Dry Goods.

In our dry goods department will be found the completest line in the city of Ladies' and Gents' Furnishings.

PLOWS, HARROWS, MOWERS, RAKES AND ALL KINDS OF FARM IMPLEMENTS.

Are We Draining the World.

The Philadelphia "Inquirer," noting the heavy trade balances in favor of this country, anticipates that foreign nations will in time put up tariff barriers to prevent our draining them of their wealth through selling them more than they sell us. Wherefore the "Inquirer" deems it would be the part of intelligent self interest for us to prevent such a catastrophe by making reciprocal treaties with them.

The argument is a familiar one.

THE NEW WAY

COMMON SENSE FOR WOMEN

Ladies Should Read of the Latest and Most Successful Importation from France.

All-Womankind May Possess Fair Skin, Bright Eyes, Strength and Hood Health.

So says Dr. LaBord, the famous French practitioner who has devoted his whole life to the study of women, and has won the highest distinction through his wonderfully successful practice among the first families of Paris.

WOMAN A HEROINE

Woman is a heroine, says the Doctor, and her remarkable endurance and ability to withstand the most trying ordeal compels admiration. She is a slave to the Natural modesty of her sex which so often causes her to endure the greatest trials, and suffer in silence, rather than commit even her Family Physician, fearing to expose herself to necessary questioning and probably examination.

A LIFE STUDY

Recognizing this fact in his early practice, Dr. LaBord has, by years of study and close application, evolved an entirely new method of treatment for all ailments peculiar to women, which has met with unbounded success, and has Branch Offices, managed by skilled physicians under his personal supervision, now located in every large city in Europe. By his superior methods each patient recovers, absolutely free of charge, full and detailed advice especially adapted to her case, thus avoiding all embarrassment or inconvenience, and as Dr. LaBord's remedies are put up in the form of small, shiny wafers, they are easily and taken at any time or place, without attracting attention. This insures regularity in treatment which is most important to a cure, and generally impossible with liquid remedies.

Liquid remedies always contain a large proportion of alcohol, whiskey or other liquor, to preserve them from spoiling. Dr. LaBord's Wafers are a "dry medicine" and are perfectly free from toxicants or narcotic drugs of any kind.

MODERN METHODS

Dr. LaBord's greatest success has been achieved by the use of the "CARONIA WAFERS." This is not a Patent Medicine, but a scientific preparation of "Viburnum" or "CARONIA," (commonly known as Black Highberry) and other well known herbs, whose curative properties have been known to physicians for centuries. "Viburnum," or "CARONIA," is recognized and prescribed by the leading physicians of the world as the best known specific for female troubles. The extremely disagreeable taste of these drugs has been overcome by skillful manipulation, retaining however all of their virtues and strength, and these specifics have been so combined and prepared as to form a shiny wafer, easily taken, yet embodying the most accurate and certain cure for Female Weakness, Nervous Prostration, Painful and Suppressed Menstruation, Leucorrhoea, Laceration, etc.

Free-Traders used it years ago to prove forhand that we never could build up an export while maintaining a Protective Tariff. We think it is like other various arguments of the same class of philosophers-attractive and forcible from a theoretical point of view but not so strong in practice.

The "Inquirer" quotes current affairs in Germany in support of its views, but the bottom line in German legislation has not been reached. Prohibitive Tariffs adverse to

Whites, Sterility, Ulceration of the Uterus, Change of life in Matron or Maid, Chronic Decline, Urinary Troubles, Nervous Debility, Profuse Flow, Threatened Miscarriage, Palpitation of the Heart, Pains in the Left Side, Cold Hands and Feet, Bearing Down Pains, Backache, Shortness of Breath, Scalding of Urine, Soreness of Breast, Neuralgia, Uterine Displacement, and all those symptoms which make the average woman's life so miserable. It makes child birth easy and saves doctors' bills.

A VALUABLE FEATURE

"CARONIA WAFERS" have proven a blessing to thousands of suffering women who have been made well, strong and happy in a surprisingly short time by this wonderful treatment. They will not only cure the most obstinate cases, no matter how long neglected, but are also the only known remedy that can be absolutely relied upon to prevent those monthly recurrences of extreme pain and suffering, needlessly endured by so many of our women.

PURE AND EFFECTIVE

"Dr. LaBord's CARONIA WAFERS" are purely vegetable, containing no injurious chemicals or drugs, and are positively guaranteed to cure even the most neglected cases, if directions are carefully followed, and the medicine honestly taken.

This valuable remedy, "Dr. LaBord's CARONIA," is now on sale in America by the importers firm of Noyles Fuller Company, who have contracted with Dr. LaBord for the exclusive agency of the United States. Consultation Departments, under the supervision of Dr. LaBord are maintained and special advice furnished absolutely free to all who take the treatment. Ladies ordering "CARONIA" are invited to write all about their particular case, in detail, and are assured the most sacred privacy as to their correspondence, as no testimonials of letters from ladies are ever published by us.

One box of "CARONIA WAFERS," containing a month's supply, will be sent securely packed and prepaid to any address in the U. S. or Canada, on receipt of One Dollar, accompanied by the details of your case. Full and complete treatment, including all necessary medicine, and our written guarantee, Five Dollars payable in advance.

This charge covers all expenses, including free advice and full directions. There are no additional charges of any kind, thus placing the treatment within the reach of all.

