A 300-Pound Rambouillet.

Allen & Lafollet this week received a fine Michigan-bred Rambouillet ram from Orchard Lake, Mich., which will be used on their ranch. We print below an article from the Michigan Farmer:

"This ram is known as Orchard Lake, 850, 13429 of American Rambouillet Record. At the State Fair he was awarded first in the open to all his class, first in flock, first in his class, and grand sweepstakes. Since being exhibited he has been shown. Before shearing he weighed 289 pounds; and he gave a fleece of 44 1/2 pounds of delaine wool. Neither in size or weight of fleece has any Rambouillet ever equaled these figures, either in France, Germany or the United States. His dam is a ewe presented to Mr. Wyckoff by Baron Von Homeyer in 1891, and regarded as one of the most valuable in that famous flock."

This is the way of this firm. Ever on the alert to secure new blood for the r flocks, it is no wonder that some of the finest sheep in the world are to be found here in the herd of Allen & Lafollet, who do a large export business them-

Adrian Crooks has again taken up the duties of electrician at the power house after a vacation of two months.

Smith & Clark are in need of a little ready money and those who are using them would confer a favor by calling in and settling up.

Frank Atwood left for Shaniko Monday after a week's visit in Prineville, as the stage office down there needed a little attention.

Frank has many friends in this city who will miss him, and one especially who misses him considerably more than the rest of us.

James T. Belcher committed suicide in More last Sunday by shooting himself through the head. Faithfulness of his wife was the cause. The deceased was formerly in the stock business and many times he rode the range in this vicinity as well as in Sherman county in search of cattle.

Counterfeit half dollar pieces of the date of 1897 are in circulation, which defy detection, except by experts. They undoubtedly contain a large percentage of silver, because the weight of the piece is about the same as the genuine half-dollar coin. In appearance the counterfeiters are perfect, and they have the true ring.—Huntington Herald.

The first quarterly meeting of the year will be held in the M. E. church on Oct. 17 and 18th. The quarterly conference will be held on Saturday, 2 p. m. Preaching on Sunday at 11 a. m. and 7:30 p. m. Rev. G. M. Booth, the presiding Elder, will conduct all services. Everybody is cordially invited. No services at Claypool next Sabbath afternoon.

Last Friday evening Prof. A. C. Strang organized a glee club with an initial membership of between 25 and 30. The meeting took place at the home of Mrs. C. M. Elkins. The club worked on two choruses, "Song of the Triton" and "Peasant's Wedding." Other selections have been ordered and a good chorus will be worked up. There is plenty of good material in the club, and Prof. Strang is an excellent director, and it is a question of only a little systematic training before the club will appear in public.

Smith & Clark are repapering and refitting the Reception, in an artistic manner.

Salomon, Johnson & Co. have the most complete line of gents' underware to be found in the city.

Ladies, you should call at Salomon, Johnson & Co.'s and see their beautiful line of ladies' silk and wool plaid shawls.

Watson and Snider are now register and receiver of the Lakeview land office, or will be as soon as their bonds are approved.

Flooring, rustic and finishing lumber fit to be used in 1903 buildings can only be had at the well known firm of A. H. Lippman & Co.

Smith & Clark have the famous Olympia beer on tap at their place of business. When you want a first class drink of the best beer made call at the Reception Saloon.

If you ask your dealer for some well-known advertised remedy, because you have confidence in its cure, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you do not ask for and of which you know nothing.

A. Williams, the obliging clerk for the Winnek Co., left Monday for New York, where for the next six months he will attend medical college, after which he expects to come out a full-pledged physician and surgeon. His place in the Winnek Co. store is taken by H. Forman, of Salem.

O. E. Dawson, representing Elms & Co. Portland, did business in Prineville yesterday. Mr. Dawson is boosting "Royal Club" canned goods, which are undoubtedly the best on the market to day. These goods are new on the market here, but an indication of their merits may be gathered from the fact that three carloads of futures are to be shipped to Shaniko for interior merchants, within the next week.

Parlor Millinery.

The ladies of Prineville and vicinity are cordially invited to call and inspect a select stock of the latest designs at the home of

Mrs. G. E. King

on Main street, between 1st and 2d.

Four new buildings are in course of construction at Lytle on Deschutes. The townsite is now on the market, and lots are changing ownership rapidly. J. L. McCulloch, spent for the townsite of Lytle, has been in Portland all week in the interest of his commission, and is reported to have parted with several lots while there to parties who expect the Columbia Southern to be extended in the early future.

Governor Chamberlain of Oregon, and Governor Morrison of Idaho, will visit Pendleton early in November and deliver speeches at the convention of the Oregon Irrigation Association.

Our old friend Frank Eastbrooks has purchased the Mailbox Gazette, at Vale, and comes out this week with his salutatory. Bro. Eastbrooks has been in the printing business for at least 40 years and knows how it is himself. Our best wishes, Bro. Frank.

Dr. Belknap & Edwards are building an addition 12x22 to their office. This will be divided into two rooms, one for a consultation room and the other will be Dr. Edwards' sleeping apartment. In the front office will be installed a phone, so that they will be ready day or night to attend to calls.

Commissioner Richards objects to the timber and stone act because it allows entrainers, largely speculators, to get for \$2.50 an acre lands that are easily worth \$100. Recently 10,000 acres in township 10-40 were taken by speculators outright by laying scrip on them. Here went 22 1/2 acre tracts of fine timber land in one sweep, and the general land office says not a word about it. Commissioner Richards is in the ring. He has a collar about his neck and is doing the bidding of someone else, without question. He must have known the government was losing virtually \$25,000 by not permitting legitimate entrainers to get possession of their little quarter-sections, even if he knew they were to be sold next day at a 40 per cent advance.

The Oregonian is a very busy paper just now. Supplied with a liberal quantity of lampblack and oil and a bucket of whitewash and a brush a foot wide, its artists are deeply engaged in dispensing the two colors. Mr. Hermann is getting a good coat of white and black alternately, with the whitewash predominating, while Chief Hunt and Mr. Williamson, formerly white as snow in the Oregonian, are now being treated to a liberal dose of lampblack and oil. Verily, the wags of the strenuous Oregonian to "give the news" are deviating to the extreme. In other words, Hermann promises to be useful to the Oregonian and he is therefore in good standing—now. It is safe enough to assert that the other two gentlemen are losing little or no sleep over some of the statements in the "news" columns and which editorially the paper is silent upon. The people look into those statements and smile indulgently as they realize that other objects figure in the management of a great newspaper besides merely giving the "news." Politics, in fact, cut the widest swath of all, and anything of a political nature is scanned with a large mental reservation as to its entirety.
