## The Prineville Review

THURSDAY OCT 22 1903

### LOCALETTES.

Kelly's photos are genuine works of art.

Get your check for 10 cts. on the dollar at Winnek's.

Your accounts are subject to a discount at Winnek's.

Salomon, Johnson & Co. have just received a new carload of the old reliable Mitchell wagons.

A million-dollar fire nearly wiped Aberdeen, Wash., off the map on the 10th. Four are dead and many injured.

Smith & Cleek are in need of a little ready money and those who are owing them would confer a favor by calling in and settling up.

A R. Eastwood, a sawmill man on McKay creek, was a visitor to Prineville Tuesday. Mr. Eastwood was complaining about his inability to get timber suitable for lumber, and was gratuitously advised to lay in a bunch of scrip as the only sure-way to acquire a clear title.

C. F. Perrin left this week for Prairie City, where he has accepted a position at the Dixie Meadows mine under C. L. Shattuck. The Dixie Meadows seems to be absorbing all our mechanical talent, but in a very short time we will in turn be absorbing most of the yellow product of the mine.

The Christian Endeavor is to give a praise service in place of regular services on the first Sunday in November. A mammoth program is now preparing for the occasion, which will appear later. The admission fee will be applied on the purchase of an organ. Everybody should turn out to help the good cause along.

Geo. A. Clunie, who has lived around Prineville for several years past, left this week for California. His wealthy brother, Thomas J. Clunie, left him a big ranch in Napa county and the income from \$10,000. This is quite a windfall for Mr. Clunie, especially as he is getting along in years and to a point when a man must settle down if he is ever going to.

Read the ad of the Lytle Townsite Co. on page 4. Not many places have the bright prospect before them that Lytle can boast of. The terminus of the Columbia Southern Railway, whose extension cannot be much longer delayed, has been designated as Lytle. A sawmill is already in operation there and building is going on briskly. A year from now will see a marked change in that whole country and lots that can be bought now at a reasonable figure will be out of the reach of ordinary mortals. Get in on the ground floor.

Salomon, Johnson & Co. have the most complete line of gent's underwear to be found in the city.

Fascinator sale for children, at Mrs. Bradford's on Friday afternoon from 4 to 5. Fascinators at cost.

Preaching at 3 o'clock at Claypool schoolhouse Sunday, by Rev. H. C. Clark. Everybody invited to attend.

Miss Florence Merrill is about recovered from her typhoid fever attack. In a week or so she will be convalescent.

Ladies, you should call at Salomon, Johnson & Co. and see their beautiful line of ladies' silk and wool plaid shawls.

Found.—One leather legging, on Prineville-Bend road. Owner can have same by calling at the Review office and paying for this notice.

Mrs. C. M. Steffa, mother of Editor Steffa of the Journal, arrived in Prineville from Denver on Monday, and will make her future home with us.

W. W. Brown, of Fife, sold 32 head of horses to W. F. McBride and W. R. Moses who are driving them to the Willamette valley via Bear Creek Buttes and the Bend.

The ladies of the Presbyterian Aid Society will give a supper on Friday evening October 30th in the building one door north of Elkins & King's store, beginning at half past five. All are cordially invited.

### Parlor Millinery.

The ladies of Prineville and vicinity are cordially invited to call and inspect a select stock of the latest designs at the home of

Mrs. C. E. King

on Main street, between 1st and 2d.

Burnt work and hand embroidery on sale.

State Senator M. F. K. Biggs, of Farber, Mo., is here on a ten day visit to his son, County Judge Biggs. Mr. Biggs, Sr., is very much pleased with his son's location, but is too closely identified with the interests of Missouri to admit of his taking up a residence here.

That Haystack country is coming to the front as a producer of freak vegetables. Only a week ago a big squash was brought in, and a little later an 84 pound turnip was handed to us for inspection. Tuesday morning John Helfrich appeared with a mangel-wurzel or rutabaga (we are not familiar enough with farm produce to determine which) that weighed easily 14 pounds. We almost scare at the thought of what the pumpkin season will bring forth at Haystack.

R. C. Montgomery, of Haystack, was a visitor to Prineville Monday.

C. D. Swanson, of Ashwood, was registered at the Poindexter Monday.

Dick Vandeventer has moved his family to Prineville for the winter. Beginning with the month of October a full line of Butterick's patterns at Winnek's.

John Steidl, A. W. Pope, and Mr. and Mrs. Chas. Brock came in from Lytle yesterday.

The largest assortment of furniture ever brought to Prineville will shortly arrive at Winnek's.

Dad West and Marsh Aubrey, two of the oldest inhabitants of the Deschutes valley, are courting in Prineville this week.

Geo. W. Noble, of Paulina, has been visiting this week in Prineville. Mr. Noble made the Review office a very pleasant call while.

