive comments on this plan from our many friends and customers.

Thanking you for the many favors we have received from you in the past and hoping for a continuance in the future, we are

Your friends,

THE WINNEK COMPANY.

THE MOST USEFUL MONEY TO A COLLEGE

By President BUTLER of Columbia University

THE most useful money that can come to a university or college is FREE MONEY—money to run the institution, money for general purposes. If, therefore, a millionaire desires to do the greatest good with his money in the line of education, let him give the sum he desires to contribute to a university or college WITHOUT ANY STRINGS TIED TO IT.

If a university is not properly conducted, if it does not know how to spend funds intrusted to it, it should not have a man's money FOR ANY PURPOSE. Let a man look carefully over the different institutions, let him select the one in which he has absolute confidence, let him select the one whose plans approach nearest his ideas of education and let him say, "Here is so much money to run your university and to continue the line of work you have begun."

He might accompany his contribution with certain SUGGESTIONS which would undoubtedly be taken up, weighed carefully and acted upon by the beneficiary. In other words, a man when he determines that a university is being run better than he can run it should leave his money as a free fund to be used at its DISCRETION, and in this way he would accomplish much better results.

MONEY THAT IS ASSIGNED FOR A SPECIFIC PURPOSE IS NOT ALWAYS AN AID TO A UNIVERSITY. For instance, suppose a man leaves or gives \$100,000 to found a certain chair in a certain university. It cannot decline it, and when it is incorporated it must be maintained, even at a loss.

When a man gives a certain sum to a university for a specific purpose, the university becomes simply the CUSTODIAN of a trust fund. No matter what other urgent needs of the institution there may be, this money cannot be diverted from the specific purpose for which it was donated.

I do not wish to be understood to discourage the founding of chairs in universities, but I do want to be understood as saying that if there is a margin over and above the expenses of this particular branch the college ought to be allowed to apply it to the payment of expenses of the university in general.

THE GREAT NEED OF OUR EDUCATIONAL INSTITUTIONS IS FREE MONEY. AND THE GREATEST GOOD A MAN CAN DO TOWARD PROMOTING EDUCATION IS TO ESTABLISH FREE FUNDS IN ONE OR SEVERAL INSTITUTIONS IN WHICH HE HAS CONFIDENCE.
