Republican/County Ticket.

County Judge,
W. C. WILLS, of Willow Creek.
County Clerk,
CAREY FOSTER, of Prineville.
Sheriff,
J. S. McMEEN, of Haystack.
Commissioner,
M. D. POWELL, of McKay.
Treasurer,
MARSH AUBREY, of Bend.
Assessor,
B. F. JOHNSON, of Mill Creek.
Surveyor,
C. A. GRAVES, of Montgomery.
Coroner,
J. L. McCULLOCH, of Prineville.

Our Ticket.

The ticket placed in the field by the republicans at the recent county convention is a very good one and from present appearance it bids fair to be elected in its entirety. While we are unable to give a write up in detail at this time it may be well for us to brush over lightly and see what it looks like.

W. C. Wills has served the people for the past four years and needs no introduction for his work shows for itself.

Carey Foster is a young man of sterling qualities and well and favorably known throughout the county and will receive the hearty support of the party and a large following among the democrats.

J. S. McMeen is well known among the residents of the county as a man of push and energy and of good business qualities and is well qualified for the office of sheriff.

M. D. Powell is one of the most progressive farmers of the county as well as a thorough business man and the welfare of the county will be well looked after while he is a commissioner.

Marsh Aubrey is too well known to need any introduction from us. He stands well in his own community.

B. F. Johnson is a native son of this county and all his interests are here. He will make a good assessor.

C. A. Graves has filled the office of surveyor faithfully in the past and will succeed himself.

J. L. McCulloch will fill the office of coroner with dignity and honor and should occasion arise will be able to fill the sheriffs office espably.

We see no reason why all republicans should not support the ticket and all democrats that are not satisfied with their candidates could do no better than to vote for the republicans.

Henry Watterson thinks that the Philippine issue is the only one for the democrats to use next time. Others are equally as strong for tariff reform, and Mr. Bryan nails his flag to the popular election of senators. At the present rate there will be as many issues as fissures in the democratic party.

Our success last fall was enormous. Everybody satisfied. If you want a suit made to order give us a trial. You will also be satisfied. See Bee Hive.

The fact that we have some fine timber is becoming known on the outside and it would not belong until it was all taken up if our people were only as wide awake as those in some parts of western Oregon where the local people have taken the timber land and hold it for sale. There are persons in this county that could easily take a quarter section of this timber land and hold it a year or so and make more money out of it than they will at anything else they can do.

A large number of inquiries are coming in regarding the climate and resources of this county. It is hard to answer all the questions in detail by letters, but we are doing the best we can to advertise the county and get a desirable class of immigrants here. The question is not how many, but how good? Crook county has ample room for two thousand families without cramping those who are here and next year we could add another thousand.

Frank Hardman, who is a clerk of the state land board, took a voluntary layoff to attend the Linn county primaries and in consequence will get fired. Geer seems to think that Frank was detrimental to his interests and would not grant him a leave of absence. When a man has a good thing he had better stay with it and not go trotting around after a better thing when it is doubtful if he gets it.

From the siege of Troy to the occupation of Pekin the historian has not had to vary his comment on the "rapine of licentious soldiery." There is a different commentary for the United States' occupation of her new possessions. Witness Havana with 21,252 deaths the year before our troops went there, a rate that decreased to 8,153 under the first year of our regime and now dropped to 5,000.

With the first of this month the trout season is open and as we have the finest fishing of that kind in the world we may expect some of the lovers of the sport from abroad to take advantage of it this summer. A strict watch should be kept that no saw dust is allowed to be dumped in any of the streams of this county. A heavy fine is provided for violation of the law, an extract from which will be found on another page.
