The teachers present were: Misses Ada Foster, Pearl Vanderpool, Anna Gerow, Daisy Langdon, Ida Omeg, Prof. F. M. Mitchell, Warren Brown, C. B. Dinwiddie, G. M. Paul and Ward W. Larson. On account of sickness of some of the participants no evening session was held.

Citizen's Mass Meeting. A mass meeting is called to meet this (Thursday) evening to discuss ways and means for organizing a stock company to purchase the old Maling ditch, and it should be attended by every real estate owner in the city. It is of the utmost importance that something should be done to furnish water for irrigating purposes at a less rate than can be secured from the present water company. This can be done only by a good ditch. The water from this ditch could also be used for flushing sewers when the town gets modern enough in its ways to have sewers. A number of people have signified their intention of letting the trees on their premises die this summer on account of a lack of water; this is all wrong as such a course will only tend to retard the growth of the town as well as make such premises an eyesore to the owners. A few dollars well spent now will bring their reward in the future. Let everyone attend this meeting and see that the proper thing is done and let the outside world know that Prineville is alive to her necessities.

Horse Lost. A reward of \$5 will be paid for information leading to the recovery of one three-year-old black gelding, very little white on right hind foot, branded Y on left shoulder. C. W. Colvay, 4-4-4. Prineville, Oregon.

Lamonts Items. J. H. Window and wife entertained a few relatives and friends on the 27, by a birthday party in honor of Mr. J. H. Window. The guests enjoyed themselves with games, and vocal and instrumental music till 10 o'clock when we were invited to supper, prepared by Mrs. J. H. Window, where there was a table large enough to seat all present, which was laden with everything that heart could wish to satisfy the inner man. The table was handsomely decorated with flowers and evergreens to add to its beauty and which displayed Mrs. Window's artistic taste as well as cooking. After supper the merriment was kept up till after midnight, when we took our departure wishing Mr. and Mrs. Window many happy returns of the day.

Those present were: Robert Armstrong and wife; Elsie Window; T. J. Leach and wife; Geo. Window and wife; Hon. A. R. Lyle; Jesse Window and wife; Mrs. Emily Cline; C. F. Smith and wife. Mr. Window was the recipient of several useful presents as mementos of the occasion.

Facts and Figures Concerning Salt.

The price of salt has advanced to a very high figure within the last few months, making a luxury out of one of the stockman's staple commodities. If you are a stockman it is to your interest and profit to consider

The Merits of the Different Salts

Offered on the market, and ascertain if you are buying the salt that is the cheapest For your information and benefit we mention the fact that we consider

Sulphurized Rock salt

To be the best and cheapest salt offered for sale. It costs a trifle more than the common stock salt, nevertheless it is the cheapest considering its lasting qualities and health results.

It is put up especially for sheep and cattle and is composed of 98 per cent pure ground dairy salt and 2 per cent of pure ground sulphur, pressed into 50 pound blocks, encased in wooden boxes. It is not affected by rain, snow or any kind of weather, and will go three times as far as common coarse salt. It contains no lime or magnesia, and softens on the surface from licking. Give us a trial order, or say only one 50 pound block. We think you will be persuaded to re-order. Our prices are

75 cts. PER BLOCK. \$27.50 a Ton.
