THURSDAY, MAY 1, 1902.

Vote for Carey Foster for clerk and you will be placing a competent and deserving young man in office and one who will fill the place ably and with profit to the people of this county. He is thoroughly competent and skilled in the art of bookkeeping, which is a necessary adjunct to the office so that the records of the county may be kept in such manner as not to entail endless litigation which will cost the county a large amount of money as well as lose some valuable opportunities.

Brother Liggott thinks that we were sore about not getting to go out in a carriage to welcome Williamson, but he is mistaken. We are not seeking office nor notoriety of the cheap kind. Sufficient unto the day is the evil thereof and so long as we keep getting a good lot of business and still run the best paper that Crook county ever had we are content. If he will glance over the columns of the

JOURNAL this week he will readily see where those double eagles came from.

A man should exercise a little judgement in politics as well as business affairs. All those who would like to have an office cannot be accommodated as there are not offices enough to go round. If some of those who are continuously hunting an office expect ever to get one they will have to quit the habit of working against the ticket when they do not get a nomination. This applies to all political organizations alike.

Vote the republican ticket and for a continuance of the present economic administration of the affairs of the county. A county out of debt is something to be proud of. How many counties of the state under democratic rule that are out of debt?

Register! Register!! This the one important factor in our latter day politics that is apt to be neglected. The 15 of this month ends the time for registration and there are some that will have to hurry if they get their names on the registration book.

Mr. J. R. Whitney is a son of an old and highly respected family of Oregon, his father being a pioneer preacher. His record in business and political life shows him to be a man of honesty and integrity. If elected State Printer the state will find him an efficient and economical officer.—Statesman.

That Cum Tux article seems to be the stock in trade of some of the democrats, but let them read on another page from a genuine Indian, one who is not afraid to make his statement over his own name.

It will be a three-cornered race for county treasurer. J. N. Poin-dexter has filed his petition and will be an independent candidate, with Marsh Aubrey, republican, and H. M. Bell, democrat.

Campaign lies are floating around with the same old regularity and we may expect almost anything to be sprung on the people.

Judge Wills will be elected and so will Mark Powell and the county finances will still be administered in an economical manner.
