Pullman Ordinary Sleepers.

The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleeper, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making coffee and tea and doing "light housekeeping," and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths, keep the car clean, and look after the comforts and wants of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car is attached to the "Chicago-Portland Special," which goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger. Much of the first class travel is being carried in these cars, the rates being lower, and the service being nearly equal to that in the palace sleepers.

For rates and full information, including folders, write to A. L. Craig, G. P. A., O. R. & N. Co. Portland, Ore.

1901. Stallions. 1901.

Haystack's three great stallions, The Heavy Draft, The Coacher and The Carriage or Saddler, will stand at the ranch until July 1, 1901.

The Clydesdale,

Sallant Stamp, 2, is one of Scotland's very best blood. Is dark dappled bay, with white points. Stamp cannot be excelled as a sire of large, smooth, flat boned, saleable horses.

The Coacher,

Cardinal Richieu; is black, weight 1700 pounds. Although large as a drafter, is far above the average among small horses for beauty, style and speed. Is especially adapted to crossing on small, well formed mares.

The Hackney

The carriage and saddle sire, is mahogany bay, and his foals will weigh from 950 to 1300 pounds, and for a handsome business horse will be hard to excel.

Terms: Fee for either of these horses, \$10, due when the mare is known to be with foal, disposed, or allowed to escape on the range.

Mares will be cared for carefully, on good pasture, at 50 cents per week, due when removed, and I will not be responsible for accidents Young stallions and mares of above breeds, also a few choice young teams, on hand, for sale.
