Allen Land Owners.

One of the boasts in former times in this country was that nearly every citizen in the nation owned his own home, but conditions have materially changed of late. In the older states the citizen who owns his own home is rather the exception than the rule, and this condition of affairs is rapidly growing in the west. Every year statistics show that fewer people own their own homes, and the number of alien land owners is steadily increasing. No where is this condi-

tion probably more forcibly illustrated than in Harney county. Recently the Harney County Stockmen's Association, in a protest against the Millard land leasing bill, investigated the condition of land holdings in that county, and found the following conditions to exist:

"Harney county has an area of 10,504 miles, or 6,730,160 acres, of which the assessment roll for 1900 shows 671,493 acres to be deeded. The same shows that the Willamette Valley & Cascade Mountain

Wagon Road Company owns 254,755 acres; the French-Glenn Livestock Company, 142,071 acres, and Pacific Livestock Company 82,689 acres—a total of 449,616 acres, owned by three California corporations—nearly three-fourths of the deeded land of the county. Of the remainder the Oregon & California Land Company owns 18,481 acres; the Oregon Stock & Butchering Company, 20,232 acres; Hardin & Riley, 8621 acres, and the estate of J. Devine, 12,560 acres. This leaves but little over one-sixth of the deeded land of the county in the hands of farmers and stock raisers, of moderate means. All these landholders, with the exception of the Devine estate are corporations out of the state."

This is not a pleasant showing by any means. A county with 617,463 acres of deeded land, and five-sixths of it owned by corporations residing outside of the state, indicates that home owners are none too plentiful, that landlordism is gaining a strong foothold in this state. Naturally the question arises what is the remedy? It possibly would be impossible to deprive the present alien holders of title to their land, but it would be possible to prevent aliens from acquiring title in the future, by the enactment of a law requiring a would-be purchaser of land to become a resident of the state before he can acquire title to realty. And too there should be a limit to the amount of land that any individual or corporation, whether alien or resident can acquire title to.—Dalles Mountaineer.

The American Wool and Cotton Reporter says wool has not been in so strong a position statistically for four or five years as it is today. There is much less wool in the market than there was a year ago and consumption is unprecedented. The situation is regarded as a round and healthy one. It also reports a number of sales of Eastern Oregon wool in Boston; 65,000 pounds of No. 1 sold at 15 cents, equal to 44 cents clean. Another lot of 20,000 sold at 13 cents, equivalent to 44 cents clean. Some fine staple Oregon sold at 16 cents in the grease. Valley Oregon is quoted at 16 to 19 cents, but no sales reported.

BRIGHT'S DISEASE.

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable disease.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting a dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Co., 460 Montgomery St., S. F., Cal.

Pullman Ordinary Sleepers.

The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleeper, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making coffee and tea and doing "light housekeeping," and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths, keep the car clean, and look after the comforts and wants of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car is attached to the "Chicago Portland Special," which goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger. Much of the first class travel is being carried in these cars, the rates being lower, and the service being nearly equal to that in the palace sleepers.

For rates and full information, including orders, write to A. L. CRAIG, G. P. A., O. R. & N. Co. Portland, Ore.

THE NEW WAY

COMMON SENSE FOR WOMEN

Ladies Should Read of the Latest and Most Successful Importation from France.

All-Womankind May Possess Fair Skin, Bright Eyes, Strength and Hood Health.

So says Dr. LaBord, the famous French practitioner who has devoted his whole life to the study of women, and has won the highest distinction through his wonderfully successful practice among the first families of Paris.

WOMAN A HEROINE

WOMAN is a heroine, says the Doctor, and her remarkable endurance and ability to withstand the most trying ordeal of copious administration. She is a slave to the Natural modesty of her sex, which so often causes her to endure the greatest trials, and suffer in silence, rather than consult even her Family Physician, fearing to expose herself to necessary questioning and probably examination.

A LIFE STUDY

Recognizing this fact in his early practice, Dr. LaBord has, by years of study and close application, evolved an entirely new method of treatment for all ailments peculiar to women, which has met with unbounded success, and has Branch Offices, managed by skilled physicians under his personal supervision, now located in every large city in Europe. By his superior methods each patient receives, absolutely free of charge, full and detailed advice especially adapted to her case, thus avoiding all embarrassment or inconvenience, and as Dr. LaBord's remedies are put up in the form of small, dainty wafers, they are easily taken at any time or place, without attracting attention. This insures regularity in treatment which is most important to a cure, and generally impossible with liquid remedies.

Liquid remedies always contain a large proportion of alcohol, whiskey or other liquors, to preserve them from spoiling. Dr. LaBord's Wafers are a "dry medicine" and are positively free from intoxicants or narcotic drugs of any kind.

MODERN METHODS.

Dr. LaBord's greatest success has been achieved by the use of the "CARONIA WAFER." This is not a Patent Medicine, but a scientific preparation of "Vitumnin" or "CARONIA" (commonly known as Black Hawberry), and other well known herbs, whose curative properties have been known to herbalists for centuries. "Vitumnin," or "CARONIA," is recognized and prescribed by the leading physicians of the world as the best known specific for Female troubles. The extremely disagreeable taste of these drugs has been overcome by skillful manipulation, retaining however all of their virtues and strength, and these specifics have been so combined and prepared as to form a dainty wafer, easily taken, yet achieving the most accurate and certain cure for Female Weakness, Nervous Prostration, Painful and Suppressed Menstruation, Irregularity, Leucorrhoea or Whites, Sterility, Ulceration of the

Uterus, Change of life in Matron or Maid, Chronic Decline, Urinary Troubles, Nervous Debility, Profuse Flow, Threatened Miscarriage, Palpitation of the Heart, Pains in the Left Side, Cold Hands and Feet, Bearing Down Pains, Backache, Swagging of Breasts, Scalding of Urine, Scarciness of Breast, Neuralgia, Uterine Displacement, and all those symptoms which make the average woman's life so miserable. It makes child birth easy and SAVES DOCTORS' BILLS.

A VALUABLE FEATURE

"CARONIA WAFERS" have proven a blessing to thousands of suffering women who have been made well, strong and happy in a surprisingly short time by this wonderful treatment. They will not only cure the most obstinate cases, no matter how long neglected, but are also the only known remedy that can be absolutely relied upon to prevent those monthly recurrences of extreme pain and suffering, needlessly endured by so many of our women.

PURE AND EFFECTIVE

"Dr. LaBord's CARONIA WAFERS" are purely vegetable, containing no injurious chemicals or drugs, and are positively guaranteed to cure even the most neglected cases, if directions are carefully followed, and the medicine honestly taken.

This valuable remedy, "Dr. LaBord's CARONIA," is now on sale in America by the importing firm of Noyes-Fuller Company, who have contracted with Dr. LaBord for the exclusive agency of the United States. Consultation Departments, under the supervision of Dr. LaBord are maintained and special advice furnished absolutely free to all who take the treatment. Ladies ordering "CARONIA" are invited to write all about their particular case, in detail, and are assured the most sacred privacy as to their correspondence, as no testimonials or letters from ladies are ever published by us.

One box of "CARONIA WAFERS," containing a month's supply, will be sent, securely packed and prepaid to any address in the U. S. or Canada, on receipt of One Dollar, accompanied by the details of your case. Full and complete treatment, including all necessary medicines, and our written guarantee, Five Dollars payable in advance.

This charge covers all expenses, including free advice and full directions. There are no additional charges of any kind, thus placing the treatment within the reach of all.

A Fireman's Close call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Adanson & Winick Co. Price 50 cents.
