BIG FIRE IN MONTREAL.

Nearly Three Million Dollars' Worth of Property Lost.

Montreal, Jan. 25.—One of the most destructive fires from which this city has ever suffered began at 8 o'clock last night, and, notwithstanding the efforts of the entire fire department, the progress of the flames was not checked until 1 o'clock this morning. By that time it had destroyed property estimated at between \$2,500,000 and \$3,000,000, and was still burning, though the appearance was that the firemen have at last got it under control. Included in the property burned is the splendid board of trade's building, which cost \$600,000, and housed over 200 tenants; half dozen large business houses and two score of smaller buildings. The weather was cold and the firemen were greatly hampered in this respect. Outside of the board of trade building there was not a modern structure among those burned.

Crowds of people jammed the narrow streets, and the police could not control them. Women fainted and men were seen to faint. A few slightly injured in rushes for safety.

The fire started in the premises of M. Saxe & Co., wholesale clothiers, at Lemerne and St. Peter streets. The streets in the locality were deserted at the time and the fire apparently had good headway before the first alarm was sent in. The firemen found the building a three-story stone structure, a mass of flames.

California's orange crop this year promises to break the record of previous years.

Three men held up a saloon and gambling house in North Yakima and secured \$800.

ORDERED DEPORTED NEWS OF THIS AND NEIGHBORING STATES

American Editor at Manila Must Leave the Islands.

A SERIOUS MENACE TO THE SITUATION

George T. Rice Made Serious Charges Against Captain of the Port, which Were Investigated and Disproved

Manila, Jan. 26.—General MacArthur has ordered the deportation of the United States of George T. Rice, editor of the Daily Bulletin, a marine journal. Rice will sail on the Pennsylvania Monday. The order characterizes him as a "dangerous incendiary and menace to the military situation."

Rice's offense was publishing a statement that Lieutenant Brauer, superior, captain of the port, had charged excessive pilotage fees, a percentage of which he had kept for himself.

The report of Major Hills, inspector-general, who investigated the allegation, completely exonerated the captain of the port, and contradicted the editor and the merchants who had given him information, who had been misled by figuring the rates upon the cost of the gross tonnage, the latter being specified under the Spanish law. Rice was summoned to the office of the governor-general's military secretary, and was called upon to promise that he would publish no more such articles. He declined to give such a pledge, but insisted that the article was truthful, and took up a defiant attitude when threatened with deportation. The order characterizing him as a "dangerous incendiary and menace to the military situation," was then issued, and Rice is now awaiting the departure of the Pennsylvania.

When seen in jail today he reiterated his statement that the charges were true, and declared that he would even the severity of the sentence was unmerited. Rice came originally from Red Wing, Minn., was formerly a member of the Minnesota volunteers.

The hearing of the Agricultural government bill today developed an attempt on the part of prominent Filipinos to secure a delay of two years before taxing land where the owners are unable to cultivate on account of the dangerous situation in the fighting territory. The bill originally deferred taxation for a year. The commissioners adopted an amendment providing that landowners who are not in possession of their land after March, and prove that the unsettled conditions prevent working land, be exempted from the second year.
