### SCHOOL COLUMN

A PAPER. Issued weekly for and by the V and VI Grades of the Public Schools of Prineville, Oregon.

STELLA HODGES.....Editor.  
LORA STEARNS.....Associate-Editor.

FRIDAY, MARCH 23, 1923.

Mrs. J. H. Wigle paid us a visit last Friday.

Bessie Wilson entered the sixth grade last week.

Viola Edwards entered the fourth grade last Monday.

We have finished written tests for this month and will be able to give the result next week.

Clarence Ferguson and his brother Lester have gone to their home on Bear creek, and do not expect to attend school any more this year.

Elva Dobbs and Ruby Cadle have gone to their homes on Ochoco. Elva will attend school in district No. 31 and Ruby the school in the Claypool district.

If the public school educates for good citizenship, it is not concerned so much with what the child learns as what he becomes.—Florida School Exponent.

Teachers and mothers should read good books to their boys, or see that they read them for themselves. This, of course, means time and trouble, but as great interests are at stake it is worth the sacrifice.—American Boy.

The following program was rendered at the meeting of the Wide Awake Society last Friday: Song by the school; Recitation, Sichel Hinkle; Select Reading, Hattie Bostwick; Duet, Celia Nelms and Beulah Crooks; Select Reading, Etta Prine; Recitation, Iora Ward; Song by the school; Select Reading, Elwood Draper; Violin Solo, Georgia Hodges; Recitation, Anna Salomon; Recitation, Randolph Ketchum; Recitation, James Elkins; Select Reading, Edgar Barnes; Recitation, Orren Lyons; Song, by the school.

The book or the article that makes us think is that which does us good. 'Tis not always the statement with which we are in full accord that is most helpful to us. What the teacher needs more than any one else is the broader vision, the more receptive and sympathetic mind. The tendency of the times is to read too much and think too little, or too superficially. The time wasted on the full reading of the daily paper is sufficient in quantity to give a thorough education.—Michigan School Moderator.

Any one can teach the bright boy or quiet, industrious, intelligent girl. Such pupils need little help from the teacher, save only that of occasional direction and encouragement. It is the dull, the slow, the idle, the mischievous ones that require attention and demand the exercise of patience, perseverance, ingenuity and the other powers and graces at one's command. The real teacher comes to the surface and to the front in times of trial, and when patience, cheerfulness and love are needed to keep her sweet and quiet. Teachers should not flinch or complain when difficulties, disappointments and discouragements come, for then it is they are on trial and their real ability is being tested. A poor teacher may succeed fairly

well where everything is running smoothly, but only the worthy can stand when unexpected and unforeseen difficulties arise. If you are able to help forward the dull and indolent and manage and direct in the right way the idle and vicious, you will find your services always in demand and may feel that you are fairly successful.—Missouri School Journal.

**A WORTHY SUCCESSOR.**  
"Something New Under the Sun."  
All doctors have tried to cure Catarrh by the use of powders, and gases, inhalers and drops in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membrane that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of CATARRH has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges and curing all inflammation. It is the only remedy that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES, THE GUARANTEED CATARRH CURE," and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment, and everything necessary to its perfect use.

"SNUFFLES" is the only correct CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD. CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is an ordinary remedy, but a complete treatment which is guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany every package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES," THE GUARANTEED CATARRH CURE.

Sent prepaid to any address in the United States or Canada on receipt of one dollar. Address Dept. E 485 EDWIN B. GILES & COMPANY, 2330 and 2332 Market St. Philadelphia.

**A Foolish Risk.**  
Why should any sane people think of giving up a known and certain good for the chance of obtaining a benefit unknown and uncertain? Many are the pleas that have been made for reciprocity, but in almost every case the pleader has been either an out and out Free-Trader or else a man who wishes Protection for his own industry but is willing to deny it to other Americans. There are conditions, of course, under which profitable reciprocity treaties could be made by the people of the United States, but it is hardly worth while to run the risk of endangering the Protective system by venturing upon them at this time.—San Francisco "Call."  
John T. Davis and his associates have discovered a mountain of arsenic in a range 50 miles southeast of Tacoma. This is claimed to be the first important body of arsenic ever found in America. The supply heretofore has come from Cornwall. The United States now imports nearly \$1,000,000 worth yearly.  
**Working 24 Hours a Day.**  
There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Adamson & Winnik Co.  
**Dissolution Notice.**  
Notice is hereby given that the firm of Collins & Davis is this day dissolved by mutual consent, J. W. Collins retiring. All bills will be paid by Arlington Davis, who will collect all accounts due the late firm.
