

Col. J. W. Redington has for the second time sold the Heppner Gazette. Johnnie should not have done so, says the Harney News. He is too good a newspaper man to lose the time it will take to find another location. In 1878 he was a scout in this Harney land and got so he could see Scar face Charley's mo' an track on a lava rock without the aid of a magnifying glass. One day he was eating dinner at Joe Lister's sheep camp on Snow mountain and a bunch of braves came along and drove him inch by inch down the gulch just as he was ready to pull the lid off a bucket of sour beans. That is only one of many narrow escapes he had. Success to you Johnnie, wherever you go, and may your Faber No. 2 bring you the high esteem in new fields that it has won in the old.

The Junction City Times tells the following: Miss Lulu Mounts of Franklin, had one finger amputated from each hand by Dr. Lee Wednesday. She will not miss them however, as she still has five fingers on each hand. She and her twin brother were born twenty-nine years ago and each had twelve fingers and twelve toes. The extra digits greatly inconvenienced her about her work and were continually getting hurt and injured. They were almost natural size and were located just back of the first joint and extended out from the hand instead of paralleling the others. She expects to have her extra toes amputated also.

A Great Country.

An Oregon editor dreamed that he died and of course went to heaven and there came upon a man in chains fastened to a post. He inquired if it was necessary to punish people that way in heaven. "That man," said St. Peter, "is from Oregon. We always have to keep Oregonians chained up awhile in order to keep them from going back."—Heppner Times.

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunkards are Cured Daily in Spite of Themselves.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE," which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober, industrious and upright men.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE YOUR FATHERS! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the cure administered by loving friends and relatives without their knowledge in tea or coffee, and believe today that they discontinued drinking of their own free will. **DO NOT WAIT.** Do not be deluded by apparent and misleading "improvement." The HOME GOLD CURE is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One Dollar. Address Dept. E 485 EDWIN B. GILES & CO. 2330 and 2332 Market St. Philadelphia.

1901. **Stallions.** 1901.

Haystack's three great stallions, The Heavy Draft, The Coacher and The Carriage or Saddler, will stand at the ranch until July 1, 1901.

The Clydesdale,

Sallant Stamp, 2, is one of Scotland's very best blood. Is dark dappled bay, with white points. Stamp cannot be excelled as a sire of large, smooth, flat boned, saleable horses.

The Coacher,

Cardinal Richieu, is black, weight 1700 pounds. Although large as a drafter, is far above the average among small horses for beauty, style and speed. Is especially adapted to crossing on small, well formed mares.

The Hackney

The carriage and saddle sire, is mahogany bay, and his foals will weigh from 950 to 1300 pounds, and for a handsome business horse will be hard to excel.

Terms: Fee for either of these horses, \$10, due when the mare is known to be with foal, disposed, or allowed to escape on the range.

Mares will be cared for carefully, on good pasture, at 50 cents per week, due when removed, and I will not be responsible for accidents. Young stallions and mares of above breeds, also a few choice young teams, on hand, for sale.
