

There Are 2400

Disorders incident to the human frame, of which a majority are caused or promoted by impure blood.

The remedy is simple. Take Hood's Sarsaparilla. That this medicine radically and effectively purifies the blood is known to every druggist, known to hundreds of thousands of people who themselves or by their friends have experienced its curative powers.

The worst cases of scrofula, the most agonizing sufferings from salt rheum and other venereal blood diseases, are conquered by it, while those cruel boils, pimples, dyspeptic and bilious symptoms and that tired feeling are numbered by millions.

Hood's Sarsaparilla

Will do you good. Begin to take it today.

As It Seemed to Her. Mr. Clumban—I never was a jury man but once, and then the jury was out all night.

Mrs. Clumban—How you must have enjoyed it.—Boston Courier.

Parke—I know your wife didn't like it because you brought me home an expectedly to meet her at night.

Lane—Nonsense! Why, you hadn't been some five minutes before she remarked that she was glad it was not one else but you.—Harper's Bazar.

Supremely Restful. "I wonder if there's any lazier occupation than fishing?"

"Well, yes—looking at people fishing."—Brooklyn Life.

Better Late Than Never. "You may recall me, sir, as the man who eloped with your daughter about a year ago."

"Well, sir, what can I do for you?"

"I may be a little bit tardy, but I have come to offer you my congratulations."—Harper's Bazar.

There are a great many remedies but there is one that is guaranteed to cure the disease, and that is Hood's Sarsaparilla.

A Reminiscence. "One time," remarked Wraggon Tatters, "I got into a soft snafu."

"Did you, honest?" inquired Perry Patetic, "what was it?"

"A poor ole watchdog that hadn't no teeth left."—Philadelphia Press.

HOW'S THIS? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hood's Sarsaparilla.

Kitchen Necessities. "Cook, do we need any necessities for the kitchen?"

"Yes, I'd like a Roman chair, one of them Venetian lanterns and some more pillows for the cozy corner."—Indianapolis Journal.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of blood poisoning and consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and of feminine white swelling—sure signs of Scrofula. There may be a long time, for the disease develops slowly in some cases, but the poison in the blood will break out at the first favorable opportunity. S. S. S. cures this way, by first purifying and building up the blood and stimulating and invigorating the whole system.

S. S. S. is a positive and safe cure for Scrofula. It overcomes all forms of blood poisoning, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease from further damage.

AFTER TWENTY YEARS

WONDERFUL CURE IN A STUBBORN CASE OF RHEUMATISM.

The Evidence is Furnished by the Secretary of the Board of Trade of Wellburg, New York, and Cannot Be Doubted.

The popular secretary of the Wellburg, N. Y., board of trade is Mr. W. J. Dalton, and his statement to a reporter regarding one of the most important events of his life carries the greatest weight. It is unusual for a person to be afflicted from childhood with rheumatism, but it is even more so for a man to be so exactly suited to the treatment of this stubborn disease that one hundred doses were sufficient to eradicate it in a case of twenty years' standing. The proof that such a remedy is within the reach of all rheumatic sufferers is found in Mr. Dalton's own words. He says:

"I had been troubled with rheumatism all my life, even when a boy. It attacked me in the legs, arms and shoulders. The pain in the latter was particularly severe. I, of course, took medicine, but it did not obtain permanent relief. One day about three years ago while reading a newspaper I saw an advertisement of Dr. Williams' Pink Pills for Pale People and determined to give them a trial. I had taken but three boxes of the pills when the trouble, which had been my affliction from childhood, entirely disappeared."

"I had another attack of rheumatism brought on by working in a damp place a few years ago. I had another attack of rheumatism brought on by working in a damp place a few years ago. I had another attack of rheumatism brought on by working in a damp place a few years ago."

