Price Paragraphs.

From our regular correspondent. We have had a nice rain and in consequence crops are looking fine. Mr. A. Hackleman had the misfortune to lose one of his fine horses last week.

Born, to the wife of Frank Hackleman on last Sunday, a daughter. Messers Boynton, Barns, and Morgan have all been suffering from an attack of measles.

May 31. Jumbo.

Maury Notes.

From our regular correspondent. Mrs. Mollie Morgan set a hen on thirteen eggs and hatched out fourteen chickens; pretty good for this year.

Johnny Hoffman while herding horses was struck by a stone which was hurled from the hoof of one of the herd in running and it came near putting out his eye.

Sam Clemens is now on the road to The Dalles with a load of wool. Mrs. Mills started a short time ago for the Willamette valley for a visit with relatives and friends.

Ed. Nelson says he would like to go to school, but the teacher says he is too old.

Mr. Johnson and Fred Smith have started for the railroad with wool. J. B.

Bend Items.

From our regular correspondent.

Monday, June 3. On last Saturday a gloom was cast over the community, by the death of Corea, the infant daughter of Mr. and Mrs. Charlie Miller. Lonely is the spot where lies this little babe, it being the first to be placed in our new cemetery, on the desert, with nothing to mark its last resting place but one lone pine tree.

Put away the little dresses, that your darling used to wear, She will need them on earth never, She has climbed the golden stair.

Angels whisper that your darling, Is in realms of love so fair, That her little feet are waiting, Close beside the golden stair.

We are having beautiful weather, and crops and gardens are looking well.

Pilot Butte is still booming and the hum of the saw and hammer can be heard in every direction.

The measles are decreasing, and good health increasing, as there is only one case of measles at present, that being Mr. Almond Cary of Crooked river, who is quite ill at the Zell hotel.

Mr. Fry, the chief engineer of the Oregon Irrigation Co. paid this place a social visit last Sunday.

D. D. Warner returned from Portland last Saturday, all smiles, where he has been visiting his family for a few days.

Mr. and Mrs. A. M. Drake will arrive here today, after visiting their old home in St. Paul.

Rev. Harper, of Prineville, will occupy the pulpit at this place every second Sunday in each month.

A few days since, two of our soldiers bold, Mr. Arnold, and Mr. Hodgson shouldered arms, and marched bravely off for a bear hunt. They had not gone very far until they found fresh tracks of Mr. Bruin, and readily came to the conclusion that they were not looking for bears, only looking for coyotes, for the purpose of obtaining their scalps.

About six o'clock last Sunday evening Donald Steffa and Charlie Stansborough started for an evening stroll, and had not gone far until they met an Indian driving a mad steer. Both boys made a run for the same tree but Donald

being the fleetest on foot made it first to the tree, and as Charlie started to climb, looking up, found there was no room for him for Donald's feet. Charlie started for another tree, and succeeded in reaching the topmost bough and on looking down neither Indian or steer were to be seen. It is useless to say some one had to treat, but never mind boys we're not going to tell. Ikey.

Lamonts Items.

From our regular correspondent. Saturday evening as Mr. Healy was returning from Prineville his team became frightened and shied throwing him out of the wagon and fell between the wheels. Holding on to the lines he was dragged some distance and very badly bruised, a gash was cut on the left side of his head two inches long, several smaller gashes on the right side. One of the hind wheels of the wagon passed over his bruising it in a fearful manner. He was picked up by Mr. Cyrus and brought to the house of Ernest Weigand and cared for until morning when he was taken home. The team was caught by neighbors before any damage was done to speak of.

We had a meeting a short time ago for the purpose of building a school house, but only a few were present so we are going to have another on the 23, and we want everyone to come out who is interested in the school and all that are not, we want to become so and attend anyway. W. Y. O. D.

It is reported at Klamath Falls that Southern Pacific surveyors are examining the route of the proposed railroad from Klamath, Cal., to Klamath Falls, and that a permanent survey will begin early in June. Persons who are familiar with the country are of the opinion that the Southern Pacific, besides tapping rich timber belts and gaining other local business, will make the Klamath Falls road part of a main line which will ultimately connect with the Columbia Southern. This will give a road from Eureka on the California coast to Biggs on the O. R. & N. on the Columbia river.

State Treasurer's Fourth Notice.