H. C. Whitworth, mayor of Lakeview, has been missing since August 25, and the Herald says his family are growing anxious about him. It is feared he has met with foul play.

W. H. Hollinshead, of Lava, is attending court this week. He has a kick coming. Says the court allows him only \$1.50 a day witness fees, and it cost him just that to board his team. Where does he get off at?

Max Lueddemann, editor of the Antelope Herald, and Miss Ollie McConnell, of Moscow, Idaho, were married on the 7th and are now spending their honeymoon in California. This is another newspaper man gone wrong. However, we extend congratulations, Max.

Representative Williamson visited Prineville, his old stamping ground, this week and took in the ranch while here. He left Wednesday for The Dalles. As the result of being a politician and statesman, Mr. Williamson has gained about 30 pounds in weight since he was here six months ago. If he keeps on gaining in this way, in a year he will be heavy enough for the senate. We notice, though, that he wears the same size hat as always did.

A force of 8 men is working on the Swalley ditch in which Prineville capital is largely interested. W. R. McFarland is in charge of the work. The ditch has been drained and is being widened to 10 feet. The flume which takes the water from the Deschutes is large enough to keep four such canals full to overflowing, so that will not have to be looked after. The company expects to irrigate at least 100 acres next year, though if it becomes necessary the ditch will as it is accommodate 1000 acres easily.

Born.

At Cold Springs, Oct. 19, 1903, to the wife of R. L. Hutton, an eight-pound daughter.

### Circuit Court.

Circuit Court is in session, with Judge Bradshaw in attendance. The attacks of the court, including A. S. Bennett, J. E. Moore, D. S. Dufur, stenographer, W. H. Wilson and others, are grinding out a big grist of cases as fast as possible. The grist was not diminished by the smallpox scare in the spring, which caused many cases to be held over by the absence of a spring term.

The Dunkel murder case promises to occupy the attention of the court for a week, as some difficulty is apprehended in securing a jury. Most of the people living in the vicinity of the murder being on the witness stand, the jury will have to be drawn from other parts of the county.

The civil docket is about finished for the term, but we are compelled to issue this week without it, as the court has the proceedings and it is not receiving reporters just now. Full proceedings will be printed next week.

### A Fatal Stabbing Affray.

A fatal stabbing affray occurred in this city Wednesday night in the lower saloon which may result in the death of Ed Jones, a sheepherder who came to this place the day before. The stabbing occurred, from reports gathered from eye-witnesses, over a rough and tumble between William Glisan and Ed Jones in which the first named got the worst of it. On the promise that they would shake hands and call everything squared, Glisan, who was being held down by Jones, was allowed to get up. Apparently before anyone realized it another engagement took place between the two men in which the stabbing was effected. Jones is in a critical condition, three very bad wounds being the result. All the sounds are on the right side of the body, one of them to the right of the heart and the other two about the shoulder. Glisan was arrested Thursday morning pending preliminary investigation.—Antelope Herald.

### How Old is Ann?

Whether gambling shall finally be licensed or closed; whether the Lewis and Clark appropriation bill will pass congress; whether street improvements shall continue; whether Portland shall prosper, and even whether the press club vaudeville shall score its usual hit this year, have all sunk into the class of matters of minor importance. The members of the executive board no longer spend sleepless nights wrestling with problems of new ferriesboats and bridges and municipal reform; city officials no longer annex gray hairs by figuring out the details of city administration. All such activity has been suspended for the time being.

How old is Ann?

Mary is 24 years old. Mary is twice as old as Ann was when Mary was as old as Ann now is.

How old is Ann?

That is the issue of real importance.—Oregonian.

### Entrapped.

From the range west of the Horton & Sayer mill, one black mare, branded (C with bar over on shoulder, scar on knee; one back gridding with white hind foot branded JO on side, had bell on. Presumably strayed toward Silver Creek and Prineville. Suitable reward for information.

Geo. W. Cox, Burns, Or.

We desire to thank the friends who so generously assisted in the illness and death of the late Judge W. C. Wills.

### We Trim Hats.

Mrs. E. L. Bradford desires to announce that she trims hats in the most up-to-date manner, regardless of reports circulated to the contrary. She carries a fine line of goods, as good or better than any ever brought to Prineville. Inspection will verify this.

### Notice.

All persons are hereby warned against discounting or purchasing four notes of \$5 each which were uttered by me in July, 1902, and for which value has not been received. These notes are protested.

A. H. KENNEDY.

A Wonderful Discovery.  
One of our leading Western physicians on being interrogated as to what he regarded as the best remedy for all ailments that the human flesh is heir to, and what is the best preventive of disease, replied, PORTLAND'S CLUB WHISKY, as I know it is a pure bourbon. Well matured and aged in wood.—For sale by all first-class dealers.