"I am a confirmed dyspeptic; that's the reason I look so old," said Mr. Dalton, gazing almost enviously at the Gross, 580, and Deutschesland, 584. But to maintain this speed it cost the St. Paul, with only half the displacement of the Deutschesland, 200 tons of coal daily, and the latter, which is the largest coal consumer in the Atlantic trade, 570 tons. The Oceanic made her record of 324 knots with a coal consumption of 480 tons.—San Francisco Chronicle

Simple Country Living. A man may enjoy bounding health, and know very little about the cause of his happiness; and alas! a man may suffer all the woes of dyspepsia, and have no certain knowledge as to the cause of his misery.

The Man with One Million. "Do you subscribe to the assertion that a man with \$1,000,000 can do what ever he chooses?"

"No," answered Senator Sorghum, "I do not. These days a man with \$1,000,000 wants to lie low and keep out of trouble or the first thing he knows two or three men with a billion apiece will take his money away from him."—Washington Star.

WOMEN OF THE UNITED STATES

Regard Peruna as Their Shield Against Coughs, Colds, Grip and Catarrhal Diseases.

They will generally reply, "Oh, no, I never had catarrh. My nose is perfectly clear, and my breath is not bad. I am not troubled with coughing or spitting, or any other disagreeable symptom of catarrh." But, my dear madam, you may have catarrh of the same. Catarrh is not always located in the head. You may have catarrh of the lungs or stomach, or liver, or kidneys, and especially you may have catarrh of the pelvic organs.

The doctor went on to say: "I have been preaching this doctrine for the last forty years, and I have cured a vast multitude of women who have never heard of it yet. Catarrh may attack you at any time. Women are especially liable to catarrh of the pelvic organs. There are one hundred cases of catarrh of the pelvic organs to one of catarrh of the head. Most people think, because they have not catarrh of the head, they have not catarrh of the pelvic organs. This is a great mistake, and is the cause of many cases of sickness and death."

Mrs. T. Pelton, 562 St. Anthony avenue, St. Paul, Minn., writes: "Peruna has done wonders for me. It has cured my headache and palpitation of the heart; has built up my whole system. I cheerfully recommend it to all sufferers from catarrh. My mother is never without Peruna. When I am tired and nervous, I take it immediately and it removes that tired feeling."

Mrs. T. Pelton, generally out of Peruna, writes: "I have used your Peruna both for myself and my mother, Mrs. Hannah J. Bennett, now in her 88th year, and I find it an invaluable remedy for cold, catarrh, hay fever and influenza. It is also a good tonic for feeble and old people, or those run down, and with nerves unstrung."

Yours truly, Belva A. Lockwood.

Peruna cures catarrh by removing the cause, inflamed mucous membrane, writes Dr. Hartman.

Dr. Hartman, the compounder of Peruna, once said, in a lecture to women: "A great number of women consult me every year. I often have occasion to say to these patients: 'I fear you have catarrh, madam.'"

Why a Woman

Is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances.

Those things are known only to women, and a case a man would give is not at his command.

To treat a case properly it is necessary to know all about it, and full information, many times cannot be given by a woman to her family physician. She cannot bring herself to tell everything, and the physician is

at a constant disadvantage. This is why, for the past twenty-five years, thousands of women have been confiding their troubles to us, and our advice has brought happiness and health to countless women in the U.S. Mrs. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to use Lydia E. Pinkham's Vegetable Compound, as it cures all inflammation of the ovaries and womb; she, therefore, speaks from knowledge, and her experience ought to give others confidence. Address Mrs. Pinkham's Laboratory, Lynn, Mass.

HEALD'S BUSINESS COLLEGE.

A Prosperous and Popular San Francisco Institution.

Among the institutions identified with the growth and development of San Francisco, Heald's Business College holds a conspicuous place. With each passing year it has become an educational institution, it has been ever since recognized as a business college. Its graduates are everywhere, and its success is extremely popular and customarily successful. Its curriculum is broad and practical, and its instruction is in a way that takes into account the needs of the business world.
