O. R. & N. Booklet.

"The JOURNAL is in receipt of a handsomely illustrated booklet entitled, "Health and Pleasure Along the Line of the Oregon Railroad & Navigation Company." The book contains a number of views of picturesque mountain, river and ocean scenery, and it is all described in an accurate and pleasing style. Persons contemplating an outing this summer should have a copy of this souvenir, as it will enable you to decide where to spend your summer vacation. The book may be procured free from any agent of the O. R. & N. Co., or on receipt of a two-cent postage stamp, from A. L. Craig, G. P. A., Portland, Oregon."

A WORTHY SUCCESSOR.

"Something New Under the Sun."

All doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of CATARRH has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges and curing all inflammation. It is the only remedy that actually reaches the affected parts. This wonderful remedy is known as "SNUFFLES, the GUARANTEED CATARRH CURE," and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment, and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany every package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES," the GUARANTEED CATARRH CURE.

Sent prepaid to any address in the United States or Canada on receipt of one dollar. Address Dept. E 435 EDWIN B. GILES & COMPANY, 2330 and 2332 Market St. Philadelphia

Col. Hofer, of the Salem Journal, will not have as much liberty conniving with ex-janitor Gates, as he had last winter in the library. He can embrace Col. Poorman, and Mr. Gill, and whisper affectionate senatorial tales in their ears, but poor old stool pigeon Gates, he who carried the money and helped fix things, is now behind the solid bars, and put there because his friend Corbet didn't allow him to sign his name to checks. Gates did not fly the track like Gill, but he probably would have been better off. During the next three years, he can while away the hours reading Col. Hofer's essays on strawberry culture, how to make politics pay, how it happened, etc., providing Superintendent Lee admits that class of literature to the prison. Anyway he can reflect on the past and figure how many kinds of a fool he was playing sucker for senatorial aspirants, and hobnobbing with Col. Hofer and Col. Poorman in the library.—Ex.

Experiment With Bromo Grass.

In one of J. H. Cross' show windows is a small sheaf of Bromo grass that was brought to town by George Arnold of Chenoweth creek. The grass averages fully four feet in length and its tops are heavily loaded with seed. The sheaf is a sample taken from a patch of four and a half acres that was seeded in April a year ago. The patch is on the ridge between Chenoweth and Mill creeks, which is fairly representative of the dryest soil in the neighborhood of The Dalles. This year it was cut for the first time and in that part of the patch where a reasonably good stand was obtained there was a yield of from a ton and a quarter to a ton and a half to the acre. Mr. Arnold is very much pleased so far with the result of his experiment. He is satisfied that Bromo grass will stand any reasonable amount of trampling. In point of fact he is inclined to think that trampling agrees with it for it is markedly the best where wagons and teams had gone over it the most. And lastly and best of all cattle and horses eat it with marked avidity whether in hay or pasture.—Chronicle.

The Old Geer Homestead.

A correspondent in the Salem Statesman says: Harry Cook, Supervisor at the asylum farm, spent Sunday at Willard. While here he took several snap shots with his camera, of the old R. C. Geer homestead. This place has been in the Geer family for more than half a century and has been pictured far more than any other spot in the vicinity. Just over the hill, half a mile away, is the birthplace of Homer Davenport, sketch artist for the New York Journal, and half that distance will bring the traveler to the birthplace of Frank Bowers, who is working in the same line on the Indianapolis News. Both spent a great deal of their time, during their boyhood days, at the old Geer house with their grandparents. It has been the custom of Mr. Davenport to spend a part of his yearly vacation near the place where the old home stands, and next to his own home, this spot is dearest to him.

Governor Geer, too, at one time, made this place his home, and although the house is vacant, he still visits it occasionally and marks the changes time has wrought.
