New Firm.

Mr. Elmer W. Kayler, who has for the past five years been working for E. H. Smith, our well known saddler, has purchased a half interest in the business, which is now one of the most substantial business houses in Crook county. Mr. Kayler, by his industry, thrift and frugality, has gained an interest in a lucrative and well established business. The firm will hereafter be known as Smith & Kayler.

That Newsom Creek Bridge.

We learn from reliable authority that the bridge known as the Newsom creek bridge across Crooked river is now completed and ready for travel. We learn further that the bridge is a No. 1 structure in every detail. This bridge completed out of new material entire, other than the long bolts, will cost the taxpayers of Crook county the sum of \$622. This does not look as predicted by a certain unnamed correspondent through the columns of our contemporary that somebody in authority would be a participant in a graft to the extent of five or six hundred dollars.

Max Lueddeman, editor of the Antelope Republican, was a business visitor last week.
