Cuba's Good Showing.

Independent Cuba will begin business, says a Washington dispatch to the New York Herald, with a bonded indebtedness of only \$122,400 resulting from the clause in the new constitution pledging the Cuban Republic to the payment of the bonds issued by authority of the revolutionary government during the war with Spain. There has been considerable doubt as to the amount of this indebtedness, but unless some of the bonds were issued just before or since the intervention of the United States the figures are correct.

Representative W. A. Smith, of Michigan, has just made public a letter which he received from Senor Querra, treasurer of the revolutionary government just before the beginning of the war between the United States and Spain, which has never been communicated to any one except the members of the foreign affairs committee of the house of representatives. In this letter Senor Guerra says that the revolutionary government issued a total of printed bonds amounting to \$3,145,600, and that the total of the bonds disposed of was \$122,400 leaving bonds in the amount of \$3,023,200 in his possession as treasurer.

"NERVE WASTE."

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is indorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."
The book is \$1.00, by mail, post-paid.

One of the most interesting chapters—chapter xx, on Nervines and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, THE PACIFIC PUB. CO., Box 2658, San Francisco, in plain sealed envelope.

Wool Rate.

The following wool rates for the present season, taking effect at once have been established:

Wool in sacks, or bales, any quantity, from Shaniko to The Dalles, 30 cents per 100 pounds.

Wool in sacks, any quantity, from all stations on the Columbia Southern Railway to Shaniko 5 cents per 100 pounds.

Pullman Ordinary Sleepers.

The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleeper, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making coffee and tea and doing "light housekeeping," and each section can be fitted with an adjustable table. A uniform porter accompanies each car, his business being to make up berths, keep the car clean, and look after the comforts and wants of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car is attached to the "Chicago-Portland Special," which goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger. Much of the first class travel is being carried in these cars, the rates being lower, and the service being nearly equal to that in the palace sleepers.

For rates and full information, including folders, write to A. L. Craig, G. P. A., O. R. N. Co. Portland, Ore.

Carnival of Ballots

Appreciating the great work of our common school educators and desiring to demonstrate that appreciation, we have decided to offer in connection with this paper a fitting testimonial of worth to the most popular teacher in this county.

Balloting may begin at any time after the publication of this issue of the Journal and will continue until 8 o'clock p. m. September 30, after which time no ballots will be accepted.

Rules.

The rules governing the contest will be as follows: All paid-in-advance subscribers to the Journal will be entitled to receive at the time of paying their subscription a printed coupon or ballot worth 150 votes, which will have blanks wherein to write the name of the teacher voted for. Every issue of the Journal during the life of the contest will contain a coupon good for three votes. No free samples of the Journal will be distributed during the life of this contest and no clubbing offer will be accepted where ballots are given out.

All persons voted for MUST be Crook county teachers and so accepted by the county school superintendent, and must now be engaged in teaching in this county, or have taught in this county during the past eighteen months, and must not have lost their residence in the county, i. e. they must not have removed from the county to remain permanently.

The right to modify these rules at any time is reserved.

The Prizes.

Two prizes will be given: one for the most popular teacher, and the other as a consolation prize will be given to the one receiving the second largest number of ballots.

The first prize will consist of a fine gold watch, any standard make, with 15 jeweled movement and warranted for 20 years; the same guaranteed by a local dealer. The consolation prize will be a 4x5 camera of standard make. Both of these prizes will be bought in Prineville and be strictly first class articles. They will soon be on exhibition so that every one can see just what they are.

Distribution of these articles will take place on October 1, or as soon thereafter as the votes can be counted. Three prominent gentlemen of Crook county will be asked to help count the ballots.
