Infants' and Childrens'

Red Shoes, Brown Shoes, Blue Shoes—in fact all colors, both spring heel and slip heel.

PLOWS, HARROWS, MOWERS, RAKES AND ALL KINDS OF FARM IMPLEMENTS.

A New Explosive

The New York Press says; Maximite, the new explosive invented by Hudson Maxim, had been adopted by this country, after a series of successful tests at the Sandy Hook Proving Grounds. The secret of the explosive has been sold to the government by the inventor, and the explosive, it is thought, may revolutionize warfare. It is said to be more deadly in its character than lyddite, yet so safely can it be handled that the danger attending its use is less than that incurred in transporting ordinary black powder. The tests indicate that the explosive will pierce a 12-inch harveyized nickel steel armorplate and having passed through it will explode on the other side with sufficient power to destroy everything with which it comes in contact. Never before has a plate of this strength and thickness been pierced.

The tests have been made by the Ordinance Board, and have been conducted with great secrecy. The opinion is expressed by experts that maximite may revolutionize the building of battleships and fortification. The insensitiveness of this explosive is so great that a red hot iron may be thrust into a mass of it without causing an explosion. The explosion of the compound after passing through the plate is accomplished by means of a fuse. Shell filled with lyddite, the high explosive adopted by the British government, filled in the same way as was maximite, into the same shells and fired at a plate an inch and a half in thickness, all exploded on impact where the maximite passed through the steel plates a foot in thickness. These tests of maximite are regarded as having demonstrated that there is no warship of any navy capable of withstanding its destructive force. Mr. Maxim conducted these experiments in person, there being no one present except the ordinance officers and experts representing the government.

In an interview Mr. Maxim said:

"Should the United States now become involved in war with any other power, we shall be able to throw high explosive projectiles through the thickest armor of our enemies to explode inside their warships, while they in turn would be able only to penetrate our armor with solid shot or at least carrying no bursting charge whatever." It is the inventor's opinion that the moral of these new developments is that the ponderous battleship must go and be replaced by the small, torpedo boat or torpedo gunboat and cruiser.

Device to Scare Wolves.

Examiners in the patent office have learned by experience that it is a mistake to jump at conclusions regarding the usefulness of inventions, says the Presbyterian Banner. A contrivance at which they were inclined to poke a good deal of fun, designed to frighten wolves on western prairies, was less than three months ago, and already it has come into considerable use in the sheep growing districts in that part of the country.

The device is an automatic gun, which goes off at regular intervals, scaring the wolves away from the flocks. It consists of a sort of box which contains a clockwork attachment, with a small steel barrel projecting from one end. A magazine, also with the box, is loaded with blank cartridges, which are fired by the clockwork once in 10 minutes or so. By the help of a simple mechanical attachment the intervals between the discharges are made as long or as short as may be desired.

Z. F. Moody has a representative now at Shaniko to look after the needs of his wool growing and shipping customers. His agent is prepared to advance freight to customers, receive and forward wools and to give personal attention to receiving and forwarding merchandise of any description to his care.

In the Circuit Court for the state of Oregon for the county of Crook.

J. M. Minkler, plaintiff, vs. Alice Minkler, defendant.

To Alice Minkler, the above named defendant.

In the name of the state of Oregon: You are hereby required to appear and answer the complaint filed against you in the above entitled suit, on or before Saturday, the 29th day of June, A. D., 1901; and if you fail to answer for want thereof, the plaintiff will apply to the court for the relief demanded in said complaint, to-wit: a decree dissolving the bonds of matrimony heretofore existing between the plaintiff and the defendant herein, and that the custody of Arthur Minkler and Ruby Minkler, minors, be awarded to plaintiff.

The date of the first publication of this summons is May 14, 1901, and is published in the Crook County Journal by order of Hon. W. L. Bradshaw, Judge of the Seventh Judicial District of Oregon, and done at The Dalles Oregon, this 16th day of March, 1901.

A. C. PALMER, Attorney for Plaintiff.

W. E. Pollard, U. S. Prine, John Elder, T. F. Cadle, all of Prineville, Oregon.

JAY P. LUCAS, Register.

Pullman Ordinary Sleepers.

The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleeper, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making coffee and tea and doing "light housekeeping," and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths, keep the car clean, and look after the comforts and wants of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car is attached to the "Chicago Portland Special," which goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger. Much of the first class travel is being carried in these cars, the rates being lower, and the service being nearly equal to that in the palace sleepers.

For rates and full information, including folders, write to A. L. Craig, G. P. A., O. R. & N. Co. Portland, Ore.

Best For the Bowels.

No matter what ails you, headache to a cancer, you will never get well until your bowels are put right. CASCARETS help nature, cure you without a gripe or pain, produce easy natural movements, cost you just 10 cents to start getting your health back. Educate Your Bowels With Cascarets. Candy Cathartic, cure constipation forever. 10c. Sec. If C. C. C. fail, druggists refund money.

Carnival of Ballots

Appreciating the great work of our common school educators and desiring to demonstrate that appreciation, we have decided to offer in connection with this paper a fitting testimonial of worth to the most popular teacher in this county.

Balloting may begin at any time after the publication of this issue of the Journal and will continue until 8 o'clock p.m. September 30, after which time no ballots will be accepted.

Rules.

The rules governing the contest will be as follows: All paid-in-advance subscribers to the Journal will be entitled to receive at the time of paying their subscription a printed coupon or ballot worth 150 votes, which will have blanks wherein to write the name of the teacher voted for. Every issue of the Journal during the life of the contest will contain a coupon good for three votes. No free samples of the Journal will be distributed during the life of this contest and no clubbing offer will be accepted where ballots are given out.

All persons voted for MUST be Crook county teachers and so accepted by the county school superintendent, and must now be engaged in teaching in this county, or have taught in this county during the past eighteen months, and must not have lost their residence in the county, i. e. they must not have removed from the county to remain permanently.

The right to modify these rules at any time is reserved.

The Prizes.

Two prizes will be given; one for the most popular teacher and the other as a consolation prize will be given to the one receiving the second largest number of ballots.

The first prize will consist of a fine gold watch, any standard make, with 15 jeweled movement and warranted for 20 years—the same guaranteed by a local dealer. The consolation prize will be a 4x5 camera of standard make. Both of these prizes will be bought in Prineville and be strictly first class articles. They will soon be on exhibition so that every one can see just what they are.

Distribution of these articles will take place on October 1, or as soon thereafter as the votes can be counted. Three prominent gentlemen of Crook county will be asked to help count the ballots.

CROOK COUNTY JOURNAL.

Educational - Contest - Ballot.

My choice for the most popular school teacher in Crook county is

3

3

This ballot must be in the Journal official ballot box on or before September 30, 1901. Good for three votes.

To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money.
