Perfectly Natural(?)

Last Monday evening two young ladies, being curious to see the bottom of the King shaft, induced the miners to take them down. The skip was lined with burlap and they went down with ease but in coming back they were a little more frightened and occasionally a scream would sound through the shaft. When the top was reached they were black in the face from hugging each other.—Ashwood

Well Known Educator Dead.

W. R. Privett, county superintendent of schools for Baker county died at his home in Baker City April 17. Mr. Privett taught school a number of years in Linn county. The editor of the Journal was a pupil of Mr. Privett's when a small boy, and remembers him as a pleasant teacher.

Hunting Trouble.

Canyon City was visited by some Indians from the Warm Springs reservation last Monday who apparently had no subject in view other than obtaining information about the killing of the Columbia Indian, Scarface Charley, in the Izee country two years ago, and had the nerve to ask where the party was who did the shooting. When informed that they could find the man who did the shooting any time they were so disposed, one of them appeared very indignant, and flourished his winchester around in a manner that would indicate that he was actually looking for trouble. They soon departed on their way southward.

They each carried a thirty-day pass from the agent at Warm Springs reservation dated March 13th.

This will bring to mind an incident of two years ago in the Izee country in which the son of Dave Cutting was shot and killed by the Indians. The settlers of the Izee country have no love for an Indian and should these Warm Springs brothers drop over that way looking for trouble they will surely be accommodated.—Blue Mountain Eagle.

Jas. G. Clark, of Douglas county has been sent to the insane asylum, as a result of having been turned out in the cold by the friend to he deeded his farm a few years ago on condition the friend should care for him in his old age. Mr. Clark was well known at one time as a musical composer and singer.

Jess Moss was here yesterday and reported that Frank Shaw, one of horsethieves who stole three of Moss's horses a few days ago, was examined at Albany last Monday and made full confession of the stealing. Pettyjohn, Shaw's accomplice in the stealing, is still at large, and it is thought he has crossed the Cascades and is now in Crook county.—Lebanon Express—Advance.

The Thirty-third and Thirty-fourth Volunteer Regiments, recently returned from Manila have been mustered out. The Twenty-eighth and Thirty-fifth Infantry, now in camp at the Presidio, expect to be mustered out of the service April 30. Although there are very few troops now under orders for the Philippines, transports will be rushed there as fast as possible, to be in Manila in time to bring home all the volunteers to be mustered out by July 1.

Owing to the demand for horse meat in some parts of Europe the horse abattoir at Linnton, was started up a short time ago. It is estimated that 10,000 cayuses will be slaughtered this year.