Address: Consultation Dept., THE NOYLES-FULLER COMPANY, Market and 24th Sts., Philadelphia.

NOTICE FOR PUBLICATION

LAND OFFICE AT THE DALLES, OR., September 7, 1901.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before A. C. Palmer, U. S. Commissioner at Prineville, Oregon, on Thursday, October 16, 1901, viz: Robert A. Mervant, of Harvick, Oregon, H. R. No. 3022, for the NE 1/4 Sec. 33, 34 Sec. 30, T. 13 S., R. 13 E., W. M.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz:

W. H. Jones, of Prineville, Oregon, R. P. Johnson, of Lamona, Oregon, and J. R. Merrill and Oscar Olson, of Culver, Oregon.

JAY R. LUCAS, Register.

American goods have waxed and waned in Germany ere now, and it is not certain yet how much will be settled upon finally. Protection has been of vast benefit to Germany, but some features of it are still experimental there.

Were we to study the details of our exports and their effect on the countries to which they go we should find in many cases that our goods were the direct means of enriching the people who buy them. Take our agricultural machinery, for instance. When an American reaper displaces the sickle or the scythe in South Africa is the farmer of the veldt impoverished thereby? With ten thousand such machines clicking their merry music over the vast arable areas of which regions would South Africa be worse or better off? Put it down that she would have dollars where now she has, or ever had, cents.

The United States, by the ingenious inventions she produces and in the improved processes she is devising is helping the whole world to develop its natural resources, to uncover and transmit its latent riches into every form of wealth. Only a small share will come to us. We have pointed the way for Egypt in her own colonies, in Egypt, India, Cape Colony and elsewhere, and she and they will be richer for it in the long run.

In the meantime would it be wise for you to depart from a policy of encouragement to our own inventors and mechanics, to displace our own goods in our own markets by foreign wares of like character under the fears that we shall not prosper unless we buy as much as we sell? We are now the world's best customer, and we are assisting all nations to enrich themselves.—American Economist.

Advice On Marriage.

A young man recently wrote to the editor of The Ladies' Home Journal asking: "What have you to say, squarely and fairly, to a young man of twenty-one who is about to marry? In the October Journal Mr. Bok uses a page for his answer. Its silent points are these: That the man should make the woman of his choice his chum, as well as his wife; that he should show her the highest consideration as well as love her, that he should remember that he owes his wife to her mother and treat his mother-in-law with respect, at least; that he should keep his wife informed as to his income; that he should give her a regular allowance and that he should have his life insured in her favor. And above all, that when a young man marries he must remember that he leaves a world of self and enters into a world of another and self.

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunkards are Cured Daily in Spite of Themselves.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE," which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober, industrious and upright men.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE YOUR FATHERS! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the cure administered by loving friends and relatives without their knowledge in tea or coffee, and believe today that they discontinued drinking of their own free will. DO NOT WAIT. Do not be deluded by apparent and misleading "improvement." The HOME GOLD CURE is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One Dollar. Address: Dept. E 455 EDWIN B. GILES & CO. 2330 and 2332 Market St., Philadelphia.

All correspondence strictly confidential.

NOTICE FOR PUBLICATION.

United States Land Office, The Dalles, Oregon, Sept. 3, 1901.

Notice is hereby given that the following named settler has filed notice of intention to make final proof in support of his claim, and that said proof will be made before J. J. Smith, County Clerk, at Prineville, Oregon, on Thursday October 17, 1901, viz:

Ans P. Cole, of Culver, Oregon, H. E. No. 6953 for the NW 1/4 NW 1/4 Sec. 22 and W 1/2 NE 1/4 and NE 1/4 NE 1/4 Sec. 21, T. 13 S., R. 13 E., W. M.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz:

Charles E. Thompson and J. B. Merrill, of Culver, Oregon, David W. Barnett, of Hystack, Oregon, and Robert Johnson, of Lamona, Oregon.

Jay P. Lucas, Register.

"NERVE WASTE."

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."

The book is \$1.00, by mail, post-paid.

One of the most interesting chapters—chapter xx, on Nervines and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, THE PACIFIC PUB. CO., Box 2958, San Francisco, in plain sealed envelope.

Wool Rates.

The following wool rates for the present season, taking effect at once have been established:

Wool compressed in bales, carloads, minimum weight 24,000, from Shaniko to New York, Chicago, Boston, Hartford, Philadelphia, Baltimore, and points therein, \$1.40, per 100 pounds.

Wool in sacks, or bales, any quantity, from Shaniko to The Dalles, 30, cents per 100 pounds.

Wool in sacks, any quantity, from all stations on the Columbia Southern Railway to Shaniko 5 cents per 100 pounds.

C. E. Lytle, G. F. A.

Pullman Ordinary Sleepers.

The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what is technically called the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleeper, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing the kind to be furnished by the passenger. Each car has a stove for making coffee and tea and doing "light housekeeping," and each section can be fitted with an adjustable table. A uniform porter accompanies each car, his business being to make up berths, keep the car clean, and look after the comforts and wants of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car is attached to the "Chicago-Portland Special," which goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger. Much of the first class travel is being carried in these cars, the rates being lower, and the service being nearly equal to that in the palace sleepers.

For rates and full information, including folders, write to A. L. Craig, G. P. A., O. R. & N. Co. Portland, Ore.
