WE WANT THE RAILROAD.

The Bend Bulletin accuses the Review of being "querulous" about the coming of the Columbia Southern Railroad to Bend and about the upbuilding of that part of Crook county in consequence. This is a decided mistake on the part of the Bulletin man. The Review's present management has reasons sufficiently selfish to be unmis- takeable for wishing the construction to begin as soon as Harri- man and the Almighty will per- mit it—reasons that any country newspaper man, who is in a chronic state of bankruptcy on account of freight rates, can readily see and appreciate. The Review uses, in news paper for its editions alone, about 1100 pounds a quarter. This costs in Portland \$44. By the time it reaches Prineville at 1 1/2c freight during the summer months the bill amounts to \$60.50, and then it is possible that freighters are so overworked that we have to order two months ahead. As it is now, we have a prospect of paying 2 1/2c at least, and possibly 3c, in order to get our winter's supply of news, which would bring the bill for a quarter up to \$71.50 or \$77 respectively. If this isn't a good and sufficient reason for wishing the advent of a railroad into this territory we give up and declare we are que- rulously inclined. As every other business is affected in a like manner to a greater or less ex- tent, Prineville merchants will rejoice with Bend when the Col- umbia Southern or any other railroad is projected into this vicinity. Prineville's freight bill runs up into five figures every year. With a railroad the bill is not likely to be reduced, but on the other hand neither is the ton- nage likely to remain anywhere near as low as it is now.

The wheat industry of the county will suffer a little upon the coming of the railroad, for the wheat market here is 10c higher than at a point on any railroad, and remains so all the year around. It is also probable that the railroad and irrigation projects combined will increase the acreage in wheat in the county nearly 75 per cent, so that in the end we will all be much bet- ter off.

The Review has always believed there would be full "communi- cation" with the outside world sooner or later, although it has had doubts as to the preference of different lines pointing toward Central Oregon. The Columbia Southern is the most feasible line to tap this portion of the state, and we will welcome glad- ly its extension, as naturally we look to Portland as the base of supplies. Its coming will de- velop the country, its coming will build three good-sized cities—Madras, Forest's and the Bend-Lytle-Deschutes town- sites; its coming will reclaim a vast desert that is now blistering in the heat of summers and shiv- ering in the blasts of winters, unproductive, desolate, shunned by all except the wild animals and human beings who are com- pelled to cruise it in search of the more valuable livestock that use it as a range. Then, there is no certainty that the prospec- tive road will not pass through Prineville. We could go on and enumerate many reasons for wishing a railroad and for rejoic- ing when one reaches us, but space forbids; and we will sub- side after assuring the Bulletin man once more that the Review

wants to see a railroad in Crook county fully as badly as the most ardent disciple of the magnifi- cent future of Bend, for which place and its inhabitants we have the warmest regard.

ANOTHER BIG PIANO DEAL.

Twenty-seven Carloads, Worth Over \$100,000, of Fine, New Pianos Involved. Eilers Piano House organized five more co-operative piano clubs and delivery to begin at once— prices virtually cut in two pay- ments of \$5 monthly in Club A, and \$1.60 a week in Club B. Over four hundred fine, new pianos were sold inside of five weeks in the fall of 1902 by Eilers Piano House on the co-operative plan, which was then for the first time introduced in Western piano selling. The idea originated in Philadelphia, and is a plan that appeals at once to the best judg- ment of practical people. Five hundred pianos can be sold in five lots a great deal cheaper than they can be sold in the regular retail way to five hundred individual buyers. It is the same principal of sell- ing large quantities to a single firm applied to selling one hundred pianos to as many people who unite in one club for that purpose.

TWO MONTHS OF PREPARATION. Over two months of most pain- taking preparation have been de- voted to these five new piano clubs. Over a hundred thousand dollars worth of strictly standard, brand new, fully warranted pianos are involved among them the most costly Kimballs and Chickering's, and Webers, together with such famous makes as the Vose, the Hobart M. Cable, the Hallett & Davis and twenty other high-grade makes.

BETTER THAN LAST YEAR. There is no question now as to our ability to fill the clubs. No one will have to wait now for others to join, nor until the club is filled to get his or her piano. Members of these clubs do not even have to know now who the other members of the club are. Selection is not limited to a few makes. The entire Eilers Piano House lines are included in these clubs. The in- struments are here in Portland for you to select from. They have been coming in each day at the rate of two or more carloads, and on one single day last week no less than nine carloads arrived. When you have chosen your piano and made the initial payment the piano is delivered promptly, ac- companied by the manufacturer's guarantee and also by Eilers House "Money back if not satisfac- tory" agreement. And the pay- ments range from \$1.50 a week (or \$5 a month) to \$1.60, \$2 and \$2.50 a week, or correspondingly amounts if you prefer to pay by the month.

A FEW OF THE PRICES. It is impossible for us to make detailed mention of prices here. Suffice it to say that pianos for which ordinarily \$225 and \$250 is asked are now \$118, \$137 up to \$164 and \$178 for the regular \$275 and \$300 styles. (Class A.) In Class B are found the choice- est of Marshall & Wendel, Ricca & Son, Weiser and the beautiful Baily Pianos. \$186, \$214, \$226 and payments of \$6 down and \$1.60 a week buys them. These are pos- itively the lowest prices ever seen in print. Corresponding reductions prevail also in Class C, D and E. Full particulars will appear in these columns each day till sale closes.

ORGAN CLUBS TOO. Two organ clubs will also be or- ganized by Jan. 2nd. Remember when you deal with Eilers Piano House you are deal- ing with the strongest, largest and oldest established Piano firm, who sell instruments at all times on their merits alone, and at prices made possible only by the many unique and up-to-date advantages they employ. Sale commences tomorrow. Earliest buyers have the pick of the largest, finest col- lection of pianos ever seen in Port- land. Eilers Piano House, No. 351 Washington street, corner Park. Write us for further par- ticulars, etc. Out of town inquir- ies promptly attended to.
