In Memoriam

Whereas, in view of the loss we have sustained by the decease of our friend and schoolmate, Bertha Wright, and of the still heavier loss sustained by those who were nearest and dearest to her. Therefore be it:

Resolved, That we tenderly condole with the family, and that it is but a just tribute to the memory of the departed to say that in regretting her removal from our midst we mourn for her who was in every way worthy of our respect and regard.

Resolved, That we deeply sympathize with the parents of the deceased on the dispensation with which it has pleased Divine Providence to afflict them and commend them for consolation to Him who orders all things for the best and

whose chastisements are meant in mercy.

Resolved, That we share with them the hope of a reunion in that better world where there are no partings, and bliss ineffable forbids a tear, and that this heartfelt testimonials of our sympathy and sorrow be forwarded to the parents of our departed friend, and a copy to each of the local papers of Prineville.

Warm Spring Warblings.

From our regular correspondent.

Beautiful weather yet prevails here but a little chilly of mornings.

Warren McCorkle lost two \$20 gold pieces here on Thanksgiving day and the Indian court could not

establish the guilt of any one, but some merchant may get a clew.

The Shakers, a kind of so-called Indian religion, is having a big revival here now and many converts.

The church and school are each to have a Christmas tree on Christmas eve, and the school mixes their's with an entertainment.

Wonder where ye county court intends for us Indians to vote, as we are in the county but no precinct, and we will be many, too.

Our blacksmith received a long petition the other day asking for his appointment as Umatilla Indian agent. The signers were from a to izzard.

Some men of irrigation fame are now mourning over money advanced to Indians for gloves that never came, so others may soon start out soliciting funds.

The best part of all the Agency Plains has been located by homesteaders, and even some sheep camps have been built on unsurveyed land expecting to hold them as of old.

Receive the Cold Shoulder.

Millionaire Shipbuilder Scott and wife, of San Francisco, are at Washington, D. C., but are receiving a cool reception from all officials and fashionable society. The President and Mrs. McKinley were entertained at Scott's home last spring, and after their departure a bill of \$3,000 was submitted to the San Francisco entertainment committee by Scott, which was paid. This is said to be the reason for the reception given them while there.
